

OFFICERS FOR DIOCESAN W.A. ARE ANNOUNCED

Date of Next Annual Meeting Left With Executive For Decision

LAST OF SESSIONS
THIS AFTERNOON

Bishop Speaks of Relation to
Homes For Women
and Girls

New officers elected for the Diocesan Women's Auxiliary are Mrs. C. G. Lawrence, second vice president; Mrs. W. P. Dunham, of Hampton, third vice-president; Mrs. R. Downing Park, secretary "Little Helpers"; Mrs. James F. Robertson remains president, as stated yesterday. Other officers are as last year. Announcement of election results was made this afternoon by Mrs. J. R. Harrison, retiring second vice-president.

MORNING SESSION

It was decided at this morning's session to leave the fixing of the date of the annual meeting in the hands of the executive.

A short religious service, consisting of hymns, prayer and a Bible reading by Mrs. Hibbard of Rethby, opened this morning's session. This was followed by an interesting report on Chinese work by Mrs. A. M. Woodman. She said that the Chinese, Christian general, was considered the "Moses" of China. According to one missionary, the greatest evil of China was opium. The sum of \$20, donated every year by Mrs. Briggstock, of England, was then voted for Chinese work.

NEW BRANCHES

Mrs. W. D. Foster, organizing and visiting secretary, presented her report, showing four new senior and nine new junior branches organized during the last year. The new senior branches were at Norton Station, Minto, Penfield and Campbellton. She also spoke of the W. A. silver badge and said 265 had been sold. She thanked the delegates for the hospitality shown on her visits.

The report of the Minto branch was read by Mrs. Cortlandt Robinson, in the absence of Miss E. S. Scoville, who is on the way to England. It showed that grants made amounted to \$1,320, while income from the fund was \$825, to which was added \$17.50 of \$72.50 in life membership fees. The capital fund now was \$16,871.25. The use of this fund was for the care of families of clergy. Names of deceased members were read, and also the roll of names. The speaker made a strong appeal for contributions to the fund.

Miss Sedgwick, as secretary of the Prayer Partner work, gave her report, in which she told of the need of prayer.

BISHOP SPEAKS

The lack of relation of the Women's Auxiliary with the Interprovincial Home for Women, at Moncton, and the Maritime home for girls at Truro, was drawn to the attention of the meeting by Bishop Richardson, who said that the Church of England had a share in the responsibility of these homes and it was not fully implementing its undertakings. The other churches had done their share.

This question will be discussed later. The matter of the date of the annual meeting was then discussed, but no town delegate wanting it in the fall of the year. After considerable discussion, on motion of Miss Edith Skinner, it was decided to leave the matter in the hands of the executive.

MORE BRANCH REPORTS

Branch reports were received from the girls' branch of St. George's church at McAdam, which showed receipts of \$106.00 and expenditures of \$108.51; from the Fredericton cathedral girls' branch, showing receipts of \$88.52, and Greenwich Women's branch. The Hampton Women's branch report showed much activity with receipts, \$80.12, and expenditures, \$20.61.

The noonday address was given by Archbishop A. H. Crowfoot and was a strong exhortation to renew contact with the Divine.

Luncheon was served by ladies of the Mission church, St. Luke's, St. Jude's and Good Shepherd, Parrville. Conveners were: St. Luke's, Mrs. Leslie Mowry; St. Jude's, Mrs. E. R. Taylor; Good Shepherd, Mrs. F. J. Leffoy. The general convenor was Mrs. C. P. Francis.

The meetings will be brought to a conclusion this afternoon.

N. S. REORGANIZING FOREST SERVICE

New Protective Measures Costing \$60,000 Annually to Be Adopted

HALIFAX, N. S., April 29.—The work of reorganizing the new forest protective service in this province, will be proceeded with at once, according to a statement made last night by Hon. J. C. Douglas, attorney general and Minister of Lands and Forests. The new service was provided for in legislation which passed the legislature at the recent session and, as the spring forest fire season is near at hand, it is the purpose of the department, the minister states, to proceed now to adopt the new protective measures. It is estimated that the new service will cost about \$60,000 annually and the funds for the maintenance of the organization will be provided by a fire tax of three quarters of a cent per acre to be paid by the holders of forest lands in the province.

MANY CHANGING CITY ABODES AS MAY 1 ARRIVES

Trucking Concerns Very
Busy—Some Tenants
Cause Hold-up

The annual moving rush is now on, and the trucking and moving companies in the city are swamped with business. It was said today. At one office it was reported the rush started on Tuesday this year, which was considerably later than last season. This firm had been booked up solid for Saturday, and had been turning away business. The bookings began in February.

It is said that there are more people moving this year than last, but no general migration to summer cottages in the country has as yet taken place owing to the late opening of the roads. Some that contemplate going to the country are storing their belongings until such time as the roads are open for traffic.

SOME CAUSE HOLD-UP.

Some tenants who are moving are not working in close harmony, it was learned. As a matter of course, those leaving generally permit the new tenants to bring in goods before the legal date, but sometimes someone forces strict adherence to the law, which does not permit a tenant to enter until noon on May 1. Then a hold-up all along the line occurs.

One case cited was that of one woman who would not extend any privileges to the incoming tenant, because, it was said, the newcomer would not purchase her dining room suite. Another, it was reported, owing to friction with the landlord, although vacating the premises before May 1, would not permit the newcomer to put in any goods until noon on that day.

A considerable amount of moving will take place next week, chiefly those who were not forced to vacate on May 1.

Sir Richard had already been fined \$4,000 on judgments handed down in November 1926 on similar charges. The fine imposed today was for having omitted since that date to file returns.

BRITISH MIGRATION TO CANADA LOWER

Total For 1925 Shows Decrease
of 7,003 Compared With
1924

British United Press.
LONDON, April 29.—Immigration from Britain to Canada shows a startling decline during the past year, according to the figures which will be published. Whereas, in 1923, the emigration to Canada exceeded the 200,000 mark last year, the total was only 84,238 in 1925 as compared with 91,232 in 1924. It is believed, however, that the recent granting of the cheap fares will give a stimulus to emigration this year, but the starting point of last year's figures has directed renewed attention to the whole problem.
