### BASEBALL

**Civic Club Organize.**  
A civic baseball club made up of members of the several civic departments was formed recently. It is hoped that this organization in time will branch out into other departments of athletics. The immediate object of the club, however, is to put a ball team on the diamond during the coming season to represent the employees. The team will be entered in one of the city amateur leagues, according to the present intention. A collection is now being taken up to provide money for gloves, bats, and other paraphernalia for the players and it is hoped that later the club may be able to raise money enough to put the team to uniforms.

The officers of the club are as follows: Honorary president, Mayor H. McLean; president, George McKinnon; first vice-president, C. G. Price; second vice-president, Albert Kirkpatrick; secretary, William Blair; treasurer, Latham; field manager, H. D. Needham, and captain of baseball team, James Alcorn.

The collectors report good progress and it is hoped that by next Monday evening's meeting sufficient funds will have been collected to enable the club to go ahead with its arrangements.

**Japan Adopting Baseball.**  
St. Louis, May 2.—Japan is rapidly adopting the American sport of baseball, according to Herbert H. Hunter, member St. Louis National player, who returned after his second year of "missionary" work in Japan, where he coached the teams of Waseda and Keio universities at Tokyo. Hunter said that the Japanese are eager to catch up with their national sport, are making efforts to form a professional baseball league. In Japan, he said, baseball coaching is done in the language. "It is very amusing," he said, "to hear the catcher encouraging pitcher to 'knock this bird off,' or using one of his fellow-players to 'knock that old apple.'"

**Record Marriages by Moro Priests.**  
Manila, P. I., May 2.—Gov. Gen. Wood as instructed the Department of Justice to record all marriage ceremonies performed by Moro priests and other persons belonging to non-Christian tribes. The recent decision of the Philippine Supreme Court holding that a marriage ceremony performed by a Moro priest is legal, asserting that Mohammedanism is a religious denomination within the meaning of the law, necessitates the record, so the Governor General said.

**Will Not Be With Independents.**  
Frederickton, N. B., May 2.—The Assiniboia and Boating Club last night elected by an overwhelming vote not to name a representative on the management committee of the Frederickton Independent Baseball Club, promoted by the Damon Club of this city. Dr. A. Sterling, president of the N. B. A. and P. E. I. Amateur Hockey Association, advised the meeting that if they accepted the invitation to name a representative it would bar the A. and B. Club from holding amateur water sports, including swimming races and wing events, which the club undertook to revive last season.

Frederickton, N. B., May 2.—What was practically the first preparation for the annual track sports day of the U. N. B. on May 16, was carried out yesterday afternoon, when the sophomore team won a mile race. Prospects of an inter-collegiate track meet are said to be somewhat indefinite. Acadia is said to be quite anxious to enter such a meet, while a sporting writer in the Gleaner today says that U. N. B. is hampered by field worries which will decide their attitude more or less. It is believed that Mt. Allison would be willing to enter such a meet of the other colleges.

**Word was received yesterday that the local Y. M. C. A. juniors had won the class "B" hexathlon for Canada. The international title was won by the Y. M. C. A. boys in Charlotte, N. C.**

Light refreshments were served and the evening greatly enjoyed.

**BANS ESTHETIC DANCE.**  
Chairman of Montclair Y. M. C. A. Circus Objects to Young Girl's Act.

Montclair, N. J., May 2.—There was to have been an esthetic dancing act at the Montclair Y. M. C. A. circus recently, but this was eliminated. Fear on the part of the general chairman of the circus committee that such an exhibition would interfere with the character building work of the association caused the action.

The girl, about fourteen years old, and a member of one of the town's dancing classes, was booked several weeks ago for the affair, but William J. Harris, chairman of the committee and a member of the physical department committee, objected without waiting to see the act.

**Burglars Leave Business Card.**  
New York, May 2.—Two factious burglars entered the home of M. Sturtz, a jewelry insurance broker at 201 West 111th street, and after taking everything of value they could find left their business card. Needless to say the card bore no address or telephone number.

Mrs. Sturtz left the apartment for a few minutes. As she descended the stairs the burglars came up a dumb-waiter. They locked the apartment door from the inside, also the windows, and then rifled bureau drawers and closets, taking considerable jewelry and clothing.

"Expert Crooks" was printed across the center in large letters. In the upper left hand corner Mrs. Sturtz read: "Services at reasonable rates." In a lower corner was this: "Specialties:

Pocketpicking, film-flaming, second story work, sand-bagging, black-jacking and robbing babies' banks a specialty."

A toy safe belonging to 8-year-old Josephine Sturtz was broken open and its contents removed.
