CANDIDATES FOR U. S. PRESIDENCY

WADDOO WILL BE PLACED IN THE NOMINATION

Friends Abandon Effort to Strike Out Name

Sine on the List — Three-Cornered Fight May Develop Early But 'Dark Horse' Talk is Persistent as Balloting Time Approaches

San Francisco, June 30.—Stuffed for action, the democratic national convention today decided in the absence of a presidential nominee. With all nominating addresses restricted to twenty minutes and speaking time limited to five, and limited to not more than three in number to a candidate, each of the possibilities had not more than ten minutes for full description of his merits and capacity for the highest office in the United States.

Speakers were on the program nominating Wm. G. McAdoo, Attorney-General, Palmer, Governor, Gov. of Ohio, Warren Homer S. Cummings of the executive national committee; Governor Edward J. Bruce of New Jersey; Senator Frank B. Rowland of North Carolina; James W. Greer, former United States ambassador to Germany; Senator Owen Brewster of Ohio and John W. Davis, United States ambassador to Great Britain.

At the eleventh hour, friends of Wm. G. McAdoo abandoned efforts to appear in the list of candidates in formal nomination. Dr. Hearn, chairman of the committee, will deliver the nominating speech. The total McAdoo strength on the first ballot, according to the latest estimates, will approximate 800 votes.

This time the McAdoo men said, they suffered only one defection. The Maryland delegation, which had been counted in their column, will cast its vote for John W. Davis, according to information today. The McAdoo supporters said they expect Maryland voters to return to their after a few ballots.

Both the Cox and Palmer forces view the Cox force with satisfaction. The McAdoo force, which is threatening to withdraw from the contest, will make the nomination of Davis a virtual certainty.

Palmer headquarters, in a formal statement that the attorney general's position was stronger than it has ever been, announced that his forces were intact and claimed votes in the convention which would be elected on the first ballot because they would be cast for favorite sons and come to the Palmer column later.

Cox forces, professionally undisturbed by the wet and dry argument which has ranged around the candidate, are expected to be in a position to start the balloting.

Despite the promise that the convention would bring a big three at the outset, dark horse talk was never absent. It is at the moment the candidates are about to be placed in nomination. The name of Cox is being marshaled, John W. Davis and Homer S. Cummings, chairman of the Democratic national committee, were being discussed, and delegates were taking into consideration that each of the big three could prevent the others from getting a third vote.

Senator Joseph T. Robinson of Arkansas was accepted as permanent chairman. The night session of the committee room was kept in almost constant uproar with an argument on the Irish question.

San Francisco, June 30.—The democratic platform still was in embryonic stage today but with prospects of presentation tomorrow. Although many minor planks had been virtually settled, planks remained unsettled when the committee reconvened this morning.

The League of Nations and prohibition remained the big barriers to agreement. Adjustment of the league question, however, was said to be in a fair way to realization. On prohibition the sub-committee remained largely at sea. All suggestions for a wet plank which would declare for repeal of the eighteenth amendment or annulment of the Volstead law were said to have been virtually thrown overboard by last night's vote in the sub-committee, but the fight for a "beer and wine" plank on one hand and some sort of a prohibition declaration on the other was reported to be in progress.

Secretary of State Coby, according to reports was said to be favoring a beer and wine provision. The report was recorded significant because of Mr. Coby's recent conference with President Wilson.

BOY GOES AFTER HIS WATER WINGS; DROWNED
Meriden, Conn., June 30.—Louis Cantor, aged 12, was drowned yesterday afternoon while bathing in a pond here with his younger brother and a companion. None of the boys could swim. A pair of water wings belonging to young Cantor were blown into the water and he, not realizing the depth, jumped in after the wings.

PROTEST INCREASE IN INDEMNITY FOR M.P.'s
Kingston, Ont., June 30.—The Kingston branch of the Army and Navy Veterans Association has passed a resolution protesting against the increased indemnity in the dominion parliament as an unwarranted application of public funds to private use.
