### 290 INSANE ALIENS SENT HOME IN YEAR

**New York State Hospital Commission Caused Deportation of 143, According to Report.**

During last year 290 insane aliens were sent from New York State institutions to countries from which they came. The immigration authorities deported 147, and 143 were sent back at the instance of Dr. Spencer L. Dawes, medical examiner of the New York State Hospital Commission.

The foregoing figures were taken from the annual reports of the Ellis Island Immigration Station and the New York State Hospital Commission for the year ended June 30, 1920. A year ago there were 800 deportable insane aliens in the asylums of the State, but this number was reduced to about 500.

The reports, which will be issued later, will show that there are 80,000 insane persons in State institutions. There is now room for only 28,000 in the hospitals and sanitariums "for the proper care and treatment of the victims of insanity," it is said. Forty-eight per cent of the insane in this State, or about 15,000, are foreign-born. Both parents of 60 per cent of the State's insane are of foreign birth. Seventy-one per cent had one parent of foreign birth. Of the 17,000 foreign-born insane in New York State institutions, all except about 800 are not deportable, having been in the country longer than the five-year limit for deportation proceedings.

In addition to the task of deporting their alien inmates the State Hospital Commission has been active during the last year sending back to other States insane persons who have fallen victims of insanity here and were confined in our State institutions. During the year we have removed 414 of these insane persons from New York State hospitals to the States from which they came. Some of them were aliens, some were citizens, but all were residents of the States to which they were sent. We have encountered a little difficulty in getting the States to take back their inmates, with the exception of the State of Connecticut. We have written agreements with Massachusetts, Ohio, Illinois, Wisconsin, Iowa, Washington and several other States. We not infrequently send parties of insane persons across the continent to the Pacific Coast.

The last shipment consisted of eleven insane persons. "The Ellis Island Immigration Station is not to blame for New York having so many insane aliens who are no longer in the State," Commissioner Wallis, Mr. Uhl and Superintendent Baker have been anxious to aid us, but they have not had sufficient appropriations from Congress to do all they wanted. We believe all the States should unite in asking Congress for a larger appropriation for the immigration authorities so that the country might be freed from this great burden of caring for the thousands of insane aliens who become afflicted after their landing here."

**Senator Douglas Dead.**  
Calgary, Aug. 20.—A private despatch received here last night reports the death of Senator J. M. Douglas at his country home at Tantalus, Sask.
