DEATHS

Rev. B. W. R. Taylor.
In the life of Rev. B. W. R. Taylor, D.D., D.C.L., of St. George's church, Schenectady, New York, who died last week, there is a story of a struggle against gigantic difficulties. Dr. Taylor was born in British Guiana, son of an Anglican missionary, and he saw no white people except his parents until he was ten years old, when his parents died. He worked his way through college, and he received the degree of D.C.L. from his Alma mater a few years later.

Dr. Taylor's wife was Miss Jean L. Riddle, a sister of Mrs. George Nixon, of this city. Both have visited here many times, and have many friends here, although Dr. Taylor was always stationed in the parishes in the United States. He was in two churches in Southern California, and came to New York where he was rector of St. George's, Schenectady, for nearly 20 years.

He became an author of such repute, especially on religious questions, that he was elected to the Authors' Club, of London, England, last October, taking a place with men such as Hall Caine, Sir Gilbert Parker and many others of similar fame. He received the degree of D.D. from Union College, Schenectady, a few years ago. He was 63 years of age and a great worker among the poor. He received a glowing tribute from the Mayor of his city because of his interest in the parks and playgrounds for the children and working people. He was a man of great courage and determination. He died last week after an illness of only one week.

Mrs. Elizabeth Marshall Miller.
A former resident of this city, well known and highly esteemed, Mrs. Elizabeth Marshall Miller, died yesterday at New Glasgow, where in her 84th year she has been making her home with her daughter, Mrs. (Dr.) Hector McKay. Both of her daughters, Mrs. McKay and Miss Nan Miller, were with her at the time of her death. Mrs. Miller was the widow of Alexander Marshall, a sister of the late John B. Marshall, and many who remember her in this city knew of her musical ability and her popularity with the members of St. David's church, where she was

Whose Fault If the Child is Delicate?

The success of your child's future is largely dependent upon its present health. The time to work for its health is while it is young—during the growing age. Give a boy or girl health as a foundation and their future is fairly well assured. Isn't delicate health in children sometimes the result of unintentional neglect? Parents often dismiss these troubles with the remark, "They will be all right tomorrow." Drowsiness, weakness, lack of energy, loss of appetite, inability to study and concentrate, etc., in children are due to ill-health. Usually what the child, boy or girl, needs is a tonic. Carnol has worked wonders as a tonic with children. Read what Carnol did for Mrs. Ida Waite's little girl:

"I am very glad to be able to speak to any parent and explain to them that my little girl has been completely restored to health by the use of Carnol. She has been from infancy a weak, delicate child and very nervous, but the use of Carnol has not only completely strengthened her, but restored her to perfect health. I recommend Carnol to all mothers whenever a safe and effective tonic is needed."—Mrs. Ida Waite, 5 Summit Street, Halifax. 16-9

Carnol is sold by all good druggists everywhere.

Laxatives do not overcome constipation

LAXATIVES and cathartics provide temporary relief only, at the expense of permanent injury. In time, says an eminent physician, an almost incalculable amount of harm is done by the use of pills, salts, mineral waters, castor oil and the like.

Some laxatives, according to an intestinal specialist, contain poisons which affect the stomach and intestines, resulting in grave disorders. Certain laxatives are a direct cause of pills.

Physicians Advise Lubrication for Internal Cleanliness. Medical science, through knowledge of the intestinal tract gained by X-ray ob-

ervation, has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus Nujol brings internal cleanliness.

Not a Medicine

Nujol is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative and cannot gripe. Like pure water it is harmless.

Get rid of constipation and avoid disease by adopting the habit of internal cleanliness. Take Nujol as regularly as you brush your teeth or wash your face. For sale by all druggists.
