Los Angeles, Aug. 13.—A settlement of the bollermakers' strike on the Pacific division of the Harriman roads, which threatened to extend to all systems in which Harriman is interested, is believed to be a matter of a few hours. A telegram received last night from the general superintendent of Mrs. Goold wises first name is Violet.

Goold made his confession to the examining magistrate. He related coolly all the details of the horrible crime. He alone had slain the woman, he declared, and it was he who cut up her body, although his wife helped him pack it away in their baggage. After this had been done they both agreed to journey to Marselles, where they planned to cast the body into the sea.
