UNION OF CANADIAN BAPTISTS DISCUSSED

Warm Debate in Convention---No Action

Convention Strongly Ad-
vocates the Founding of
Maritime Technical Col-
lege.

WOLFVILLE, N. S., Aug. 26.—The first business of the Maritime Baptist Convention on Monday morning was a report embodying a resolution respecting a union between the Baptists and the United Baptists of the Maritime Provinces.

The said resolution was passed at a meeting of the joint committees of the two bodies held in St. John, Aug. 16th, 1907.

Thereafter resolved, That we recommend our respective conventions to appoint a standing committee on union to consist of twelve members from the United Baptists and twelve from the Disciples of Christ, and that the committee hold its first session some time between Aug. 29th and 31st, 1907, at Tiverton, N. S., with a view to considering a plan for the union of the two bodies.

The motion was adopted. Hon. Geo. E. Foster is a delegate to the convention and took part in several of the discussions.

3. The James Burgess fund, viz: One share of Avon Marine Insurance Company stock. Dividend used in general work.

4. The Joseph Lynds fund, \$100.

The income of this fund is paid annually to the Annapolis Baptist Church, Colchester Co.

A discussion took place in reference to educating young negroes to the work of the Christian ministry. A fund was started at the convention and about \$30 was contributed. Hon. George E. Foster was added to the committee on the resolution.

Three new governors were elected to the college. N. D. Pryor, G. E. Burton, and Judge F. W. Emerson.

The convention sermon next year is to be preached by Dr. J. W. Porter.

An unusually large number of ministers and influential laymen have held during the year. The report of education mentioned Revs. Wm. Devore, F. T. Davidson, Dr. Morse, Stephen March, David McKean, John Goucher, W. G. Corey, A. W. Sawyer, Jas. McIntyre, A. J. Macdonald, Wm. A. Dumas, of Halifax, architect, Wm. Cummings, one of the governors of Acadia, and John Moser.

After the report was read prayer was offered by Dr. McLeod for the families.

At the afternoon meeting the report of the joint committee on the Baptist union of Canada was taken up. This report recommends that the Baptists of Canada unite the work in five great boards, viz: Foreign Missions, Canadian Missions, Grand Ligon Mission, Sunday School and Publication Board. That there be one great convention held at such times as the union may decide.

Dr. Norton and Dr. Brown, representing the Ontario and Quebec convention, and Rev. C. W. Corey and Rev. G. P. Freeman, representing Manitoba and the Northwest, were welcomed to the convention and spoke strongly in favor of the union proposed. The debate on union was rather warm. Rev. D. Hutchinson spoke strongly in favor of union. He claimed it would be economical and urged patriotic reasons. He asserted that it would be to the interests of Foreign Missions, and said practically all the missionaries in India were favorable.

Dr. McIntyre spoke of home missions in New Brunswick. As an encouragement he cited the case of the Campbellton church, not many years ago a little mission church, today a church of 275 members and giving generously to the work of the denomination.

He was followed by Dr. Gates who spoke of his pleasure in coming home again. He made a strong appeal for the work of the Grand Ligon.

Rev. W. C. Corey, the last speaker, pictured the needs of the great and growing northwest.

RUMORED THAT FOY IS GOING OUT

Toronto Star Says That W. J. Hanna
Will Succeed Him, Downey Taking
Hanna's Place

TORONTO, Aug. 26.—Parham Village was saved from destruction from brush fires by rain yesterday. The people had fought the fire continuously for forty-eight hours and were exhausted.

The Toronto Star reports that attorney general Foy will retire from the Ontario government and that W. J. Hanna will become attorney general, and J. P. Downey, M.P.P., of Guelph, will succeed him as provincial secretary.

William J. Noble was killed at Brantford today. He was working on an electric line, slipped and touched live wires. A big celebration took place at Guelph today when the opening of the Guelph and Goderich branch of the C. P. R. took place and the first train left for Toronto.

Negotiations have been completed for the purpose of the John Knox whole-sale drygoods house at Hamilton, by Gordon MacKay Co., of this city. The price is said to be in the neighborhood of \$100,000.

T. P. Hickey and Chas. Murray, two candidates convicted by the international convention of boot and shoe workers of fraud and corruption at the last general election, were sentenced this morning by a vote of 137 to 107 to suspend from holding any general office, either elective or appointive.

Some of the delegates wished to expel the men entirely from the union, but the motion was finally amended to read as given. They may retain membership in local unions.

Bishop Reeve of MacKenzie River, who was appointed assistant to the Archbishop of Toronto, has arrived in the city from the West.

Dr. Manning vehemently opposed the union. He held it would be detrimental to the work of Foreign Missions. It would break up the Maritime convention. The union was neither feasible nor practical. He was in favor of co-operative union, rather than organic union.

Principal DeWolfe called the attention of the convention to the fact that no reference is made in the report to education. If we are to enlarge our work in Canada, it is imperative that we enlarge our educational work as well.

Dr. McIntyre said he went on the joint committee with hesitation, but he came away enthusiastic. He spoke of the policy of keeping up two Foreign Mission boards. A convention of all the Baptists of Canada would speak with greater authority. He also thought that one degree conferring institution would exert a greater influence.

Rev. Rufus Sanford was of the opinion that union was bound to come. Rev. E. A. McAfee was of the opinion that the question of union should be submitted to the individual churches. It was decided on motion to take the matter up again on Tuesday morning.

At the evening session Hon. George E. Foster, on behalf of the committee on resolutions, submitted the following, which was adopted:

"That the United Baptist Convention, assembled at Wolfville, representing a membership of 64,000 and a population of 180,000, strongly deprecate the establishment of a college for technical education in Halifax in close proximity to one of our existing universities, believing as it does with the aid of the governors of Acadia College that the work would be more successful if the college in connection therewith was located in a university town, and under conditions that would permit the co-operation of all the colleges on fair and equal terms. That this convention most earnestly endorses the resolution of the Maritime Board of Trade, recently passed at its meeting, and that it is resolved to the establishment of one central technical college for the Maritime Provinces."

The report on Northwest missions was submitted by Rev. G. R. White. He showed that during the past year sixty new mission stations had been opened, 20 new churches organized, 500 converts baptized, 1,152 new mission halls were added to churches, and 34 new church buildings were erected. All this at the expense of fifty thousand dollars. Ten thousand dollars is expected this year from the Baptists of the Maritime Provinces for work in the Northwest.

The report on the Grand Ligon mission showed an attendance of 200 at the Feller Institute. During the past year 20 students have professed conversion. \$2,258 was contributed this year for the work by the Baptists of the Maritime Provinces.

The public platform meeting at 8 p. m. was addressed by Rev. I. W. Porter, who spoke on Home Missions in Nova Scotia and P. E. I. In graphic language he pictured the difficulties and hardships of the home mission fields and appealed for men to take up the work.

Dr. McIntyre spoke of home missions in New Brunswick. As an encouragement he cited the case of the Campbellton church, not many years ago a little mission church, today a church of 275 members and giving generously to the work of the denomination.

He was followed by Dr. Gates who spoke of his pleasure in coming home again. He made a strong appeal for the work of the Grand Ligon.

Rev. W. C. Corey, the last speaker, pictured the needs of the great and growing northwest.

DR. ATHERTON IS OVER HIS HUFF

Withdraws His Resignation at Meeting
of Trustees of Victoria Hospital
Last Night

FREDERICTON, Aug. 27.—Dr. Atherton, Fredericton's well known physician, has tendered his resignation as a member of the medical staff of the Victoria Hospital. The resignation was caused by the action of the board of trustees in respect to the anthrax patient, Bliss Randall, who was Dr. Atherton's private patient. Randall was brought to the hospital some days ago. The board at a meeting ordered the strictest isolation.

Dr. Atherton claims that his patient was being especially cared for and that the trustees had no right to interfere. "I claim," says the doctor this morning, "to be able to look after my private patients and when I am not allowed to do that, I decided I had better get out."

On Saturday Dr. Atherton got permission from Dr. Fisher, secretary of the Provincial Board of Health, to allow the patient to leave the hospital. Randall left the institution and took the Saturday afternoon boat for his home in Gagetown.

Victoria Hospital trustees this evening held a session, with Dr. Atherton regarding the latter's resignation from the medical staff. The matter was discussed at length and the trustees agreed that Dr. Atherton should not discriminate in his action with regard to the anthrax case, and passed a resolution to this effect. Dr. Atherton withdrew his resignation, and the meeting ended amicably to all parties. Dr. Atherton will remain a member of the medical staff.

The Grand Lodge of Knights of Pythias for the Maritime Provinces will convene here tomorrow morning at ten o'clock. The evening train brought a large number of the brethren to the city. Fowler Lodge, headed by the 11st Battalion Band, met the delegates on the platform and escorted them to the hotel. In the afternoon the Knights will be welcomed to the city by Mayor McLeod. Among those who arrived this evening are the following: S. W. Macdonald, L. V. Price, R. A. Watson, F. A. Klinear, A. L. Dodge, L. H. Wilson, W. A. Stewart, James Moulton, H. N. Dearborn, St. John; Leonard MacKay, J. H. Williams, Chas. MacDonald, Chatham; H. J. Hunter, H. S. Tarr, S. J. Sprinckell; S. J. Soley, G. A. Bates, J. W. Cochran, Fox River, N. S.; H. B. Wheaton, E. E. Nichols, E. W. Woodworth, Parrsboro; R. E. Lorrimer, R. Launders, Westville, N. S.; Harry James, St. John, and E. Chandler, Charlottetown, P. E. I.

The freemen's festival at Scully's Grove this evening was well attended and passed off successfully.

FIREMEN INHALED POISONOUS SMOKE

NEW YORK, Aug. 26.—Five firemen are in a hospital tonight in a serious condition as the result of inhaling poisonous smoke at a fire this morning in Hagan & Co.'s warehouse on Washington street.

Quantities of aniline salts, used for making dyes, were stored in the building and burned fiercely, throwing off volumes of poisonous smoke. Time and again the firemen who were on the roof of the building fighting the fire were obliged to withdraw and signs and passwords for the association. We also expect discussion about the readjustment of the rates."

The law committee held two meetings yesterday.

"The great question to be discussed," said J. J. Benan, of Kingston, the grand secretary, "is the admission of motion pictures and the adoption of a new system whereby each province will have a convention of its own and nominate a small number of delegates to attend the subsequent Dominion convention. This question is being mooted with a view of lessening expenses of the Grand Council."

"It will also be proposed to adopt signs and passwords for the association. We also expect discussion about the readjustment of the rates."

Good Pictures at Nickel

That the people of St. John thoroughly enjoy the clean, wholesome entertainment put on at the Nickel was evidenced beyond the shadow of a doubt by the exceedingly generous patronage extended this popular house of motion pictures last evening. Peals of laughter greeted the uniquely funny situations of the amateur balloonists every few moments while the long picture lasted. This merriment was caused by the vain efforts of the men in the airship to get a safe anchorage and baby carriages, houses, bicycles, lovers and other movables were grabbed up in the hay-day. Humanity and Discipline was a touching French army story with a happy ending; His First Real Success told of a persistent musician; The Lucky Heiress indicated how great a factor money really is, while The Onion Field dealt with a familiar personage in a very humorous manner. The remarkable steadiness of the views, their continued brilliancy and proper speeding all contributed to the excellence of the show. Mr. Brown sang Dreaming in fine voice, and Mr. Swaney rendered new songs. In the afternoon Miss Fols sang Down By the River Side, and will be heard again tonight.

PRINCETON, N. J., Aug. 26.—Former President Grover Cleveland has not yet left Princeton to join his family at their summer home and the probabilities are that he will not do so at all, but will await their return here.

UTICA, N. Y., Aug. 26.—Prof. Root of Hamilton College, brother of Secretary Root, died tonight.

FULL OF GRIT.

"Fifty miles an hour, now," hissed the daring motorist as he gripped the steering wheel stoutly. "Are you brave enough to stand it?"

"Yes, I am full of grit," replied the pretty girl as she swallowed another pint of stout.

CHARLOTTESVILLE, Va., Aug. 26.

Twenty-one persons were injured, some seriously, by the derailment of the northbound train on the Southern Railway, nine miles south of here today. The entire train except the engine and tender, turned over. The accident was caused by a broken rail. The train fortunately was running at moderate speed.

Very Large Number of Delegates Now
at Montreal—Each Province May
Have Convention.

MONTREAL, Aug. 26.—The delegates to the Catholic Mutual Benefit Association convention are arriving in large numbers.

The members of the Grand Council are stopping at the Windsor and over fifty delegates from Prince Edward Island are at the Bath Hotel. Judge Landry of New Brunswick telegraphed that owing to grave judicial appointments he cannot be present for the opening of the convention.

The law committee held two meetings yesterday.

"The great question to be discussed," said J. J. Benan, of Kingston, the grand secretary, "is the admission of motion pictures and the adoption of a new system whereby each province will have a convention of its own and nominate a small number of delegates to attend the subsequent Dominion convention. NEW MINISTERS NOT NAMED YET

Difference of Opinion Over
Ontario Man

But Generally Believed That Pugsley
and Graham Will be Appointed—
Sifton Mentioned

OTTAWA, Aug. 26.—There was a meeting of the government this afternoon, at which there were present Sir Wilfrid Laurier, Sir Frederick Borden, Hon. Messrs. Scott, Aylesworth, Patterson, Fisher and Oliver. Sir Richard Cartwright arrived from Kingston as the meeting concluded. No steps were taken for the filling of the two vacant portfolios of railways and public works. There will be another meeting of the government tomorrow, at which views as to cabinet appointments will be exchanged and probably an announcement will follow. The opinion tonight is that the railway post will be given to ex-Premier Tupper, and the public works to George Graham of Brockville.

There is a report current that Hon. Mr. Sifton may be induced to return to the government and take over the railways, the public works or some other portfolio. However, in many quarters this is not accepted.

At the conclusion of the council meeting, Sir Richard and Hon. Mr. Aylesworth had a long conference on the question of filling the Ontario vacancy. It is known that they are acquainted with the names of several men, but there is a question whether Mr. Graham would not be seriously missed by the men at the left of the Speaker in the Ontario house if he were to accept a place as federal minister.

CASE AGAINST GREEN DISMISSED

Magistrate Scored the Complainant
In Doing So.

Said He Was Satisfied From Owens'
Own Evidence That He Perjured
Himself

HARTLAND, N. B., Aug. 26.—At Bristol today the preliminary inquiry in the case of C. W. Green, charged with attempted robbery, was concluded before Magistrate Parley. At the close of the complainant's case on the motion of M. L. Hayward, counsel for the accused, the case was dismissed.

In dismissing the information, Mr. Parley remarked that he was satisfied from Owens' own evidence that he had deliberately perjured himself, and said that he would not have issued the warrant had he been aware of the facts brought out in Owens' cross-examination.

Put the ham in a pickle made by putting into one and one-half gallons of water one-half pound of brown sugar, one half-ounce of saltpeter, and two and one-quarter pounds of salt. Boil this mixture for half an hour, skimming frequently, then set aside to cool and pour over the ham. Leave for two weeks remove the ham, wash it in fresh water, dip it, still wet, in bran and cook thickly with it.
