CENTREVILLE, Carleton Co., June 23.—The annual school meeting was held on Saturday, 21st inst. G. W. White, chairman, and H. J. Clark, secretary. The chairman being one of the trustees, gave the meeting a detailed statement of the recipts and expenditure of the past year. Last year \$500 was voted for school purposes, \$146 of which was expended in repairs, painting inside and out, etc. It was shown the school was in a prosperous condition. The report was favorably received. An estimate of the money required for the coming year's work, to run the primary and advanced department, was given, and \$50 additional ment, was given, and \$35 was voted for that purpose, and \$50 additional for the improvement of the school grounds. G. McClintock and Capt. G. D. Perkins were nominated to fill the place of H. T. Schaley, whose term of office had expired. The ballots stood 11 for the captain and 8 for McClintock. The former, with Dr. Green and G. W. White compose the board for the present year. The same evening the trustees met and appointed G. W. White chairman; H. J. Clark, secretary to the board, and from five applica-tions appointed Miss Blauche Ebbet of the Barony, York Co., to succ Miss Fairweather as teacher of the primary department. Miss F. had resigned after teaching but one term, in which she had given entire satisfaction

There has been more or less rain every day for two weeks past. The ground is spring wet. The crops have a slow growth, grass only excepted, and that appears below the average, a large portion of it having been killed out during the past winter and spring. Oats appear to be rusting, if one may judge by the top of the blade turning a brown color, no doubt caused by too much wet. Potatoes are of a very slow growth, while beans and corn are in the most backward state ever known in this section at this time of year. The streams are nearly up to a spring freshet. WOODSTOCK, June 24.-The building for the new hospital is undergoing pleted, as it probably will be in a fort-night, will be found admirably adapted for the purpose. It is on the corner of St. Gertrude street, off Broadway a bit, and is owned by C. Miles Moore. The trustees of the hospital have a lease of it for five years. One of the best appointed and most completely finished residences in town, the room are so arranged that very little change is necessary to make it an ideal little The hall on the first floor is large and on the right is a large drawing which will probably be used for a public ward. Immediately over the front this apartment is a bright light room, which it is understood will be used for operating purposes. The other whoever designed the building knew his business well. The grounds are not extensive but are capable of being made very pretty. Surrounding the house are some very pretty white birch trees. They will be trimmed The fence has been removed and a somewhat ragged cedar hedge will be taken away, and the lawn graded and prettily fixed up.

The walls are all being papered, the floors painted and oiled, and the ceil-ings attended to. The building will be practically new when the improve-ments are made. The entire outside of the main building and all will be painted. With the various and generous donations and the annual sums prom-ised by the local government, the town and county councils, as well as by In-dividuals, there is every indication that the future of the hospital is

secured. It will be a god-send to many people in town and country. The weather still keeps unsettled, tion. The grass crop looks well, but for the past few weeks the growth of crops has been very slow.

An Operation Not Necessary.

Itching Piles of Twenty Years'

DR. CHASE'S CINTMENT.

Is it necessary to undergo a surgical operation with all the accompanying risks, expense and suffering in order to e freed from the suffering of itching

Very many people ask this question and too frequently the medical advisor answers yes. But there are scores and hundreds of people through-out the length and breadth of this land who know differently. These are peo

ple who have been actually cured by Dr. Chase's Ointment. Among others is Mr. Alex. McLaugh-lin of Bowmanville, Ont., a man well known and highly respected in this town, of which he has been a resident

"For twenty long years I suffered from itching piles, and only persons who have been troubled with that annoying disease can imagine what I enyears ago I asked a druggist if he had anything to cure me. He said that ably spoken of, and on his recommend-

ation I took a box. "After three applications I felt better, and by the time I had used one box I was on a fair way to recovery. I continued the treatment until thoroughly cured, and I have not suffered any since. I am firmly convinced that the ointment made a perfect cure.
"I consider Dr. Chase's Ointment an

invaluable treatment for piles. In my case I think the cure was remarkable when you consider that I am getting up in years and had been so long a sufferer from this disease." It is all nonsense to talk about a sur-

gical operation as the only cure for piles. Scores of people are being cured every day by Dr. Chase's Ointment. Not merely relieved—though itself is a great thing to the sufferer from piles—but cured thoroughly and permanently, as Mr. McLaughlin has en. Dr. Chase's Ointment has no worthy rival. It stands alone as an absolute cure for piles of every form.

HOPEWELL HILL, June 24.-The June circuit of the supreme court met at the shiretown today, Judge Gregory presiding. The lawyers present included M. B. Dixon, W. B. Jonah, James C. Sherran, Geo. H. Steadman of the Albert county bar, and Hon. H. R. Emmerson of Dorchester. Alex Rogers, foreman of the grand jury, read the following address to his honor George F. Gregory, judge of the

supreme court:

We, the grand jury of Albert county here assembled, wish to express on this your first visit to our county our town, of which he has been a resident gratification at your appointment to for about thirty years. In a letter to the honorable position as judge of the us Mr. McLaughlin describes his case supreme court of New Brunswick. We feel assured, from your long experi-ence as a lawyer, and the foremost position at the bar which you have occupied, testifying to your legal ability, has brought with it a well matured legal mind. Therefore your appointment to the judgeship will be universally approved of by the people of Albert county. And we trust that your career in this high position may b even more briliant than that which has attended your past record.

His honor was also presented with an address from the barristers. The only business before the court was the criminal case of the King v. Stephen Beechin for escaping from a constable by using force, the offence being committed a year ago. The grand jury returned a true bill, but when the prisoner was called it was learned that history had repeated it-self, Bechin having last night escaped from the custody of Constable Walter Tingley. Subsequently the constable was indicted by the grand jury for not proceding to the jail at once with the prisoner after the arrest. Bechin's hereabouts at present are unknown.
