## MARKET REPORTS

### STOCKS, BONDS AND PRODUCE

### STOCKS SHOWED GREAT STRENGTH ON THURSDAY

Steels Continued to Hold With a Firm Grip on High Levels—Market Reflected Persistent Realizing for Profits in Closing Hour.

New York, Oct. 9.—Stocks opened with a demonstration of strength to-day, yesterday's rise in steels being augmented by advances from Washington which offered hope of an early compromise or settlement of existing labor disturbances.

From seasoned or standard shares, however, trading soon shifted to highly speculative issues. Motors and their accessories, tobacco, oils and equipments, in which the market was buoyed by substantial to sensational proportions, were the leaders.

To these stocks were added various miscellaneous specialties such as chemical and fertilizer issues, also leather, shipping and paper shares, dealing switching from one division to another in bewildering confusion.

With the approach of noon gains among representative shares were largely, if not wholly, cancelled, but specialists continued their course upward with the obvious assistance of pools and comparatively easy money.

The market reflected persistent realizing for profits in the final hour, but greater gains were made in tobacco, motors and leather, oils and equipments, which were held from lowest levels, a firm ruling at the extreme.

A fifty point rise in United Cigars was the outstanding feature of the session, other tobacco making moderate gains. Among motors and automobiles, notably General Motors, Chrysler, Stutz and Duesenberg Cars, advances of five to fifteen points ruled. Mexican Petroleum led the oils, where gains of two to seven points prevailed, but steels and equipments were irregular at the finish with rails and metals.

Call loans held at the one rate of eight per cent until just before the wind up, when an advance one per cent was made to related borrow.

HENRY J. GROSS.

Henry J. Gross, who occupies the position of vice-president and treasurer with the recently amalgamated Dominion Building, Ltd., of Montreal, has supervised the construction of some of the most important buildings in Canada; among which is the Dominion Building, the Royal Trust Building, the Bank of British North America of Montreal and the head office of the Bank of Toronto.

He also supervised the interior and exterior stone work on the new Sun Life Building, Montreal. In the United States Mr. Gross was connected with the construction of the New York Public Library, Portland City Hall and the Field Museum of Natural History of Chicago.

Mr. Gross was vice-president and general manager of the Norcross Brothers Co., of Worcester, Mass., and had been with the firm for nearly twenty years before purchasing the Canadian interests during the present year, later on transferring these interests to the Anglo-Norcross, Ltd., when he was appointed to his present position.

There were no changes in the wholesale prices yesterday.

Mr. and Mrs. Arthur M. Murray and two children are here from Massachusetts and are visiting his mother, Mrs. George Marshall.

Mr. J. Fred Lowmyer, who has been forest ranger for Charlotte county, this summer, resigned his position and left for his home in Fredericton, N. B., on Wednesday.

### MARKET TREND WAS UPWARD

(Furnished by McDougall and Cowans.)

New York, N. Y., Oct. 9.—In the last hour the general tendency was again upward, though most of the more important issues hardly equalled the best prices of the day. One or two of the minor industries were taken in hand during the afternoon and made substantial net gains. The strike of Longshoremen at New York, in addition to being a symptom of the general labor situation, is beginning to interfere seriously with the export trade. This is another instance of a local issue breaking away from the authority of national officers and emphasizing the importance of the attempt now being made in the Washington conference to find some working arrangements under which the country can go on with full capacity production and distribution. The conference therefore is a market factor of no little weight.

Sales 1,495,500.

E. & C. RANDOLPH.

### CHICAGO TRADE
