

I was perturbed with the inaccuracy of the publication. My husband was Canadian born; birthplace Ponoka, Alberta, and not Ponoka, Germany, as printed. Also omitted was the period of time my husband served at Moose Jaw, Sask., from 1946 to 1957.

Yours truly,
Kasia Zimmerman

Dear Mrs. Zimmerman,

We apologise. Apparently a reference to Germany on your husband's file caused the mistake. As for every date of service at every posting, we do not normally provide them. It would be difficult — in some cases impossible — to determine them all. We provide the main and important dates of service from a member's file — such as when he was promoted, or was sent from one division to another. Ed.

CENTENNIAL BOWL

Dear Editor,

I have for sale a commemorative Royal Canadian Mounted Police bowl (No. 137) purchased from Messrs. Aurum in 1973. I understand this limited edition was fully subscribed, and therefore, before I advertise this item for sale, I wondered if you knew of any persons closely associated with yourselves, who would be pleased of the opportunity to purchase the bowl.

The bowl of course is in mint condition and certificated. I will be pleased to supply any relevant information.

Yours faithfully,
Dr. G. F. Mackenzie

Darrington, Pontefract
West Yorkshire, England
WF8 3AN

If any of our readers are seriously interested in this RCMP Centennial

Bowl, would you please contact Dr. Mackenzie at his home address. Ed.

QUARTERLYS APPRECIATED

Dear Editor,

I am writing to say thank you, to you and your staff, for the gift of RCMP *Quarterlys* I received, and for the enjoyment I got from reading the magazines. I have been in the children's hospital for six months and I really enjoyed these books.

My uncle, Sgt. Gordon Poth, sent me my first *Quarterly*. He then told me that the staff of the *Quarterly* helped pick out more copies for me.

I am looking forward to going home soon and the first things I have packed are these books.

I found some of the stories to be funny, and some to be very sad.

I always liked the RCMP, maybe because of my uncle, but these stories made me realize that the Mounties are all real great guys.

I will look after these books and keep them for years to come.

I thank you again for the interest your staff took and for the hours of reading I enjoyed so much.

Thank you,
Donnie Budden

Donnie, we're glad you enjoyed them! Your letter of appreciation touched us all at the Quarterly office. We're pleased to know our magazine is accomplishing a major goal — that of appealing to the general public and informing them about the real Mounties. Ed.
