Penmans HOSIERY

"The Standard of Excellence"

THE pleasure of choosing suitable hosiery need not be marred by uncertainty as to the lasting qualities either of color or material. Although Penmans now means everything in hosiery that the toilette of the smartly-gowned woman dictates, there is still the underlying quality that has been associated with the name Penmans for generations. For daintiness without extravagance—simply remember the name—Penmans.

A Little Chat

If I were to ask you to buy a dozen Chrysanthemums to decorate your table every day you would think I had a lot of gall, so I would.

But if I told you Flowers were as necessary to life as the food on your table, I would leave an opening for an argument, (here it is): A well filled stomach and beautiful surroundings satisfy. What else fills the place of Flowers (or a single inexpensive Flower) in the centre of your dining table.

They satisfy the taste.

Yours truly,

MADAME HORMIDAS FOISY
624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from kidney trouble and liver disease. My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-lives' and the effect was remarkable.

I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-lives'."

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.
