

## STRICTLY FRESH EGGS

We get eggs that we know are all right. The chickens are fed proper grain foods, the eggs are gathered twice a day, and when we send them out we know they are all right. Our price for these is about one cent a dozen higher than for good ordinary eggs, but really they are worth several cents more. They are worth trying.

Do not buy, rent or build in a part of the city where you cannot have all modern conveniences in your house. The athletic grounds is the choice of city property to-day, and likely to increase in value more rapidly than any other residence property in the city.

You have been told to "hitch your wagon to a star"—that Nature will assist you. That's all right. There are times, however, when you should assist nature, and the spring is one of these times.

Nature is now undertaking to cleanse your system—if you take Hood's Sarsaparilla. The undertaking will be successful, and your complexion bright and clear.

## Spring Remedies.

It has been the custom to take blood purifiers in the Spring. The reason for this is that the blood is most apt to be impure at this season. If you really need a blood purifier there are apt to be surface indications; pimples, blotches, boils or other eruptions, Lassitude, headache, a "tired feeling," and loss of appetite are the constitutional symptoms.
