December 3rd, 1944.

Right Honorable Arthur Meighen,  
320 Bay Street,  
Toronto, Ont.

Dear Mr. Meighen:

Today, on the radio, I have delivered (in French) the enclosed causerie.

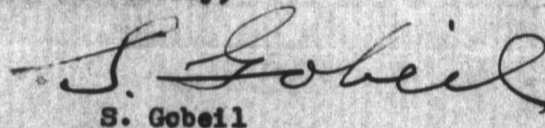

Knowing that everything which occurs in our Province along the discussion of the problem of our relations with Great Britain, is of interest to you, I felt it a real pleasure to send you a copy.

Please accept my regret for not having answered your so kind letter of the recent date. Of course, the situation is awful, but it will be so much so if nothing is done, by the French-Canadians themselves, to put before the citizens of our Province the seriousness and I would almost say the tragedy of such a situation.

With my best regards.

I wish to remain,

Yours faithfully,

  
S. Gobeil
