

OFFICE OF THE PRESIDENT
H. J. CODY, M.A., D.D., LL.D

I have much pleasure in commending the
 effort to be made by the student Christian movement
 of the University of Toronto to raise the funds needed
 to carry on their work among the undergraduates
 to worship, study and missionary endeavor as the
 main features of their task. The movement in its ideal
 seeks to bring students into personal relation with
 our Lord and to apply Christian principles to all
 fields of human life. An Advisory Board of graduates
 aids the committee in its financial and its general
 plans.
