

A Only a part of it I believe.

Q The map shows Lot 253 and it also shows an arrow pointing to 254, and Lot 24 is the 40-acre block?

A No; that is 320 acres minus what has been taken up by the river.

MR COMMISSIONER MACDOWALL: Why was it that Hammer sold to Brynildsen instead of having Crown-granted it over to Capoose?

A I don't know. Lot 24 was purchased by Brynildsen and the understanding was that Brynildsen was to purchase this direct from the Government, for ^KCapoose with ^KCapoose's consent.

MR COMMISSIONER SHAW: What was the understanding between ^KCapoose and Brynildsen in regard to Lot 24? Brynildsen states that the agreement was that this land should be turned over to ^KCapoose when everything was settled, including his account at the store? what is Capoose's statement in regard to this?

A His statement is not very clear. His statement is that the agreement was made with Mr Brynildsen at Bella Coola in Jacobson's house in the presence of Mr Carlson, Surveyor Green, and a third party. Now Brynildsen says he never made this arrangement at the time and place; he says there was a written agreement that Mr Brynildsen should purchase this land for him, that is Lot 24; ^KCapoose cannot distinguish between these two places - to him they are all as one.

Q Have you seen this written agreement?

A No I have never seen it and Mr Brynildsen says there was no written agreement made, but he said "I got it for ^KCapoose."

THE CHAIRMAN: Is not the dispute about the store bill?

A Yes, I think so.

MR COMMISSIONER SHAW: Do you know whether this agreement was ever made between Brynildsen and ^KCapoose?

A I could not say.

Q Do you know whether at the time that Brynildsen and ^KCapoose made this agreement whether ^KCapoose owed Brynildsen a store account then?

A Yes, I think he did.

COMMISSIONER GARMICHAEL: In the evidence that ^KCapoose gave
