## Non-Poisonous Fluid Dip still the favorite dip, as proved by the testimony of our Minister of Agri-culture and other large breeders.

For sheep.

Kills ticks, maggots; cures scab; heals old sores, wounds, etc., and greatly increases and improves growth of wool. Cattle, horses, pigs, etc.

Cleanses the skin from all insects, and makes the coat beautifully soft and glossy.

Prevents the attack of Warble Fly.

Heals saddle galls, sore shoulders, ulcers, etc. Keeps animals free from infection.

No danger, safe, cheap, and effective

Beware of imitations. Sold in large tins at 75 cents. Sufficient in each to make from 25 to 40 gallons of wash, according to strength required. Special terms to breeders, ranchmen, and others requiring large quantities.

SOLD BY ALL DRUGGISTS. SEND FOR PAMPHLET.

Owen Robert Wightmam, Druggist, Sound. Sole agent for the Dominion. -om

E. JEFFS & SONS' SHORTHORNS, SHEEP AND SWINE.
The firm of Jeffs-&-Sons, whose extensive stock and grain farms are at Bond Head, in Sincee Co., Ont., have become widely known as breeders of Shorthorn cattle, Leicester and Southdown sheep, and Berkshire swine. The Shorthorn herd was founded many years ago upon descendants of the deep-milking Zora and Mara tribes, imported from Kentucky, and of imp. Margaret, by Snowball, from the herd of Mr. Edward Bowley, Cirencester, England, combining in a great measure good feeding qualities with the excellent dairying propensities so strong a characteristic in many of the Shorthorn tribes. High-class Scotch-bred bulls have been used in the herd for many years, which has produced a uniform type of the sort now in demand. The splendid young bulls shown by the Messrs. Jeffs at the Toronto Exhibition in the last few years have attracted favorable notice and comment. From what we saw at our visit, we are confident that those who are in anticipation of seeing another good lot this year will not be in any way disappointed in either sex, for we have never seen a better lot of young things in their hands at any season. Their bull calves and young females are full of beefing quality, and are being reared to develop the best in them. In looking over their pedigrees, we note that they were sired by the young Isabela-bred bull, Prince Arthur, purchased from Messrs. Russell, at Richmond Hill, and doing his third season's service in the herd, and an equal number of Leicester females to the prizewinning Chadwick. So that choice young things are held for sale of either breed.
The fifteen Southdown breeding ewes were bred to the imported ram. Streetley 2nd, and an equal number of Leicester females to the prizewinning Chadwick. So that choice young things are held for sale of either breed.
The Breshires, the firm are constantly adding new blood, the lat
