T. J. COLE, Box 188, Bowmanville, Ont.

GOSSIP.

SHEEP-DOG TRIALS AT TORONTO.

A new feature of interest to every farmer at the Toronto Exhibition this year will be a class for sheep dogs, for which money prizes will be given. The dogs will be tested as to their ability to herd sheep. The first trial will take place on farmers' day, Sept. 6th, the second on Sept. 7th, and the final trial on Thursday, Sept. 8th. The contest will take place on the exhibition grounds.

A World's Fair bulletin recently issued says of the live-stock buildings at the St. Louis Exposition: "Ample provision is made for the displays of live stock by a well-located site, situated on the highest point of the grounds and adjoining one of the main entrances. The floor space of all the Exposition palaces covers less than 120 acres, while the several live-stock shows will occupy about 200 acres, or 60 acres more than all the balance of the World's Fair exhibits under roof. The barns provided for the exhibits of live stock are mainly 200 feet long by 46 feet wide, and provide for 3,000 stalls, 5 feet wide and 10 feet deep, and 350 box stalls, 10 x 10 feet, five at each end of and on opposite sides of each barn. They are well ventilated, with good day lighting by windows, and electric lights by night.

A "Farmer's Advocate" field man on the wing recently made a brief call at the comfortable home of Messrs. Wm. Grainger & Son, at Londesborough, Ont., a station on the London & Wingham branch of the G. T. R., some fifty miles north of the city of London, and had a look over their widely-known herd of Shorthorn cattle, which is now headed by the richly-bred sire, Prince Misty =37864=, a red three-year-old son of the Princess Royal bull, Imp. Prince Bosquet =32080=, bred by the late-lamented Mr. W. S. Marr, of Uppermill, and sired by Wanderer. The dam of Prince Misty, Mistletoe 21st, of the Marr Missie family, was bred by Mr. Duthie, of Collynie, and sired by Nonpareil Victor, his grandam being by Scottish Archer, and his great-grandam by William of Orange. His breeding, it will thus be seen, is second to none, a strong list of the most notable and prepotent of Cruickshank sires being at the back of him, while, individually, he is smooth and level in conformation, with long quarters, deep flanks, smooth shoulders, and a good head; and, best of all, he is proving an exceptionally good sire, as his calves, the first of his progeny in the herd, amply attest, being uniform in color and character. One red bull calf, born in Christmas week last December, is worthy of special mention, being one of the best, if not the very best, we have seen this year. Smooth, level, strong-backed, straight in upper and lower lines, with a fine head, and full of quality. He was well named on the night of his birth by the senior member of the firm, "You're the Boy for Me," and he is good enough for any one. This useful herd, established many years ago on a sound foundation of good feeding and good milking families, has constantly had the benefit of high-class sires, no reasonable expense being spared to secure the class of bulls fitted to improve the stock. The splendid record of the grand cow, Fair Maid of Hullet, selected from the herd for the World's Fair Dairy Test at Chicago, in 1893, has created a demand for her descendants from all over the continent, which has taxed the herd to its limit to supply, many sales having been made, even in the last year, of bulls and heifers to go to different States, and to nearly every province in the Dominion. The demand for young bulls has been so active that only one old enough for service remains for sale, a straight, shapely youngster of about fourteen months, that should soon find a place in some dual-purpose herd, owing to the deep-milking lines in the breeding of his dam, and the good-feeding qualities of his forbears on both sides. With a rich and fertile farm, and commodious stabling, this firm is well fixed for carrying on the breeding and rearing of their favorite Shorthorns, and visitors may be assured of a hearty welcome at their beautiful home, one of the most complete farmhouses it has been our privilege to see in Canada, but none too good for a farmer who has worked hard and paid for it, and is well entitled to its comforts.

Burdock Blood Bitters.

Turns Bad Blood into Rich Red Blood.

This spring you will need something to take away that tired, listless feeling brought on by the system being clogged with impurities which have accumulated during the winter.

Burdock Blood Bitters is the remedy you require.

It has no equal as a spring medicine. It has been used by thousands for a quarter of a century with unequalled success.

HERE IS PROOF.

Mrs. J. T. Skine of Shigawake, Que., writes: "I have used Burdock Blood Bitters as a spring medicine for the past four years and don't think there is its equal. When I feel drowsy, tired and have no desire to eat I get a bottle of B.B.B. It purifies the blood and builds up the constitution better than any other remedy."

Improved Yorkshires

Over three hundred for sale. The last three years our herd has won ninety per cent. of the first prizes at the leading shows, competing against American and Canadian breeders. We have more imported animals in our herd than all other breeders combined in Canada. We have the best blood from the leading herds in England and Scotland. Prices reasonable.

D. C. FLATT & SON, MILLGROVE, ONT.

YORKSHIRES
