EDWARD BAKER, CONVEYANCER, BOOKER, & GENERAL AGENT, No. 7, Prince Street, Halifax, July 27

MATTHEW H. RICHIEY, ATTORNEY AT LAW, SOLICITOR IN CHIEF, CONVEYANCER, &c. Office at the Arcade, No. 10, Hollis Street, Halifax.

JAMES COD LIVER OIL, of Medicinal Use. WILLIAM LANGLEY, Hollis Street.

JOHN WOODHILL, VICTUALLER, begs respectfully to inform his friends and customers that he has removed from his former stand, (opposite Davy's Country Market,) to the old Woodhill stand, No. 22, Upper Water Street, opposite Messrs. Sallis & Wallwright's Wharf, where he will be thankful for a continuation of favours formerly conferred on him.

NEW JEROME'S ASSAYED Clarified Cod Liver Oil! For the cure of Coughs, Consumption, Bronchitis, Rheumatism, and various Diseases. This most popular remedy of the age, is now used and recommended by intelligent Physicians in Halifax and elsewhere, by whom its efficacy is declared to be truly astonishing. The subscribers have made arrangements for a constant supply of the Oil, which for sweetness, lightness, and transparency cannot be surpassed. A pamphlet containing directions for use will be furnished gratis, on application at the Medical Warehouse of Halifax, March 1850. MORTON & CO.

MOTT'S BROMA. The following observations having reference to the preparation of Broma, appeared in a late number of the Boston Medical Journal:— A few years since a great manufacturer of Broma sought the opinions of many medical gentlemen of distinction, for the purpose of having an unobjectionable food for invalids, and was accordingly furnished with a quantity of Broma, and was informed that he had fully succeeded. He then, in order to be more generally known, made it a beverage, and it was manifestly adapted to the use of the consumers of tea and coffee. When first, however, it was used as a beverage, it was not long before it was found that during the last summer those individuals who were continually using Broma, either had been afflicted with cholera or dysentery, while others of the same families, taking their daily portions in tea, coffee, or simple water, were the sufferers, if any coffee, or simple water, for the truth of this, but it has recalled to mind the statement that the oil dealers in London had been free from cholera or the choleric symptoms. And it has been further observed that persons who were making cod liver oil for chronic difficulties, during the prevalence of the late epidemic, were not affected by it, while those of the late epidemic, and animal oil in the last, taken internally, would appear, by these statements, to have secured those who took them from the effects of the pestilence. It is certainly a prodigious amount of safety, whether the chocolate drinkers have been secure in their infested cities. Mott's Broma has now been before the public for a considerable period, and along with the commendations of the Medical Faculty of the city and the neighbouring provinces, it has received the approbation of all classes of consumers. It is to be an article of standard reputation, and the demand for it is constantly increasing. Sold Wholesale for the Proprietor, at Halifax, at MORTON'S MEDICAL WAREHOUSE, near the Province Building.

STAR LIFE ASSURANCE SOCIETY, OF LONDON. Capital Stock £100,000 Sterling. Chief Office, 4 Moorgate Street.

James Hunter, Esq., Conjoint Terraces, Islington. Thomas Milford, Esq., Banker, Nicholas Lane. Thomas Sande, Esq., Liverpool. Chairman of Directors, Charles Harcourt, Esq., F. R. S. Recorder of Shrewsbury.

Dy. Chairman, John Joseph Matthews, Esq., Agent for Nova Scotia, DANIEL STARR, Medical Examiner, R. N. Black, Esq., M. D.

The Agency of the above Company has been in operation in this Province about 4 years, and has made considerable progress, without yet having a claim, the rates are generally lower than any other London or Scotch Company, and the proportion of profit divided among the general policy holders is far more than any other, being 10 per cent. only to the stockholders, rendering it at once both a safe and a profitable investment without any risk to the assured; their first Bonus declared in May last was in some cases over three per cent per annum on the amount of Policy. And on two Policies at this Agency on the House of three annual premiums only had been paid, the Bonus added was over 62 per cent on the amount paid in, the mortality among the lives assured by this Society were found to be 21 per cent less than had been calculated for. The above facts in favour of the "Star," which can not be controverted, and should recommend it to the favourable consideration of all parties intending to insure. Policies effected on the participating principle allowed to come in on the payment of 3 annual premiums. Thirty days allowed for the renewal of Policies, and if not renewed, the Policies expired can be renewed within six months, if the parties' health is not impaired and the payment of a small sum—a result of half the premium when amounting to a certain sum, may be obtained for the first five years. No extra charge made for crossing to and from England in Steamers or first class sailing vessels at any season, by advising the Agent of the parties' intention. Policies are sent out by next steamer after arrival of Proposals. The attention of the Public of this Province generally and of Wesleyan in particular, is requested to the favourable terms, and privileges offered by the "Star" to their respective agents. It is admitted by all that it is the duty of every person having others dependent on them to provide for them while they have it in their power so to do, and in no way can this be done so effectually or cheaply as by paying according to their means a sum annual in one Life Policy. It has often been proved even here to be of much benefit to widows and orphans, and so very uncertain are both life and health, of which we have had many sad proofs, that delays in these matters are dangerous, the only time to apply is while in Health. Applicants will receive every information and attention to their requests by the Agent in Halifax, who furnishes all necessary Blanks, and Medical Examiner attends free of expense to the applicant. All communications by mail must be prepaid. DANIEL STARR, AGENT. Jerusalem Warehouse, Jan 5.

MEDICINES, PERFUMERY, &c. "X" More Castle from London, and "McMac" from Glasgow, the Subscriber has completed his full supply of Drugs, MEDICINES, PERFUMERY, BAUSONS, &c., of the best quality, and at low rates. TEA, TEA. Leading & Broadbent, Cerear, from Liverpool, 220 HALF Chests Congo TEA, of good quality. For sale by BLACK & BROTHERS. Oct. 19. 67-68. 2w.

LONDON PAINTS. 700 KEGS Best London WHITE LEAD, Black, Yellow, Green and other PAINTS, 6 casks PUTTY, 20 barrels Lampblack, 20 casks Raw & Boiled Linseed OIL, 24 casks Poland Starch, & Fig BLEND, 3 casks INDIGO. Just received per Charlotte & More Castle from London. For sale by BLACK & BROTHERS. Oct. 19. 6m.

TRY ARE YOU DESPAIR. HOLLOWAY'S PILLS.

Extract of a letter from Mr. Benjamin Mackie, a respectable Quaker, dated Crossnac, near Loughall, Ireland, Sept. 11th, 1840.

Professor Holloway. Respected Friends.—The excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent that I was obliged to walk my room at night for fear of being suffocated if I went to bed by cough and phlegm. Besides taking thy Pills I rubbed plenty of thy Ointment into my chest night and morning. (Signed) BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever. She lay for six days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her interment. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstances, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning for three days, and in a very short time she was completely cured. N. B.—From advice just received, it appears that Colonel Deer, who is with his Regiment in India, the 21st Fusiliers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking night and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of limned tea, or barley water.

CURE OF BRONCHITIS IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq., dated Kensington, near Oxford, December 2nd, 1842. To Professor Holloway, Sir.—My shepherd for some time afflicted with water on the chest, when I heard of it I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever here in his house. As myself received an astonishing cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities. (Signed) J. S. MUNDY.

THE EARL OF ALBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Maiana, Leghorn, 21st February, 1845.

To Professor Holloway, Sir.—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; say not even the waters of Carls, Bad and Saratoga. I wish to have another box and a part of the Ointment, in case any of my family should ever require either. I am most obliged and obedient servant, ALBOROUGH.

CURE OF A DEBILITATED STOMACH.

Mr. Metz, a storekeeper, of Gundana, New South Wales, had been for some time in a most delicate state of health, his constitution was debilitated, and he was chiefly looked upon by himself and friends as certain; but as his father hoped, he was induced to try Holloway's Pills, which had an immediate and surprising effect upon his system, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case extraordinary, that he, in gratitude, sent it out for publication in the Sydney Morning Herald, in which paper it appeared on the 2nd January, 1848. A few doses of the Pills will quickly relieve the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following complaints: Angina, Asthma, Bilious Complaints, Fits, Bowel Complaints, Colic, Constipation of Bowels, Consumption, Debility, Dropsy, Dyspepsia, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Headaches, Indigestion, Intermittent Fevers, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of the Urine, Scarcities or Stings, Stomach and Gravel, Secondary Sympoms, Tics, Tumours, Ulcers, Venereal Affections, Worms all kinds, Weakness, whatever cause, &c.

Sold by the Proprietor, at No. 153, Granby Street, Halifax, in Pots and Boxes at 1s. 6d. and 7s. current. JOHN MAYNOR, Agent.

N. B.—Directions for the Guidance of Patients are affixed to each box. Jan. 25.

ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &c.

M. HERBERT is now manufacturing ABDOMINAL SUPPORTERS on the latest and most improved principles. It has been ascertained by a Medical Gentleman of the largest experience in Pulmonary Complaints, that one third of the cases of Pulmonary Consumption, with a host of other diseases, originate in the falling of the bowels caused by the relaxation of the Abdominal Muscles, such as—Weakness and Loss of Voice and Distention of the Air Pipes, Short Breath and Wheezing Breathing, Palpitation of the Heart, Sinking Feeling, and All Gones at the Pit of the Stomach, Diseases of the Liver, Breaking away of the Bowels themselves, Piles, Gravel, Pains and Weakness, threatening Disease of the Spine, Swelling of the Lower Extremities, with various diseases peculiar to Ladies, &c. &c.

The greatest number of these diseases cannot be cured without, but in general may be cured with abdominal support, &c., which aid the above Supporters are pre-eminently calculated to afford.

M. HERBERT'S Abdominal Supporters have been inspected by most of the Medical Gentlemen of Halifax, and were highly approved of by all who examined them. They weigh but a few ounces—allow the most unrestricted action of the body—whilst the only relief produced by them is that of support and comfort.

M. HERBERT is also manufacturing RUPTURE TRUSSES, which are constructed on principles the most modern and improved. It will also keep on hand VULGAR INHALING TUBES, These instruments are valuable auxiliaries to the Trusses and Supporters, for all Contractions of the Chest—But chest, stopping chest, pains in the chest, in cases of Cough, in all cases after Pleurisy or Inflammation of the Lungs; in all cases of Asthma; in all cases of Loss of Voice, Weakness and Weak Throat; in all cases where the Breast-bone or Ribs contract or fall down upon the Heart, and prevent its free action; in all cases of Shortness of Breath, and when the chest does not expand well; in the cases of all persons who are in any way predisposed to be attacked with Pleurisy, Inflammation of the Lungs, or Consumption in general; in many cases of Dyspepsia, &c. &c. &c.

All the above with Herbert's Ladies' Garters, and Children's CHEST EXPANDING BRACES, are for sale wholesale and retail at M. HERBERT'S ESTABLISHMENT, No. 6, Tree Street, Halifax, Aug 24, 1850.

DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SASSAPARILLA.

THE WONDER AND BLISS OF THE AGE! THE MOST EXTRAORDINARY REMEDY IN THE WORLD. This Extract is put up in Quarts, Bottles; it is six times cheaper, pleasant, and warranted superior to any other. It cures without vomiting, purging, sickening or debilitating the patient. We have manufactured 1,000,000 Bottles of this Sarsaparilla during the past year, and are now putting up 5,000 Bottles per day; using more of the Sarsaparilla Root in one month than all the other manufacturers of Sarsaparilla in one year.

This Extract has cured more of the following diseases than all the other advertised medicines together have done— Scrofula, or King's Evil, Obdurate Cutaneous Eruptions, Pimples or Pustules on the Face, Itchings, Bites, Chronic Sores, Ring Worms or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomachic Disorders, Lumbago, Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and vigour.

The number of Diseases mentioned above, as cured by this preparation of Sarsaparilla, may seem large; but we are, nevertheless, prepared to prove, by an extensive array of certificates, that such is the fact. A fraction of the evidence which we possess concerning each disease would be received by the medical profession, and the general community. It must be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin and cause; for they all spring directly or indirectly from a corrupt humour. If the blood were in a pure, healthy, and active state, no disease could be contracted from the system, and chronic disease would be impossible.

For Sale by SAMUEL STARR, 61, Hollis Street. N. B. Druggists and others supplied on the most liberal terms.

HOPE FOR THE AFFLICTED. Halifax, N. S., May 12.

Mr. Samuel Starr, Dr. Agent S. P. Townsend's Sarsaparilla. Sir.—Having been afflicted for the last twelve months, with an affection on the head which prevented me attending to my work as well as I could wish, during which time I was under three Doctors' hands, and must say, I derived no benefit whatever, and began to despair of ever getting better. I was induced to try S. P. Townsend's Sarsaparilla, that you are agent for, by seeing it advertised, and after using a bottle of your medicine, I am now able to attend to my work as usual. I sincerely believe it has been the means of restoring me. I have also been afflicted with the Piles for the last seven years, and when I began using your valuable Sarsaparilla, to my astonishment, it was cured. JOHN KENNAN, Cooper. No. 61, Albemarle Street, Halifax, N. S. Sworn to at Halifax, before me, this 12th day of May, 1850. A. KERR, J. P.

AND TRY ANOTHER. Charlottetown, P. E. I., May 6th, 1850.

Mr. S. Starr, Dr. Agent for S. P. Townsend's Sarsaparilla. Sir.—I am happy to forward you a statement voluntarily furnished and certified upon oath, of a cure recently effected at this place, by S. P. Townsend's Sarsaparilla, which you are at liberty to make use of, for the great benefit of the Public. Yours truly, M. W. SIMMONS, Druggist. Charlottetown, P. E. I., April 26th, 1850.

This is to certify that my wife, who has been afflicted with a severe cold, which brought on a general debility of the system, and from the use of one bottle of Dr. S. P. Townsend's Compound Extract of Sarsaparilla was entirely restored to good health, which was pronounced from M. W. Simmons, General Agent at Charlottetown for the above medicine. FINLAY MCKINNON. Sworn to before me, George Dalrymple, J. P. June 8.

WILL TEST TRUE. CORNWALLIS, July 5th, 1850.

Mr. S. Starr, Dr. General Agent for Dr. S. P. Townsend's Sarsaparilla, for British Provinces.

DEAR SIR.—My wife has been declining in health for the last fifteen years, with weakness and general debility, but the last 12 months she had been getting worse and worse, being under 3 Doctors' hands, and taking various kinds of Medicines, but found she was getting no better, being troubled with palpitation of the heart, &c.—Her frame became emaciated, and her appetite and strength failed, and she was considered, as she undoubtedly was, in the last stage of Consumption. I was informed kindly by one of her doctors that he could do nothing more for her, and did not wish to put me to any more expense. As a friend advised me to purchase a bottle of your valuable Sarsaparilla from your agent in Kentville, Mr. B. Calkin, at the same time expecting it would be of no use. But I am free to confess that I was disappointed; my wife commenced using it, and before one bottle was exhausted she experienced a decided relief. She has used about 7 bottles, and her health and strength are restored and appetite good, and rests well at night. I earnestly recommend it to suffering mankind as a valuable Medicine. You are at liberty to publish this. Respectfully yours, SAMUEL STARR.

The above Medicine to be had at the General Agency, 61, Hollis Street, Oct 6.

LIFE AND FIRE INSURANCE. The Undersigned has been appointed Agent for the "TRUSTEE MUTUAL LIFE INSURANCE COMPANY OF CANADA," United States, and having previously taken the Agency, received satisfactory proof of the good standing and responsibility of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for all the risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital Stock of the Trustee Mutual is now \$250,000, well secured in good productive Stocks, Mortgages on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, ending last October 31st, 1847, a number which very few Insurances of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profit yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information. RUFUS N. BLACK, Esq., M. D. is Medical Examiner for the Company. DANIEL STARR, Agent. Halifax, 15th June, 1850.

W. ACKHURST, COMMISSIONER AGENT AND AUCTIONEER, MORT'S Buildings, corner Duke and Hollis Streets, Halifax, N. S. August 24. 6m—70. 8m

TO INTENDING EMIGRANTS FROM NOVA SCOTIA.

THE CANADA COMPANY would submit to the serious consideration of parties who may contemplate leaving Nova Scotia whether the Western Section of Canada (formerly the Province of Upper Canada) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, the soil very fertile, and abundance of excellent Land to be obtained upon easy terms from the Government and Canada Company. The great success which has attended Settlers in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country, and is also shown by the success of many Emigrants of Nova Scotia and Nova Scotia who have settled in many Townships of the Country;—and the individual progress made by several thousands of people who have taken Lands from the Company, corroborates the success which has attended settlement in Upper Canada. The Canada Company's Lands are offered by way of Lease for Ten Years; or for Sale Cash down. The plan of 1-4th Oct and Balance in Instalments, being done away with.

The Bounts, payable 1st February each year, are about the Interest, at six per Cent., upon the Cash Price of the Land. Upon most of the Lots, when Leased, no Money is required down; whilst upon the others, according to the value, One, Two, or Three Years' Rent must be paid in advance, but these payments will see the Settler from year to year, until the second, third or fourth year of his Term of Lease.

The Settler has secured to him the right of converting his Lease into a Freehold, and of course, stopping payments of further Rent, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lessee has thus guaranteed to him the entire benefit of his improvements and increased value of the Land he occupies, should he wish to purchase. But he may, if he pleases, refuse to call for the Freehold; the option being completely with the Settler.

A Discount, after the rate of Two per Cent., will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year. The Lessee has also secured to him the benefit of the Settlers Savings-Bank Account.

Full particulars containing full and detailed particulars, may be procured from every Post Office in Nova Scotia, or by writing to the Hon. E. Evans, Halifax, of whose permission the Company small themselves to refer inquiring parties to him, as a gentleman long resident in Western Canada, and who, possessing ample will afford information respecting the Company's Lands, and upon Commission generally.

Commissioners of the Canada Company's Office, Toronto, C. W., June, 1850.

WESLEYAN DAY SCHOOL, HALIFAX.

The Subscriber begs leave respectfully to intimate to Wesleyan Parents and to the Public generally, that the RE-OPENING of the above School will take place on THURSDAY the 19th of this Month, when pupils of both sexes may be enrolled for arrangements in the following Classes—

PRIMARY DEPARTMENT. Reading and Spelling, English Grammar and Geography, Writing and Arithmetic.

HIGHER DEPARTMENT. Ancient and Modern History, Ancient and Modern Geography, English Grammar and Composition, Commercial Arithmetic and Algebra.

MATHEMATICAL AND CLASSICAL DEPARTMENT. Equations in Algebra, Mensuration, Land Surveying, Physical Science, Euclid, Trigonometry, Astronomy, Latin, Greek, French, &c., &c.

As Classes are to be formed in the different departments, a favourable opportunity presents itself for any who may wish to attend the Institution, and avail themselves of the advantages of the system of instruction planned, which is not calculated to encourage the personal efforts of the students. It is desirable that pupils enter at the commencement of the Term.

ALEX. SIMPSON REID. August 25, 1850.

THE SUBSCRIBERS

Expected daily by first spring ships, 100 postage by the steamer, the largest assortment ever offered in this market. April 6. OLIVER BORN & CO.

SCIENTIFIC AGRICULTURE.

A COURSE of instruction, beginning on Monday the 4th of November and ending with the current Term in December, will be given in the Laboratory of the Wesleyan Academy, Mount Allison, the design of which will be to promote acquaintance with the important principles which are involved in the profitable application of scientific knowledge to Agriculture. It will include: 1. A series of twenty Lectures upon Chemistry and Geology, as applicable to Agriculture. 2. Daily recitations, as well upon the various subjects introduced in the Lectures as upon lessons selected from such text books, to which the attention of the student will be directed to and him in his investigations. 3. Numerous interesting experiments, illustrating the manner in which the facts fundamental to the Science advanced, have been ascertained—the methods of determining by analysis the chemical ingredients of different substances, and of determining the presence or absence of a particular element, &c., &c., &c.

Such preparations have been made for the Course as must, it is believed, render it worthy of the attention of all persons in the Province who are conversant in Farming operations.—A spacious apartment will be fitted up, suitably furnished as a Laboratory, and a Case Room for the Department of Instruction—Chemical Tests and Apparatus for making the requisite experiments have been provided. The Instructor devoted his individual attention, under most favourable circumstances, for a considerable length of time, to special preparation for this work. Lectures will be given on instruction, Text Book, and Board, &c., &c., 2s. N. B. O'Y, payable in advance. September 24. 64

PARROBRO PACKET.

(CAPT. RATHBURN will in future leave Horton for Parroboro, through about an hour before high water on Monday mornings, and Windsor at the same time on Wednesday mornings, in order to secure the passage within daylight. A Stage will be in waiting at Parroboro to convey passengers to Amherst, &c., and the whole fare between Halifax and Amherst is now reduced to twenty shillings via Windsor, and twenty two shillings and sixpence via Horton. If Passengers leaving Horton on Monday mornings may arrive at Amherst the same evening. Cards showing the hour of sailing from each place will be found in all the principal Hotels. Parroboro, Oct. 11th, 1850. 67 Oct 19
