

Keep Your Wheat

Build your own Grain Storage House. Put your wheat and oats in it at harvest time. And keep them there—sound and dry—until you can get enough cars to move your crop.

In a Waterproof, Fireproof and Damp-proof Concrete Block Storehouse

Forty-five Million Bushels of Wheat Unmarketed by Western Farmers last Year

Because the railroads and elevators could not handle the crops. Conditions will be no better this year because more wheat will be grown. If you have most of last year's crops rotting in the fields or at the railroad siding, you know what your chances are this year.

PROTECT YOURSELF. Don't try to market your wheat immediately after the harvest. Put it in your water, fire and dampproof Ideal Concrete Block Storage House—and keep it to ship and sell when freight cars are plentiful and prices are high.

We Will Tell You How To Do This

in a very practical and economical way—in our new catalogue—'Western Canada's Problem and the Relief.' Write for a free copy.

One—won! One product and one purpose—that's why the Ford has won. All Fords are alike—except the bodies. We have focused our effort upon the making of one good car—and the consequent big production has battered the selling cost down to a minimum.

Seventy-five thousand new Ford Model T's will go into service this season—a proof of their wonderful superiority. The price is \$775 for the roadster and \$850 for the five passenger touring car—complete with all equipment, f.o.b. Walkerville, Ontario.
