This Special Train will consist of fourteen cars, including two cars of Pure-Bred Horses and Cattle to be used for judging and demonstration purposes; other cars will contain Exhibits upon which demonstrations and lectures will be given on different phases of Agricultural Work and Domestic Science.

Amongst other things these Exhibits will include Models of Farm Buildings suitable for dairy cattle, hogs, sheep and poultry, also Veterinary Exhibits. There will also be Exhibits of Game, Grains, Grasses, Weeds, Samples of Students' Work at the Agricultural Schools, Dairy Products and Farm Dairy Equipment.

FARM WOMEN'S SECTION

There will be one car containing Exhibits from the Household Science Departments of the Schools of Agriculture, and another under the direction of the Women's Institute Department, where demonstrations will be given in cooking and in the canning of fruits, vegetables, meats and soups. A special nursery car will be provided for the children so that the mothers may be free to attend the lectures and demonstrations.

The Famous Garden City Feeder

THE FEEDER is the MOST IMPORTANT part of your threshing rig. The work of the separator depends almost entirely upon the work of the feeder; therefore, you should be SURE that your feeder is a REAL FEEDER, not merely a contraption to cut the bands and carry the grain to the cylinder.

The Feeder that has Brains

is equipped with a Governor that ACTS BEFORE the grain gets out of the feeder and PREVENTS any reduction of the cylinder speed. The Governor on other feeders ACTS AFTER the grain has been dumped upon the cylinder, and AFTER the damage has been done.

An OUNCE of Prevention is worth a POUND of Cure.

THE GARDEN CITY FEEDER prevents trouble; other feeders make trouble and then try to cure it. How about yours? You cannot afford to start out again with the same old trouble-maker. It will pay to throw it off and get a GARDEN CITY FEEDER.

We also sell the CASWELL BELT GUIDE. Satisfaction guaranteed or your money back.
