

THE CIRCO PAGE

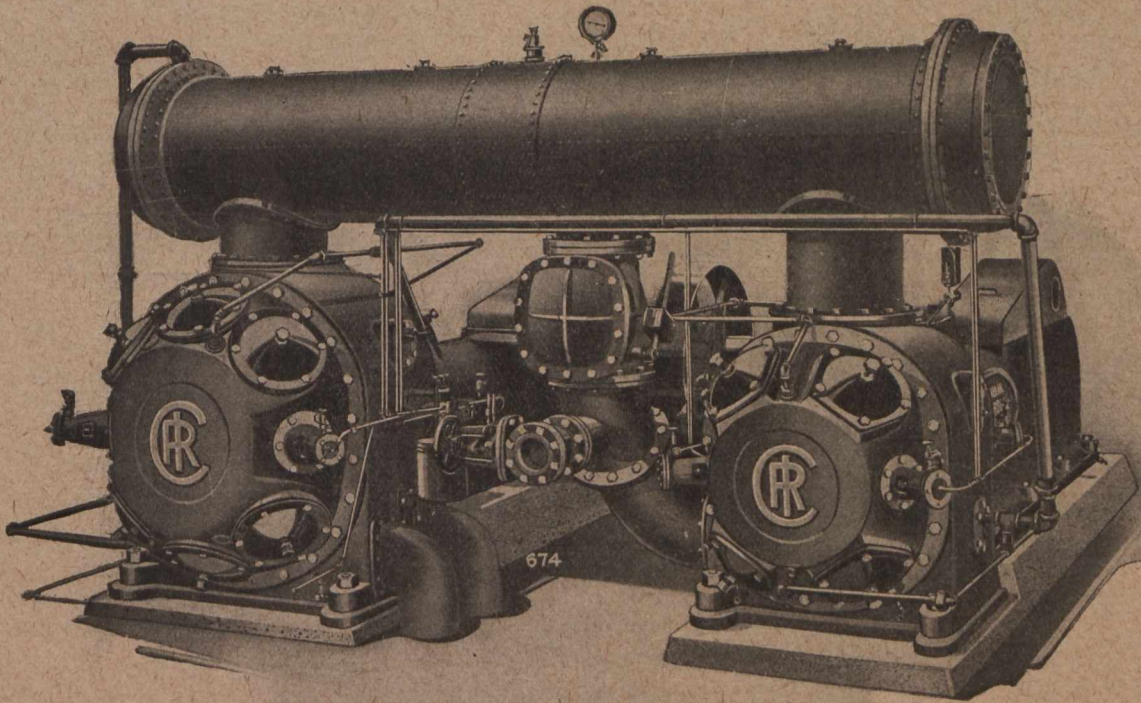

Illustrating Compressed Air Machinery, Tools, and Appliances

AFTER THE WAR

NOW is the time when the Canadian mining industry will come into its own. Europe and the United States must come to Canada for their nickel and asbestos and there will be no after-the-war depression for Canadian mines.

England will place her orders within the Empire. The CANADIAN Ingersoll-Rand company stands ready to supply all your needs in compressed air, from compressor to pneumatic riveter and drill.
