There is a moral in that for you if you want to reach the people.

A Boon To The Town.

Last week a dramatic company "The French Maid" was left stranded at Sudbury, owing to the business manager and treasurer decamping with the funds of the company. The mayor with the best of intentions, opened a subscription list to assist the ladies to their homes, which, however, met with no response to his appeal. It was considered that this unexpected addition to the population was the greatest possible boon to the town on account of the scarcity of feminine society. The male population is said to outnumber the female in a ratio of twenty-five to one. Sudbury at present being filled to overflowing with commercial men, civil engineers, bankers, miners, railroad contractors, lumbermen and numbers engaged in the new electrical development works. It is rumored that several weddings will shortly take place.

LIVE STOCK MARKETS TORONTO.

The railways reported 90 carloads of live stock at the city market, comprising 1325 cattle, 1741 hogs, 1824 sheep and lambs and 131 calves.

The quality of cattle generally was not good.

Selling cattle yesterday was no easy stunt. It was a slow, sticky market, at declines registered on Monday at the Union Yards, and in fact, some of the dealers said it was worse.

Selling light steers and heifers yesterday was a matter of hard peddling. Some of the salesmen who had been on the job from the opening of the market to the close had not been able to make a clearance, despite industrious peddling. Buyers wanted few or none and were hard to interest, and, in fact, many of them were not in the humor to look at cattle, especially the class that was on sale. The result was that there was a lot of light cattle still unsold at the close of the market.

Butchers.—Geo. Rowntree, bought for the Harris Abattoir Company 397 cattle, as follows: Butchers' steers and heifers, \$5 10 to \$5 90; cows, \$3 50 to \$5; bulls, \$2 80 to \$5 25; canners and cutters \$2 to \$3.

Besides those bought by Mr. Rowntree, there were many light steers and heifers bought to kill at prices ranging from \$3 30 to \$4 75.

Stockers and feeders.—The market for stockers and feeders was quiet, not many buyers being on the market, especially farmers. Stockers were quoted at from \$3 25 up to \$4, and feeders, 800 to 1100 lbs., at \$4 25 to \$5.

Milkers and Springers.—There was not as much activity displayed on the market for milkers and springers, especially for the medium class of milkers and late springers. Prices ranged from \$40 to \$75, and we heard of two top notch cows going at \$90.

Veal calves.—There was a heavy run of rough grassy, heavy calves, 250 to 275 lbs each, that sold at \$3 to \$3 50, veal calves of choice quality sold at \$5 to \$7 50 per cwt., and a few extra quality at \$8 to \$8 25 per cwt.

Sheep and Lambs.—Another heavy supply of over 2000 sheep and lambs at the two markets had the effect of keeping prices down to Monday's quotations, as follows: Sheep \$3 to \$3 75, and lambs at \$5 to \$5 25 per cwt.

Hogs.—Mr. Harris was paying \$6 75 for selects, fed and watered at the market, and \$6 40 was the price quoted to drovers at country points for hogs f. o. b. cars, which would mean about \$6 25 to the farmer. There were 2500 hogs reported at the two markets for the day's receipts.

Shot Proved Fatal.

Tavistock, Ont., Nov. 20—A shooting accident occurred on the 16th concession of East Zorra, about three miles east of here, on Saturday, which proved fatal to Mr. Henry Schumm, a popular farmer of East Zorra Township. Mr. Schumm, together with John K. Sommer, of the same place, were going to shoot a horse, and the gun was in Mr. Sommer's hands, when it was accidentally discharged, the shot hitting Mr. Schumm, death resulting in about twenty minutes. The victim lately had been troubled with a weak heart, and it is thought the shock hastened his death. An inquest will be held.

The Provincial license officers in a recent raid on Owen Sound, a local option town, secured incriminating evidence of the sale of liquor at several hotels, and fines of \$700 were imposed by the local magistrate.

Spotters in Teeswater.

A couple of gentlemen stopping in town, one at the Vendome and the other at the Grand Union, are the subjects of much talk these days. They are supposed to be spotters. The former's business is said to be that of buying up land for a wealthy American firm, and the latter is said to be desirous of starting a factory in town. We heard something about Americans buying up farms near the border before Reciprocity was defeated, but why they should buy now and as far north as here, is something that we do not understand. As regards starting a factory here one would think that the Town Council would be interviewed at once to see what could be done in the matter. We only wish he was in earnest about his mission, a factory here is needed and we believe a movement along that line would be encouraged by almost every one in town.

Let these fellows get out and get busy along their respective lines instead of lounging about the sitting rooms of the hotels. They will never dig up business there.
