

OT FIT TO VOTE, SHE WEARS SHOW IT"

ngly Opposed Municipal Suffrage ted to the Woman of Illinois.

Asked if she thought the Illinois victory means that women have become permanently a part of the national government and will force suffrage on the Eastern states, Mrs. Marshall replied:

"Certainly not. The women in the East are not strongly in favor of the ballot, and none of the cabinet women seem to favor it with the exception perhaps of the president's daughter, Miss Jessie Wilson."

Says Suffragette Father Would Starve in Six Hours

NEW YORK, July 31.—A cable to the Tribune from London says: George Lansbury, the ex-Labor member of Parliament, who resigned his seat in Parliament to fight for re-election on the suffrage issue, but who was defeated, was sentenced on the 29th to three months' imprisonment for making inflammatory speeches in support of the suffrage cause. He left the court amid the cheers of women sympathizers, declaring that he would "hunger strike" immediately. His wife, however, doesn't believe he can carry out his threat. She says: "Father has a terrible time before him if he tries any hunger strike. I never saw a man so dependent on regular meals. He would starve to death in six hours. I can always tell when he hasn't had lunch—he's so tired and cross when he gets home at night."

ROPES OF BRIDGE SOAKED WITH ACID THIS ACCIDENT A PECULIAR ONE

Motor Cycle Explosion at Cincinnati Killed Two and Injured Many. CINCINNATI, July 31.—Two are dead, six will die, according to attending physicians, one other is probably fatally burned and eleven others are seriously injured as the result of a motor cycle explosion at the Lagoon motordrome across the river from this city, last night. John Johnson, of Salt Lake City, captain of the Cincinnati team, which was contesting at the motordrome, for some reason that will probably remain unknown, drove his cycle to the extreme top of the circular track, crashed into an electric light pole, broke it off, and the contact of the live wire with his machine, exploded the gasoline tank, throwing the burning fluid over a score of spectators. Johnson paid the penalty with his life, while William Davis, aged 5 years, is likewise dead, as the result of the accident. Six others are women and four men, cannot live, while twelve others are registered at the Kentucky hospital as in a serious condition. That a large number of others who cannot be located, were burned, is almost a certainty, as several drug stores in the vicinity of the place, were kept busy for an hour after the accident dressing the burns of those who escaped without serious injury.

Financial Sky Clearing

So Says Sir Donald Mann Now on Trip to the West. WINNIPEG, July 31.—"With a clearing financial sky, the promise of abundant crops, and better railway facilities to move the crops, Canada need not be pessimistic," declared Sir Donald Mann, on his arrival after a Western tour of inspection. "Crops in Alberta, Saskatchewan and Manitoba are looking magnificent. Railways this fall will be much better able to handle grain than last year." Speaking on financial matters, Sir Donald mentioned that some pretty hard knocks had been handed the C. N. R. over the \$15,000,000 subsidy from the Dominion Government, "but that is what they want," he commented.

INITIALS CUT ON LIVE HOGS' BACKS

Charges of Inhuman Practices Made Against Chicago Packers. CHICAGO, July 31.—Cruelties which animals at the stock yards are forced to undergo are to be made the subject of an investigation by Hugo Krause, secretary of the Anti-Cruelty Society. Reports which have been received at headquarters of the society state that the most flagrant abuse is the practice of cutting initials on the back of a live hog. This is done, according to the report, by "cripple contractors" who purchase animals disabled in transit.

Clearing Up Arson Case.

PORTAGE LA PRAIRIE, July 31.—A. E. Webb, prominent resident of Carberry, was arraigned in the court Wednesday, charged with arson in Carman in May 1910. The charge accuses him of engaging John Marshall to start a fire in Garland's store. Detectives who had been working on the case since the three years ago, made the first arrest by taking J. A. Marshall at Brandon, and Marshall made a startling confession, alleging that Webb, a business rival of Garland's, offered him \$100 and some clothing to start the fire. Marshall claims he only got \$50.

GREAT BRITAIN DECLINES TO ENTER PANAMA EXPOSITION--DECISION TODAY

Greatest Reticence is Being Observed Regarding the Matter, But it is Believed That Dispute Over the Free Use of the Canal is Reason for Action Taken--Other Causes are Suggested. WASHINGTON, July 31.—After exhibiting much concern over the places which it would assign to prospective exhibitors by the management of the Panama-Pacific exposition, the British Government finally has declined to participate. The long delay in acting upon the invitation to participate in the fair, extended a year, has been the cause of deep concern to the management of the exposition, particularly as formidable opposition had likewise developed in Germany, where certain of the great trade associations, such as those representing the steel and iron manufacturers had formally requested the German Government to decline the invitation. In an unofficial way it is said that dissatisfaction on the part of the

great commercial nations with certain features of the pending tariff bill which they felt bore hardly upon their trade was the reason for the attitude to cover the hostility toward the San Francisco fair. But as the senate finance committee has amended the tariff bill in a manner thought to make it unobjectionable to those nations, it was fully expected they would see their way clear to accept the invitations. In the case of Great Britain, however, though the original cablegram of Ambassador Page giving notice of the declination, has now been supplemented with a mail report dealing with the subject more fully, it is not yet positively known what basis of objection now remains. It is thought by officials, however, that while the reason assigned by the British Government is a belief that there have been too many such international expositions in recent years, the underlying objection is based upon the view of incongruity of British participation in an event designed to celebrate the opening of the Panama canal, while there is a dispute as to its free use.

Will Probe Tyrus Cobb Was Right in Resenting Abuse From a Spectator

NEW YORK, July 31.—The successful attempt of Tyrus Cobb to have a spectator removed from the grand stand at Philadelphia on Tuesday will be made the subject of an investigation by the Baseball Players' Fraternity. According to Cobb, the spectator addressed objectionable language to him. Mindful of the trouble he caused in this city a year ago when he attempted to physically abuse a lifeguard, Cobb called upon the umpire to eject the man. This method was suggested by the National Commission, according to Dave Fultz, president of the fraternity. Evidently it did not work satisfactorily in the Philadelphia test for Mr. Fultz stated to-day in discussing the affair: "According to reports from Philadelphia, Cobb attempted to follow out the plan laid down by the national commission, appealed to the umpire to eject a spectator who had insulted him and was jeered out of the game by the crowd. "The fact that the spectator was allowed to remain in the stand proves that the method adopted by organized ball for handling this evil is grossly inadequate. "A player should not be made to stultify himself in this manner. The magnates should make a sincere effort to put an end to this long standing evil. The players' fraternity has repeatedly made suggestions, which, if adopted, would prove more valuable than the recommendations of the national commission."

Not So Bad Financial Conditions in Moose Jaw Subject of Official Resolution

MOOSEJAW, Sask., July 31.—The City Council has passed a resolution unanimously condemning a local paper, The Evening Times, for its front page editorial on the financial conditions of the city. In part the resolution reads as follows: "That this council desires to place on record its strong disapproval on the article published recently, owing to its gross misstatements of local conditions, wherein the credit of the city and its business men is impugned, and that a copy of this resolution be forwarded to the Board of Trade with the request that support be given this motion with a view to restoring confidence in the city which has been seriously impaired by the publication aforesaid. Mayor Pascoe emphatically denies the report published in a local paper announcing that the city's bankers have refused to accept cheques drawn by the city. "Any inconvenience that has been experienced in connection with the city's financial arrangements has been caused by our inability to dispose of the city's debentures," said the Mayor.

Fifteen Hundred on Board Attend Service

BOSTON, July 31.—Wreaths, fashioned by members of the family of William T. Stead, the London editor and author, who was lost in the Titanic wreck, were cast into the sea from the deck of the Cunard liner Franconia as that vessel lay with engines stilled over the grave of the Titanic last Sunday afternoon. Fifteen hundred men and women stood with bowed heads during the ceremony, while the ship's band played "Nearer, My God, to Thee." The services were arranged by Miss Kate Stevens, who was associated with Mr. Stead in his reform work, and the wreaths were made of laurel picked from Mr. Stead's garden. Miss Stevens was one of the passengers arriving here on the Franconia.

MACKAY VICTOR IN HARD FIGHT GERMANY HAS AN ARMY SCANDAL

Four Polls to be Heard From Not Expected to Change Result in Athabasca. EDMONTON, July 31.—With 8 out of 12 polls heard from in the deferred provincial election in Athabasca, Hon. A. G. MacKay, Liberal, has a majority of 141 over the Conservative Candidate, Maj. J. H. Woods of Athabasca Landing. The remaining four polls which are at far outlying points will not be heard from for several days, but it is not probable that they will affect the general result. Mr. MacKay's election is now conceded by the Conservatives. The fight was a bitter one, and nearly all the prominent politicians on both sides took part during the past few days.

Shot Him Mexican Crossing Boundary Line Received a Bullet.

EL PASO, Texas, July 31.—Corporal Smith of troop A, second cavalry, U.S.A., shot Ismael Monteros, a soldier of Col. Toribio Ortega's command, said to be his personal servant at Tornillo, on the Rio Grande, yesterday, as Monteros was attempting to cross the international boundary, fully armed and on horse back, according to reports received by General H. L. Scott to-day. The corporal's bullet cut a furrow in Monteros' scalp and felled him from his mount. The Mexican has been attended by the army surgeon at Fabens and is being held a prisoner, together with five other Mexicans and three wagon loads of provisions. They were attempting to cross to Ortega's camp. Dr. L. B. Rashbaum, surgeon-major in Ortega's camp, promptly came here with a message from Ortega to the commanding officer of the United States troops in which the constitutionalist commander says he much regrets the incident and hopes to be exempt from responsibility inasmuch as he has repeatedly instructed his men not to attempt to cross the river under arms. Monteros is said to have drawn his pistol on the American soldier.

PROPOSAL TO TAX CHILDLESS PERSONS

PARIS, July 31.—The Figaro has received from the "Race Française" Society a draft of the proposed law to tax not only bachelors, but all childless persons over a certain age. According to the statistics of Dr. Bertillon, France at present counts 1,330,000 bachelors, 1,800,000 childless families, 2,650,000 families with only two children, and 2,000,000 with a single child. The new bill fixing for each citizen an obligatory minimum of three children, could impose a tax of thirty francs per "non-existent child," so to speak, on every citizen of forty-five years who has not three children living or who has not reared three children to the age of twenty-one. The tax is calculated to produce an annual sum of £20,000,000. The proposal has been submitted to the Ministers of Law and Finance, whose opinions have not as yet been made public.

French Society Submitted Draft Bill to Ministers—Bachelors Included.
