HEALTHIEST ONE

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

Port Robinson, Ont., July 8th, 1915. "We have used "Fruit-a-tives" in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try "Fruit-a-tives". She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthies one in the family and has no signs of the old ailment. We can not say too much for "Fruit-atives" and would never be without

Odd Ends of News There is little stir about to-day's election. The contest has been a still hunt for the candidates. What diferent views the candidates take on ome leading municipal questions, have not been placed clearly, if at

all, before the candidates. Considerable wood and hay is moving at present, the former is for Brantford or Hamilton, and the latter for the American army.

FURMED CORDON

Italian Aviators Met Every Enemy Machine As It Advanced

DIVERTED COURSE

Artillery Action Along the Mountain and Piave Fronts Intermittent

Italian Headquarters in Northern Italy, Jan. 6-Padua was spared another air raid last night largely thru the daring of Italian aviators who went up into the air an hour before noonrise and formed an aerial cordon around the city, meeting enemy machines as they advanced. The enemy aviators seeing the heavy concentration, diverted their course, going to Mestre, Bassano, and Castel Franco, where they caused some cas-ualities and considerable loss at the last place. British aviators are doing especially good work. Their latest exploit was the destruction of an enemy balloon at Susegana and the bringing down of an enemy aero-

plane by gun-fire. The artillery action along the mountain and Piave fronts is intermittent, and no longer shows the intensity of a big offensive. Along the upper Piave enemy batteries have been virtually silent for a week in-dicating either a shortage of ammunition or a possible movement of for-ces westward to other fronts.

Weather conditions continue ab-normally good, with clear days and The temperature usually is above freezing and there is almost no snow. Weather experts believe the season now is so far advanced heavy snows are unlikely until the regular Alpine snow falls, beginning in Fe-

Italy has adopted a drastic new policy to increase her fighing forces. Physical requirements have been ages of 18 and 44 years, previously exempted for defects, are ordered to present themselves for further examination.

Those accepted will be mustered in the army on January 15. It is estimated that the decree will bring more than 600,000 men to the colors.

BRITISH LOSSES. By Courier Leased Wire

London, Jan. 7.—British casualties reported during the week ending to-day totalled 18,998. The osses were divided as follows: Officers killed or died of wounds, 113; men, 3,832. Officers wounded or missing, 448; men, 4.605.

RHEUMATISM GOES IF HOOD'S IS USED

The genuine old reliable Hood's Earsaparilla corrects the acid condition of the blood and builds up the whole system. It drives out rheumatism because it cleanses the blood.

It has been successfully used for forty wears in many thousands of forty years in many thousands of cases the world over.

There is no better remedy for skin and blood diseases, for loss of appetite, rheumatism, stomach and kidney troubles, general debility and all ills arising from impure, impoverished, devitalized blood.

It is unnecessary to suffer. Start treatment at once. Get a bottle of Hood's Sarsaparilla from your nearreceipt of price by Fruit a-tives Limited est druggist. You will be pleased

This information, received by food administration, comes through a reliable source from a responsible party. The prices are from four to five times as high as those now prevailing in the United StatesS.

Prominent Georgia Physican Recommends Tanlac **Tto His Patients**

Dr J. T. Edwards, of Favetteville a., one of the best known members of the medical profession in State of Georgia, makes a statement that will undoubtedly produce a profound impression throughout Am-

"In my thirty years or active practice as a licensed physician in the State of Georgia," said Dr. Edwards. "I have never seen anything to equal Tanlac as a medicine to produce results. I hear people on all sides telling of the benefits they have derived rom its use

"Tanlac is simply the talk of my town. I have no hesitancy in recommending the medicine; and as l matter of fact, I am prescribing it for my patients almost every day. "Only a few days ago a well-known woman of Fayetteville came to me and told me about the remarkable relief her daughter had gained from the use of this medicine. She said her daughter had been confined to her bed for three years with what had been pronounced pellagra, and that after using Tanlac for a short time she was able to be about, and was on the road to recovery.

"But this is only one instance People in all walks of life in and around our little city are giving similar indorsements to the medicine. Seldom a day passes that someone does not come to me and say somehing about the good results they are getting from the use of Tanlac. "Several unusual gains in weight have been reported by some of our most prominent people, and I have treated some stubborn cases of in-

organic disorders and secured splenid results with Tanlac." Tanlac is sold in Bantford by Milon H. Robertson & Co., Ltd., in Paris by Apps Ltd., in Mt. Vernon by A. Yoemans, and in Middleport by William Peddie.

digestion, catarrhal conditions and

To the Editor

Brantford, Jan. 7th, 1918. To the Iditor of The Courier: Dear Sir,-In reply to the complimentary letter of Mr. J. T. Sloan, of Dec. 5th, 1917, I would say that f the integrity, ability and progress iveness of Mr. Sloan was known to all the ratepayers of the City of Brantford, it would be unnecessary to reply to his letter. Therefore, I reel in justice to himself, that I should comment on his ambitions. As he is yet of tender years, and the whole of his useful career is before him, in my opinion it would be a crime for any ratebayer, more especially the Assessment Commissioner, to try to keep a good boy down. I think he is like a well-made he would improve with age. At present, I understand he is a licensed auctioneer, real estate agent and general parcel delivery, etc., and if he possesses the qualifications that he has expressed in his letter to the press, he would make an ideal assessor, as this is one of the most enviable positions in the gift of the city council, always one round of continued pleasure, requiring little or no experience, just to be guided by the opinion of any schoolboy, thereby attaining proficiency in the which was struck out of the letter to work of carrying out the assessment the Courier, that he was informed of a small city like Brantford, with that one of the assessors owned proonly about twenty-eight million dol-lars of assessment and a population of about thirty thousand people.

I am sorry that Mr. Sloan would assessed. Now if Mr. Sloan can partments that have been affected by the Seine, these ten departments paid the invasion, paid between one-to the server would combine that investments that the ten de-partments that have been affected by the Seine, these ten departments paid undertake to pay to the Children's

This property was purchased in October, 1916, by Mrs. Annie Sloan, and Mr. John T. Sloan, Sr., is assessed as joint owner. Now as this assessment was made by Mr. J. C. By Courier Leased Wire Washington, Jan. 7 the United Statess.

CONDEMN ANNEXATION

By Conrier Leased Wire.

Amsterdam, Jan. 7—The Vorwaerts publishes speeches by Philipp Scheidemann, leader of the majority Socialist party in the Reichstag, and Hugo Haase, the minority Socialist leader, condemning what they termed the annexationist projects of the German Government as disclosed at Brest-Litovsk. The speeches were de
assessment was made by Mr. J. C. Wath on June 5th, 1917. I assume that it is quite correct, as I always found Mr. Watt very careful in making inquiries about the tenants of any, where he assessed, and if an error was made the writer was not accountable for it; and as to other property that he refers to in Ward 4 that Mr. Sloan was assessed for is No. 89 Grey St., which was deeded to Jane S. VanTassell in May, 1917 Government agencies. Indications are that passenger traffic, reduced one-fifth on eastern roads by orders Brest-Litovsk. The speeches were de-livered before the Reichstag main ity, would have the assessors to as-committee, sess this property to him for the curtailed within a week or two.
