Epidemic Still Lingers at Simcoe

Influenza Not Yet Over—Its Ravages Felt in Norfolk County

SIMCOE NEWS ITEMS
(From our own Correspondent)
Simcoe, Nov. 20.—Though an uninvited guest, the flu still lingers. Miss Bertha McKnight is home from Hamilton normal school with a slight attack. Mrs. Joseph Gilbertson has gone to Hamilton to nurse her daughter. Miss Eva, who was also attending Normal school. At home, Mrs. (Dr.) McIlwray is quite ill, and there are many vacant chairs at the high school. Conditions are about the same in the country.

G. W. Y. A. in New Quarters
The Great War Veterans held their first meeting in their new quarters yesterday evening. They moved their furniture and fixtures from the armory on Monday, and are easily settled in the Market building.
As the days go on, one is compelled to consider what is to become of what used to be made of this big building, the armory. If we are to have peace, there will be little use for it in a military way. And it is too big a building and represents too much money to be allowed to stand idle.

Married in Simcoe
Kenneth Hagerman, youngest son of Wm. Hagerman of Teeterville, and Miss Charity E. Henry, daughter of George Henry of Windham Centre, an ex-reeve of the township, were married yesterday at St. Paul's manse here by Rev. Mr. Scott-Fulton. The young couple will pursue farming on the groom's farm near Teeterville.

The party came to town in two autos and departed after doing the time-honored confetti act, as the happy couple boarded the 3:10 trolley for a honeymoon somewhere in Canada.

Lt. Geo. Curtis Promoted
Lt. Geo. E. Curtis, a veteran of the infantry, and later of the aerial forces overseas, has been promoted to the rank of captain. A few days ago left here for Whittby where he has been appointed adjutant at the military hospital. He is a son of Major Geo. A. Curtis, of the 39th militia battalion.

Odd Ends of News
Men were wanted on the coronation wood pile yesterday and likely today as well.
If there is going to be a marrying fever after the boys come home, it is high time that the parties, now at home designing the solemn, solemn, and getting scarce in Simcoe.

The tax bills have been delivered. Those who pay taxes by check on their own bank account, with a good margin gain nothing by waiting till the last day. They can help cut down the towns' overdraft by paying early, and this without any personal disadvantage.

KING ALBERT IN ANTWERP.
By Courier Leased Wire
Antwerp, Tuesday, Nov. 20.—King Albert made his entry into Antwerp today. His progress into and about the city was enthusiastically cheered everywhere.

A te deum at the Cathedral was attended by the King, who afterwards rode in an automobile to the various sections of the town. He left at four o'clock in the afternoon. The citizens of Antwerp gave the day to rejoicing over their liberation and the return of their monarch. No signs of war were apparent. The shops of the city were open and apparently well stocked with goods.

Every District Exceeded Its Victory Loan Objective—Some Won Crowns

FOUR FOR PORT ROWAN

Simcoe, Nov. 20.—(From Our Own Correspondent)—The totals for the various districts in the Victory Loan campaign were given out yesterday evening. The amount of clerical work gone through with at county headquarters is beyond the ordinary conception of the citizen. The staff just now are beginning to see daylight ahead. Every division reached its primary objective and the total is \$400,000 above that of 1917. The subscriptions by districts follow with the number of crowns won, placed to the right in brackets:

Waterford and Towns	\$223,150
Simcoe	437,850 (2)
Port Dover and Woodhouse	207,050 (1)
Windham	189,050
Delhi and Middleton	155,750 (1)
Charlottetown	86,350
Port Rowan and S. Walsingham	193,100 (4)
Houghton	20,150
N. Walsingham	40,950
Total, 1918	\$1,478,400
Total, 1917	\$1,080,000

Norfolk was second in the district on a percentage basis. Mr. McKies has received from headquarters very congratulatory and complimentary greetings. And there is general satisfaction in the fact that not a single district fell short of its objective.

This condition is due to the local pride of those who attended Saturday's celebration and then hurried back to their divisions, kindled the fire of pride to overcome the odium of reproach and succeeded in snatching victory from defeat. Reeve Duncombe of Waterford, R. W. McCall of Victoria, and Gus McKnight and George Kellum of Windham were among those. Probably Stewart Buck, captain of the team in Port Rowan and S. Walsingham, was the largest individual producer. He got over \$100,000 and his district produced 200 per cent. of the objective.

PLAN TO MAKE WORLD DRY.

By Courier Leased Wire
Columbus, O., Nov. 20.—Plans through which "dry" leaders hope to make the world "as arid as a cinder path," according to one of the delegates in an address last night, will be outlined at sessions to-day, Thursday and Friday of the world-wide prohibition conference.

Among speakers who will address meetings to-day are former United States secretary of state, William J. Bryan, Ben H. Spence, Toronto, and Bishop Thomas Nicholson of Chicago. National executives of the Anti-Saloon League of America will also speak at sessions of the conference.

STRIKE CLOSES MILLS.

By Courier Leased Wire
Ottawa, Nov. 20.—The paper mills of J. R. Booth were closed down last night owing to a strike of 400 pulp workers and boilermen, who are demanding increased wages. The men claim Mr. Booth promised to accede to their request when he secured \$3.50 per cwt. for newspaper. The whole plant as a result has been shut down and the newspaper supply of the Ottawa papers is endangered should a settlement not be arrived at immediately.

GERMANY QUIT BECAUSE BEAT, SAYS READING

Not Because of Any Change of Heart, in Opinion of British Chief Justice

URGES WATCHFULNESS

Must See to it That War Results in Betterment of the World

By Courier Leased Wire
London, Nov. 20.—Germany in the end gave way, but not because she changed her views, but because she knew she was absolutely beaten, declared the Earl of Reading, who has been mentioned as one of the British peace delegates, in a speech in London to-day. Lord Reading uttered a warning which he said the victor countries should continue to be watchful of Germany and the utterances of her statesmen.

"The Germans, which are now anxious to fall in with the views of our country," he said, "has yet to show by her actions and not merely by one day or two days or a year or two that she has really changed her mind. We must see to it that we can ever believe in our hearts that Germany has changed from what it was before the war."

URGES WATCHFULNESS.

"When reading the German foreign secretary's message regarding the armistice conditions, it should be remembered that the terms of the armistice were more gentle and more merciful than would have been the terms if the war had continued. Let us continue to be watchful and wary in peace, as in war. We must remember what had happened. We must take to our hearts the lessons of the past. We do not require revenge. France has not asked for revenge. Who we did wish and what we were determined to have, both in France and England, and in all the nations associated in this great cause, was that justice should be meted out to those who were responsible for the awful horrors of the last four and one-half years."

"I recall in the early days of the war, at the end of September, 1914, when I was in France with Mr. Lloyd George. I remember talking to one of the great French generals, Castelnau, and asking him the question, which then was a new one, whether it became during the four and one-half years of war. 'How long do you expect the war to last?'"

CONSOLIDATE SERVICES.

INDUSTRY IS RESUMED IN BERLIN

Majority of Large Plants, Except Munition Works, Are in Operation

ON PEACE ORDERS

By Courier Leased Wire
Berlin, via Amsterdam, Nov. 20.—(By the Associated Press).—Most of the large industrial plants in and about Berlin already are working. No unemployment is reported as a result of the cessation of war industry. Sigmund Bergmann, who is said to have once been connected with Thomas A. Edison and to have been one of the founders of the General Electric Company in the United States, but who is now one of the leading industrialists in Germany, said:

"On the second day of the revolution we started in to work on peace orders, of which we have enough booked to keep our sixty thousand employes busy for two years. This holds good for virtually every plant of any importance in Germany. The country has been literally worn threadbare in all lines. Just as we have been turning our garments inside out, we have helped ourselves along with a multitude of substitute devices in other directions."

WINTER PORT SEASON.

By Courier Leased Wire
St. John, N.B., Nov. 20.—The winter port season here will be inaugurated to-morrow with the arrival of the C.P.R. liner Montclair. A very busy season is anticipated.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a tin of Wyeth's Sage and Sulphur Compound at any drug store all over the country. This is the old-time remedy improved by the addition of other ingredients. While gray, faded hair is not unattractive, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared; and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

JAPAN TO NEW ORLEANS.

By Courier Leased Wire
New Orleans, La., Nov. 20.—The Panama Maru, 18,200 ton steamer, of the Osaka Soshun Kaisha, one of the largest Japanese steamship companies, arrived at this port last night, marking the beginning of regular service on the first regular steamship line ever operated between New Orleans and Japan. The vessel brought a cargo of coffee from Brazil and on its return trip through the Panama Canal will carry a cargo of machinery and merchandise for Japan.

DIVIDEND PASSED.

By Courier Leased Wire
New York, Nov. 20.—Anticipating a reduction in Government war orders, the Maxwell Motor Company to-day passed the 1.3 per cent. scrip dividend due at this time on its first preferred stock. The directors explained in a statement that they expected "a substantial modification or revision of existing war orders which will necessitate liquidation of its present inventory and conversion of manufacturing facilities from a war to a peace basis." Consequently "until the company has passed through the period of readjustment" it was deemed best to conserve cash resources.

Maxwell stock dropped sharply in the market to-day on announcement of the action.

TRANSPORT PRISONERS
By Courier Leased Wire
Berne, Nov. 20.—Arrangements have been made for the transportation of 100,000 Italian prisoners of war from Austria and Germany to Italy by way of Switzerland. The first of the special trains, each carrying 800 men, passed on Saturday.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It becomes beautifully soft, wavy abundant and glossy at once. Save your hair! All dandruff goes and lustre comes again.

Surely try a "Dandermine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandermine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, buoyant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Dandermine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Dandermine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates, and strengthens them. Its exhibition, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Dandermine at any drug store or toilet counter and try it as directed. Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

FIL IN GOVERNOR'S HOUSE.
