#### OBITUARY

**Madeline Rathburn**

Madeline Rathburn, aged eleven years, daughter of Mrs. Blanche Rathburn (nee Schurman) and the late Elbert C. Rathburn passed away Oct. 6th., at the "Peter Bent Brigham Hospital," Brookline, Mass., after sixteen months illness of kidney trouble. She bore her sufferings bravely and was much loved by all the doctors and nurses in the hospital, besides the different patients who came and went during her many months stay there, no matter how much pain she was in, she always had a sweet little smile for all who came within her view. Mrs. Rathburn was at the bedside of her daughter during the last week. Besides her mother, she leaves three brothers, a host of relatives, friends and playmates to mourn the loss of a loving little daughter, sister, friend and chum.

The funeral was held at her late home 259 Princeton St., East Boston, October 9th., at 2:30 p. m. the Rev. Mr. Marsh of the Union Methodist Church officiating. One of the many pretty things he said was that he did not come to speak at little Madeline's funeral, but rather at her graduation; that she had graduated just ahead of all who were there. "Safe in the Arms of Jesus" and "Some Day We'll Understand" were sung very beautifully by Miss Florence Ryder. The floral pieces were beautiful, among them a pillow from the family, a beautiful wreath of white asters and pink dahlias from uncle March and grand-ma Rathburn of the Horton Light-house, Avonport, Kings Co., a harp with a broken string from Mr. J. W. Burgess and family; a wreath from Mr. J. E. Coffill and family. Those sending very handsome sprays were, Dr. O'Hare, Madeline's physician, Mr. C. C. Webster and family, Mr. J. H. McKenna and family, Mr. Geo. W. Joyce and family, Mr. J. E. Kenting and family, Miss Blagche and Myrtle Faulkner. The Methodist Union Sunday School.

Madeline was laid to rest beside her papa in Woodlawn Cemetery, Everett, Mass.

#### Drastic Reconstruction of the Union Government is Under Consideration

**One Change Will be the Placing of a Captain of Industry at Head of Trade and Commerce Department—Parliament to Meet First Week in January.**

Morning Herald.

Ottawa, Nov. 26.—Parliament, according to present intentions, will meet on or about January 6th. The government is already engaged on a legislative slate and the estimates are under preparation. The session is expected to be long and interesting, demobilization and reconstruction problems demanding solution, with Laurierites and "Ginger group" anti-Unionists working to embarrass and impede the work of the government.

The dinner to Hon. Robert Rogers in Toronto tomorrow night is expected to disclose the strength of this so-called "Ginger group." The banquet itself is a sort of free-for-all, every one with a grievance being welcome, and for that reason is likely to attract a large crowd, but few figures of national prestige are expected to attend.

Sir Robert Borden may not return to Canada until near the end of the session. His return is almost certain to be signalled by an important reconstruction of his cabinet. This reconstruction plan was at the point of consummation when Sir Robert was suddenly called to England. It can be stated now that this reorganization was of a much more drastic character than was hinted at the time, involving the retirement of at least three ministers, one of whom has been for years outstanding national figure, and the placing at the head of the trade and commerce department of one of the country's leading captains of industry.

#### Influenza Disorganizes Lumber Camp

Because of the outbreak of influenza in a large Nova Scotia lumbering camp, all operations have ceased. This means not only a very serious loss to the operators but will materially lessen the lumber output a matter of no small concern to the people at large.

As the men are said to have returned to their homes there is reason to fear that a number of new communities may be infected by the disease.

It is understood that instructions are being sent to all mill operators by the Provincial Health Officer with leaflets for distributing amongst the men.

The Yarmouth Herald says that the recent high tides submerged many of the wharves Freight in some of the warehouses was seriously damaged. At Baker's wharf a large shipment of potatoes held there by the United Fruit Co., of Berwick, for the Havana market were partially under water, and it will necessitate repacking before they can be put aboard the schooner Frank J. Seavey.
