UNANIMOUS CHOICE.

Hon. Mr. Gibson Nominated by East Wellington Liberals.

THE CONVENTION AT FERGUS.

Big Turnout of the Liberals of the Riding —The Minister Accepts in a Capital Speech Acknowledging the Compliment—A Tribute to the Late Member—The Addresses.

Fergus, Oct. 11.—The Liberals of the grand old riding of East Wellington paid the Hardy Government and the Hon. J. M. Gibson a splendid compliment yesterday by tendering to the Commissioner of Crown Lands the unanimous nomination of the party to succeed the late member, Mr. Craig. In doing so it demonstrated in a practical manner its confidence in the Administration, for it means more than mere resolutions when half a dozen men, any one of whom would have made a strong candidate, willingly, nay, voluntarily, stand aside for what is by them considered to be in the best interests of the party as a whole. No other name was mentioned, no one else was thought of even in the primaries, where the 99 delegates received their instructions. One delegate wanted an expression of opinion from the different townships before the convention as a whole committed itself, and the steady manner in which row after row of delegates rose to favor Mr. Gibson dispelled any doubt as to who was to be the choice of the convention, and a spontaneous cheer filled the hall as the entire delegation confirmed the choice by rising to their feet. Mr. Gibson reached Elora during the day, and a half hour's drive brought him to the hall when the result was known. He could not have been more heartily received had he been born and reared in the township. There were many visitors present as well as delegates, some driving over from Guelph.

A heartfelt resolution of respect to the late member, Mr. Craig, was passed, and then Mr. Gibson was unanimously nominated.

Mr. Andrew Semple, M.P., was speaking when Mr. Gibson arrived, and he gave way to the nominee. In response to the nomination tendered, the Commissioner of Crown Lands in accepting made a speech in which he discussed the public questions of the day and thanked the delegates for the compliment paid him and the Government of which he was a member. Speeches were also delivered by Messrs. McMullen, M.P., and W. T. R. Preston.

A 12-YEAR-OLD HEROINE.

Little Eva Smith Allows Her Skin to Be Taken For Grafts to Save Her Burned Brother's Life.

Toronto, Oct. 11.—Charlie, the 8-year-old son of Mr. Hugh Smith of the Customs House, was nearly burnt to death. His left side, back and arm were so badly burned that the physicians in attendance almost gave up hope for his life. A consultation was held, at which it was concluded that the only way to heal the burns and save the use of the muscles to the boy was to graft skin upon them. The doctors looked in vain for someone that would permit the skin to be cut from his body to graft on to Charlie.

At last Charlie's little sister, Eva, who is but 12 years old, and who had heard her parents talking the matter over, went to the family doctor, and said:

"If it I'll make brother better, you can cut my skin off."

The parents consented and the skin was removed from both her thighs from hip to knee, and grafted upon her brother's raw burns. Although it was more than a week before she was able to run about again, the brave little girl never uttered one word of complaint, and only laughed at her pain.

Charlie is doing nicely, and will soon be well, while the doctors say they will never forget the little heroine that lives at 144 Lisgar street.

TO BE BROUGHT TO LONDON.

Twohey's Alleged Slayer Fought Furiously While Being Captured.

Victoria, B. C., Oct. 11.—Marion Brown, alias Thomas Allen, the one-legged mulatto accused of killing P. C. Michael Twohey at London on June 24, fell into the hands of the Canadian police on Sunday. Brown was arrested at Yakima, Wash., after a long and difficult search. He was taken to Seattle to await the tedious process of extradition. Liquor and drugs were smuggled into his cell there, and he was taken out of Seattle jail, believing that his liberators were his friends. From Seattle he was brought to Port Angeles, and thence to Victoria. As soon as he stepped on to Canadian soil Constables Redgrove and Anderson arrested him, and he knew he had been tricked. He fought furiously, although he has only one leg, but was overpowered. If he is convicted, United States Marshal A. L. Dilley of Yakima will receive the $500 reward.

South Perth Again.

Toronto, Oct. 11. — Two additional papers were filed in the South Perth election case yesterday, both having relation to additional particulars, and both for the benefit of the respondent, Mr. Moscrip. The first consists of eight additions to the charges alleged by Mr. Moscrip in the straight petition, from which it would appear that Mr. J. W. Graham, barrister of St. Mary's, has been distributing the good things with no unsparing hand. Three charges of furnishing "meat, drink and refreshment" at the expense of the Conservative candidate, Mr. Nelson Monteith, comprise the second, and they are added to the cross-petition.

Mr. Hart Appointed.

Kingston, Ont., Oct. 11.—John F. Hart, graduate of Guelph Agricultural College, and for some years associated with Prof. Robertson, Dairy Commissioner, has been appointed superintendent of the Kingston Dairy School, vice J. R. Raddick. He is at present in charge of the dairy department of Clamon College, South Carolina.

First for the Conservatives.

Toronto, Oct. 11.—Lennox will have another election to select the successor of Mr. B. E. Ayleworth, formally unseated yesterday by Justices Falconbridge and Street. There was only one witness called.

IN MOOD TO FIGHT.

The Redmen May Attempt to Drive All the Troops From Their Reservation —Gen. Bacon's Ultimatum.

Walker, Minn., Oct. 11. — At the agency a council was held between the Indians, General Bacon, Colonel Herbach, Indian Agent Sutherland and Marshal O'Connor. The result of the conference was not in any way unlike that of those previously held, except in the fact that not one of the leading men of the different bands was present.

A most significant fact is this: Saturday thirty canoe loads of Bear Island Indians and their families, professing to be peaceful, arrived at the agency. Yesterday every one of the bucks in the party left, but where they have gone is only to be surmised. There is little doubt, however, that they have left for Bear Island to join those who are already prepared to fight. There must be by this time several hundred armed men on the island and more are on the road. General Bacon announced that the last council would be held yesterday and the Indians dispersed.

It is reported on the authority of a citizen who has conversed with a hostile Pillager Indian, one who was in Wednesday's battle, and who has sat in all the councils of the Pillagers, that the Indians have sworn to an agreement to accomplish, if possible, the following: They will attempt in a few days to drive from the reservation all of the troops already there. They will, if they are successful in the above, not allow any United States authorities or United States troops thereafter to land on the reservation. If troops land upon a point not inhabited by the hostile Indians, an attempt will be made to drive them off as soon as possible.

The man who gave this information is believed to be thoroughly reliable. He had an extended conference with General Bacon last night.

Flatmouth and his band of forty Chippewa Indians may be on the warpath before another day has passed. At the council held yesterday he delivered a message asking that the troops be taken away from the agency and informing the authorities that in the event of a refusal to do this he will join the hostile Pillager Indians.

Troops on the Way.

Minneapolis, Oct. 11. — Yesterday morning 180 of the Fourteenth Minnesota left for towns on the Fosston extension of the Great Northern road on the northern border of the Leech Lake reservation. Lieut.-Col. Johnson was in command. The men carried tents, 100 rounds of ammunition and several days' rations.

Ultimatum to Indians.

Walker, Minn., Oct. 11.—After the Indian council yesterday General Bacon and Inspector Tinker told the Bear Islanders that if they would give up the men for whom warrants were issued and come in themselves they could go home. If they resisted the Government would not rest till the recalcitrants had been captured. It is believed that the Pillagers will accept the terms offered.

JAMAICA AND CANADA.

Question of Annexation Brought Semi-Officially to the Front.

Kingston, Ja., Oct. 11.—The question of the annexation of the Island of Jamaica to Canada, which was mooted about a month ago, has now been definitely put before the public through the medium of the semi-official newspaper. The Gleaner publishes a review of the economic situation and says that beyond a doubt a feeling is growing in favor of political incorporation with Canada.

"But," says the Gleaner editorially, "on the whole, if a reciprocal treaty with the United States could be effected, this would be the best possible solution of the economic problem, the general belief being that England and the United States are bound to come to some satisfactory commercial arrangement about the West Indies, without a disturbance of the political status quo. The proposal for Canadian incorporation is, however, before the public and we invite expressions of opinion from the population."

WRECKED BY A RAILWAY TIE.

Train Wrecker's Successful Work Near Moncton, N.B.

Moncton, N.B., Oct. 11.—About 11 o'clock Sunday night a serious accident occurred at Hodgins' siding, near Baldunze, north of here. The special in charge of Conductor Davidson was coming east when a sleeper was observed across the track. The driver, E. Hayward, immediately reversed his engine, but it was too late. The locomotive was derailed and fell over into the ditch with seven cars piled on top of it.

An oil tank car caught fire and exploded and set the wreck in flames. Driver E. Hayward and Fireman George Smith were both in the wreck, and how they managed to crawl out is a mystery. Brakeman James Harvey was badly bruised. The whole wreck and contents were destroyed by fire. The sleeper was evidently placed on the track for a purpose which was accomplished. All the injured men belong to Moncton.

The Winnipeg Mystery.

Winnipeg, Oct. 11.—Molsons Bank robbery is still a mystery, the detectives being at a loss to know in what direction to look for a clue. With regard to the statement that the entire staff would be dismissed, a delegation including some of the most prominent citizens waited upon the manager and Inspector Durnford, asking that no member of the bank staff be dismissed without an absolute proof of guilt. The inspector said he would make this representation at headquarters.

Episcopalians for Alliance.

Washington, Oct. 11.—There was no abatement yesterday in the public interest attending the triennial council of the Episcopal Church. Among the resolutions presented and referred was one expressing thanks for the sympathy of Great Britain toward this Government during the recent war with Spain, and hoping the time would come when the two great nations would stand "shoulder to shoulder and flag to flag" in the progress of the world.

Dr. Lambert's Case Remanded.

Ottawa, Oct. 11.—The case against Dr. Lambert for criminal assault came up in the police court yesterday. Miss Christopher, the complainant, was too ill to proceed with her evidence and another adjournment was made until Wednesday morning. Miss Christopher became hysterical when placed in the witness box, and the magistrate declined to go on until Wednesday morning.

Miss Julia Voght of Denver, Col., has been found strangled to death in her apartments. A twisted towel lay on the floor beside the body.

John Findlay, a resident of Hamilton's Scotch block, was badly beaten by a gang of roughs at Caledonia's fair last week. His condition is serious.

Robert Mackenzie, the Toronto young man who was wrongfully convicted and sentenced to 18 months in the Central Prison for the theft of some tobacco from the G.T.R., was released from custody on Friday.

Mrs. Eagan, a Toronto Street Railway conductor's wife, was bound and gagged by a robber until he searched the house. He got a silver bracelet, and Mrs. Eagan was found by her husband as the robber had left her at 1 a.m.

Maud Gibson, the Lockport, N.Y., procuress, convicted at Hamilton and sent to the reformatory for nine months, and fined $100, has been released by the order of Mr. Justice Rose. The conviction, according to the judgment, was uncertain and irregular.
