Local Notes

Cedar Park hotel is now open for the reception of guests.

Mr. Morford Arnold, dental student, Toronto, returned home on Saturday evening for the long vacation.

This is on the dead quiet—Most of the trees have their trunks packed and are ready to leave.

Miss Maude Langtry of Carleton Place has been visiting at the home of Miss Stella Steacy, Wiltetown.

Moriaburg village council has passed a by law charging every shop that sells cigarettes, cigarette paper or cigarette materials of any kind a license fee of \$60. A violation of the by law will be punished by a fine of from \$10 to \$50, or 21 days in gaol.

Now is the time to look over fruit trees for rings of caterpillar eggs on the small limbs. They can be easily seen, broken off and burned before the leaves come out. A few minutes work now among the trees may save a vast amount of damage from these pests late in the season.

The Department of Fisheries has issued a regulation authorizing the spearing of suckers while on the "sprut" during the present season. This sport is now on and will last for a week or two. As the law stands, this permission may be granted by the department any season but the sport is unlawful otherwise.

Noah Shook, the boot and shoe repairer, in returning thanks for the very liberal patronage he has received in the past, wishes to inform the public that he will be in his shop, over Syd Moore's grocery, next to Fair's livery, every Friday and Saturday, ready to do all jobs of repairing. Work can be left during the week at Moore's grocery and will be all completed by Saturday night. Prices will be found reasonable. 22-24

A new American wrinkle is the culture of rice in artificial swamps, the invention of some north-western farmers settled in Louisiana. They build a bank around a section of prairie and pump water into the inclosure from artesian wells. When the crop matures the water is let out, the ground dried off, and reapers and binders secure the harvest at greatly reduced cost. The land is easily prepared for the next season, and there is no danger of drought.

Synod Meeting.

The Synod of Montreal and Ottawa will meet in St. Andrew's Presbyterian church, Perth, on Tuesday, the 8th day of May, at 8 p.m. Besides routine business the four following subjects will be dealt with: 1. "Pastoral work in town and country under present conditions"; 2. The work of the Board of Management; 3. The decrease of interest among men in the Christian life and in Christian work; 4. Is spirituality on the increase in the Christian church? If so, what? If not, why not?

Fishery Regulations.

The Ontario Government's bill respecting the fisheries of the province contains the following provisions of interest in this section:

The commissioner of fisheries shall have the power to set apart any provincial waters for the cultivation and propagation of frogs, and to make regulations with reference to the capture thereof.

No bass taken or caught in provincial waters shall be exposed for sale in or exported from the province before July 1, 1903.

The anglers' limit is fixed as follows: In one day 12 bass, 20 pickerel and 20 maskinonge; 15 lbs. speckled or brook trout, or 50; no speckled trout between Sept. 1 and May 1.

The fish to be caught are to be not less than: Bass 10 inches, speckled trout 6 inches, maskinonge 24 inches. Tourists are limited to 10 lake trout. The limit of salmon trout or white fish is 2 pounds, or 1 1/2 pounds, dressed.

Pink-eye is afflicting a number of horses around Kingston.

It is expected that bananas will be high-priced this year owing to their scarcity.

The reception service takes place after the evening service in the Methodist church on Sunday next.

Cash paid for cow hides, deacon skins and sheep pelts at Wilson and Son's meat market, Main street. 2m

Miss Effie Clow has resigned her position as teacher on the staff of Kemptville public school and returned to her home at Lynn.

Services to last several days will be held at the camp-ground of the Holiness Movement at Lake Elvidia, commencing on May 17th.

Last week, Mr. S. Laughlin returned to his home in Toronto in response to a telegram. He intends, as usual, spending the summer months at Charleston l.l.ke.

Very little maple syrup or sugar has been made in Leeds county. Since warm weather set in the night frosts have not been severe enough to ensure a good run of sap the next day.

Charleston lake is free from ice and a large number of fishermen are chasing pike around its submerged shoals and incidentally sowing the seeds for a harvest of rheumatism and la grippe.

The Frost & Wood Co. of Smith's Falls intend carrying out some very extensive improvements in their works during the coming summer. Nearly 400 hands are now employed in the shops.

Jos. Greenham one of the most progressive tenant farmers of the township of Rear of Yonge, has concluded the bargain whereby he became the purchaser of the Edward Stowel property near Addison.

In South Africa the warmest month is February and the coldest is July. The temperature is not as trying as that of Central Europe. The rainfall for the year is light, varying from 20 to 20 inches.

Mr. Lewis O'Mara, a well known resident of Lombardy, dropped dead of heart disease, a few days ago. He was seventy-five years of age, and leaves a widow, and eight children, four sons and four daughters.

Rev. Mr. Grenfell, formerly of Athens, now of Annprior, has returned from a trip to the Pacific. His object was to gain material at first sight for a lecture he proposes to give in places in England during the summer.

The time has arrived for the annual clean-up of back yards, and the observance of this practice should be general throughout the town. It not only enhances the appearance of the place but will tend to promote health.

A few days ago, Mr. Phil. Halladay of Elgin, while fishing in Sand Lake, captured a pike weighing 15 lbs. and measuring 3 feet 5 inches in length. The skin was sent to the taxidermic establishment of Mr. E. Curry, Athens, for preservative treatment.

The musical programme discussed by the Citizens' Band on Saturday evening was highly enjoyed by a large number of promenaders. These open air concerts are very popular and constitute one of the strongest reasons why the villagers should loyally support this excellent musical organization.

It is said that the Ontario Government, in connection with the proposed action looking to the improvement of the roads of the province, will try to abolish all toll-gates. We hope the rumour is correct. It will be a good act, and the Government will deserve the thanks of all classes if it does this.

The C. P. R. Company broke the record last week for hauling the largest train of cars ever hauled in this country, when a train of 71 loaded cars were taken from Smith's Falls to Montreal, a distance of 128 miles, in five hours. An American official stated a few days ago that the longest train ever hauled was in the United States, when 65 cars were pulled a distance of 35 miles. The record was easily broken by the C. P. R. as the above will show.

A short time ago, fire destroyed the outbuildings of Mr. T. Vanaman at Havelock and endangered his dwelling house. The excitement of the occasion injuriously affected Mrs. Vanaman's health and as a result she has been for several days under treatment in Brockville General Hospital. Her many friends in Athens will be pleased to learn that she is recovering rapidly.

Seed Potatoes.

The undersigned offers the Early Fortune potato for seed. It is one of the strongest growers among the early varieties, both as to early ripening qualities and enormous productiveness. Of strong, vigorous growth, it is handsome in form and its color resembles the Early Rose. I find they yield, under the same cultivation, three times as many as the Early Rose from the same amount of seed planted. Although Early Fortune was planted three weeks later than the Early Rose, they matured at the same time.

N. B.—Anyone wanting these seed potatoes, can have same at greatly reduced prices from what is generally asked by the leading seedmen. Athens. 41. Wm. Morr, Church st.,

For Sale.—Bran, Shorts, Provender, Hay, Oats, &c. Lowest prices,—at Athens Grain Warehouse.

A number of ladies and gentlemen from Athens drove to the home of Mr. Stephen and Miss Jennette Kelly on Thursday and all spent a pleasant evening.

Rev. I. Hall of Westport conducted the services in the Methodist church on Sunday last, his work at Salem, Bedford and Westport being taken by Rev. E. W. Crane.

FOR SALE OR TO RENT.—My new brick house on Reid street. Possession given at once. Also, call and see my elegant stock of carriages—superior in style, finish, and durability to any ever offered by me—and patronize home industry. Prices will be right. —D. FISHER.

Probably Fenians.

Since the report of the attempt to wreck the Welland canal, appearing on our second page, was written, it has been conclusively demonstrated that the men under arrest, who unquestionably are the guilty parties, are natives of Ireland and it is thought that they are Fenians.
