

THE GRIPPE EPIDEMIC.

A Scourge More to be Dreaded Than Cholera.

Medical Science powerless to prevent its spread. It is again sweeping over Canada with great severity. How its evil effects can best be counteracted—Only prompt measures can insure safety.

It is stated on high medical authority that an epidemic of the grippe is more to be feared than an outbreak of cholera. The latter disease can be controlled, and where sanitary precautions are observed the danger can be reduced to a minimum. But not so with the grippe. Medical science has not yet fathomed its mysteries, and is powerless to prevent its spread. Three years ago this country, leaving death and shattered constitutions in its wake, and now once more it has appeared in epidemic form; not so severe perhaps, as on the former occasion, but with sufficient violence to cause grave alarm, and to warn the prudent to take prompt measures to resist its inroads.

When, a few months ago, it was announced that cholera had broken out in Grimby, one of England's important seaports, it was feared that it would reach this continent, yet this once dreaded scourge was checked and exterminated with a loss of not more than half a dozen lives. That the grippe is more to be dreaded than cholera is shown by the fact that in London last week upwards of a hundred deaths were due to this disease, and medical science is powerless to prevent its spread, and can do less to prevent than relieve those stricken with the disease. At the present moment thousands of Canadians are suffering from the grippe, and the misery it inflicts would be difficult to estimate. Even when the immediate symptoms of the disease disappear it too frequently leaves even the most robust constitution shattered. The after effects of the grippe are perhaps more dangerous than the disease itself, and assume many forms, such as extreme nervousness, distressing headache, pain in the back, loss of appetite, depression of spirits, shortness of breath on slight exertion, swelling of the feet, indigestion to exertion, a feeling of constant tiredness, partial paralysis of the limbs, and many other distressing symptoms. In removing the after effects of the grippe, or for fortifying the system to withstand its attack, no remedy has met with as great success as Dr. Williams' Pink Pills. They rebuild the blood, restore shattered nerves, and place the sufferer in a condition of sound health. In proof of these statements we reproduce a few letters speaking in the strongest and most positive terms as to the value of Dr. Williams' Pink Pills in cases of the grippe or influenza.

Mr. George Ross, Redversville, Ont., says:—"I am well to-day and do not hesitate giving Dr. Williams' Pink Pills the credit of saving my life. I had three attacks of the grippe, and was reduced in flesh and strength I could hardly stand alone. I had no appetite. I could not sleep because my feet and legs became badly swollen and cramped. The pain was at times so violent that I could not refrain from screaming, and I would tumble about in bed and long for day to come. I felt as if I were being pulled to pieces. I took medicine from the doctor, but it did not help me, and I was discouraged. I did not think I could live more than a few months, when one day I read in the paper of the cure of a man whose symptoms were like mine. I sent for a box of Pink Pills, and by the time it was gone there was an improvement. I continued the use of the pills, found that I could now get a good night's sleep, and the cramps and pains which had formerly made my life miserable had disappeared, and I felt better than I had in four years. I know that it was Pink Pills that brought about the change, because I had taken nothing else. I have taken in all seven boxes, and I feel as good now as I did at forty years of age."

Capt. James McKay, Tiverton, N. S., says:—"I had the grippe about three years ago and that tied me up pretty well. I wasn't fit to take charge of a ship, so sailed south as far as Mill River, Jamaica, as nurse for an invalid gentleman. The weather was simply melting, and I used to be on the deck at night, and in my weakened condition got some sort of fever. When I reached home I was completely used up, and continued to get worse until I could hardly move about. At times my limbs would become numb with a tingling sensation as though a thousand needles were being stuck into me. Then my eyesight began to fail. It was difficult for me to distinguish persons at a distance. My face became swollen and drawn, and my eyes almost closed. The doctors could do nothing for me. I suffered terribly, was only a burden to my friends, and actually longed for death, which all thought was in store for me. At this time the statement of a man down in Cape Breton came to my notice. He attributed his cure to Dr. Williams' Pink Pills, and I thought there might be a chance for me. I began the use of Dr. Williams' Pink Pills and soon found that they were helping me, and they continued use put me on my feet again, and I went to work after months of enforced idleness, to the great astonishment of my acquaintances, who never expected to see me around again. I feel it my duty to advise the use of Pink Pills by people who are run down or suffer from the effects of any chronic ailment. They saved my life, and you may be sure I am grateful."

John W. Boothe, Newcomb Mills, Ont., says:—"Words cannot express the gratitude I feel for the great good I have received from the use of your Pink Pills. I had my full share of the grippe, and it left me in a weak and debilitated condition. My nerves were unstrung and I was unable to hold anything, such as a saucer of tea in my hands without spilling it. I had terrible pains in my head and stomach, and although I consulted a good physician I derived no benefit. I made up my mind to use your Dr. Williams' Pink Pills, and I now look upon the decision as an inspiration, so great is the benefit I have derived from the use of this marvelous remedy. My pains have vanished, my nerves are strengthened, and I am feeling better than I have done before in years."

Mr. W. A. Marshall, principal of the Clementsport, N. S., Academy, says:—"I had a bad attack of the grippe which left me weak, nervous and badly used up. I was unable to do my work, and with terrible headaches, backache, and pains through the body. I tried many remedies with little or no benefit until I began using the use of Dr. Williams' Pink Pills, and the use of seven boxes has made me feel like a new man, as I am now as strong as I was before my sickness. I can heartily recommend them to others so afflicted."

Mr. B. Crouter, Warkworth, Ont., brother of Rev. Darius Crouter, who some years ago represented East Nor., thundered in the House of Commons, says:—"Two years ago I had an attack of the grippe which nearly cost me my life. My legs and feet were continually cold and cramped, and I could get little or no sleep at night, and you can understand what a burden life was to me. One day I read of a remarkable cure by the use of Dr. Williams' Pink Pills, and I made up my mind to give them a trial. When I began using the Pink Pills there was such a numbness in my feet that I could not feel the floor when I stepped on it. As I continued the use of the pills this disappeared; the feeling returned to my limbs, the cramps left me, I felt as though new blood were coursing through my veins, and I can now go to bed and sleep soundly all night. When I get up in the morning instead of feeling tired and depressed, I feel thoroughly refreshed, and all this wonderful change is due to Dr. Williams' Pink Pills. I believe Pink Pills have no equal for building up the blood, and I strongly recommend them to all suffering, or to any who wish to fortify the system against disease."

Scores of other equally strong recommendations might be quoted, but the above will suffice to prove the undoubted efficacy of Dr. Williams' Pink Pills in removing all the evil effects of the grippe or influenza, and those who have in any degree suffered from this dangerous malady should lose no time in fortifying the system by the judicious use of Pink Pills. They are the only remedy that strike at the root of the trouble and thoroughly eradicate its bad effects. Ask for Dr. Williams' Pink Pills and do not be persuaded to try something else. Sold by all dealers or sent by mail, post paid, on receipt of 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Toronto, Dec. 22nd, 1893.—The case of Dr. E. A. Rose, who was cured of diabetes by Dodd's Kidney Pills, was sufficiently remarkable to command widespread attention; but second thoughts bring out a more remarkable phase of the matter. Blood poisoning, as a development of diabetes, is always considered fatal. When it sets in, the attending physician always gives up any lingering hope he may have had. In Dr. Rose's case blood poisoning had set in, yet he was cured. It is the only instance every one that these precious extraordinary virtues in cases of kidney and blood disorders.

What Dram-Drinking Means.
Here is a business offer from a grocer in Kirkville, Missouri. Could not any Canadian grocer make a similar proposition? The sum would be \$73. Here is the proposal: "Any man who drinks two drams of whiskey per day for a year, and pays ten cents a drink for it, can have at our store thirty sacks of flour, 220 pounds of granulated sugar and 73 pounds of good green coffee for the same money, and get \$2.50 premium for making the expenditure." This is a temperance lecture in a very few lines.

Scraps for Odd Moments.

Ask for Minard's and take no other. No man is fit to lead who has not the courage to stand alone. Garfield Tea is sold by all druggists.

We cannot be right with God as long as we are wrong with men. Minard's Lintment is used by Physicians. We would all know Christ more if we had suffered more from him.

Garfield Tea cures sick-headache. People who worry forget that God still has control of everything. Minard's Lintment, Lumberman's Friend.

Knowledge can help us toward God, but it can't bring us to Him. Keep Minard's Lintment in the House. If all Christians would keep wide awake no sinner could sleep.

Chronic Coughs are permanently cured by Hawker's Tolu and Wild Cherry Balm. There has to be a commandment before God could give a promise. If the devil did to travel without a mask he would never be followed.

If you do not know how good a remedy Garfield Tea really is for constipation and sick headache, send a postal card to Dr. Denmore & Co., 271 Queen Street, East, Toronto, for a free, trial package. Christ has more to say against hypocrisy than he has against stealing. The next best thing to owning something is to be willing to do without it.

A Disagreeable Habit.
Why go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relieve you of this disagreeable habit? In cases of cold in the head, Nasal Balm gives instant relief and effects a permanent cure. From dealers or post paid, at 5 cents a box, or six boxes for \$2.50, Dr. Williams' Med. Co., Brockville, Ont.

The devil can sometimes frighten the Lord's sheep, but he can't hurt them. Christ went to the cross as cheerfully as he did to preach the sermon on the mount. EVERYBODY SUFFERS FROM IT. It is the result of violation of nature's laws. Polry Davis has done much to allay the sufferings of the people by giving them out of nature's storehouse a balm for every wound. Such is the Pain-Killer; it stops pain almost instantly, is used both internally and externally, and is of all pain remedies the oldest and best. New size Big Bottle, 25c.

The bad man digs a pit for others, and then shuts his eyes and falls into it himself. The devil's way of trying to whiten his own face is to try to blacken everybody else's. Treasures above are treasures forever, but here they have value only for an hour.

In the Household.
"For two years," said John R. Cumming, of St. John, "I have used Dr. Manning's German Remedy in the household, and have found it invaluable for Colds, Croup, Cough, or any pains or aches; in fact I used it for nearly every ailment and always without good effect." Such a remedy as this should be in every household. "I also wish to say," adds Mr. Cumming, in his letter to the Hawker Medicine Co., "that last spring being very much run down, with loss of appetite and general debility, I used Hawker's Nerve and Stomach Tonic, which completely restored me to health."

"The woman of the hour" is the one who has breakfast on time. One use God makes of a good man is to prove that the devil lies. "It seems," said the barber, "that my whole life is to be spent getting out of one scrape into another."

The glad New Year is almost here. When better things we always seek. When vows we make, resolve we take. And keep them all about a week.

C. C. RICHARDS & CO.
I have used your MINARD'S LINTMENT successfully in a serious case of croup in my family. I consider it a remedy no house should be without.

The Grocer Dyspepsia Cure Co.
GENTLEMEN.—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with distress, which have been more frequent during the past three or four years. My mouth was furrowed up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine, and such were its effects that I continued it until now I can drink cold water or milk without any inconvenience. These severe pains are all gone and my mouth is as sweet
