HARTLAND MAY HAVE ELECTRIC POWER

Town Council Has Its First Regular Meeting and Maps Out An Ambitious Program

The Town Council meeting on Monday, the first of the new year, was opened by Rev. R. A. Triton who read Gen. W. after which a splendid address was given by the new Council, in which good reasoning and good advice was given. His Worship thanked the parson for his presence and well-chosen remarks, after which a vote of thanks was tendered by the Council. The meeting was then opened for business.

The report of the Treasurer showed the sum of \$1529.12 taxes collected, with a balance of taxes outstanding for 1920 amounting to \$211.11. The overdraft at the Bank of Montreal is \$1286. The amount of taxes to be collected less the overdraft leaves a surplus of \$1712.75 to meet liabilities until the new taxes are available.

The following amounts represent the estimates for 1921:

County Purposes	\$ 150
Interest on Bonds	1500
Salaries	1500
Streets	2200
Sidewalks	700
Fire and Water	3000
Sinking Fund	1000
Printing	25
Discount	300
Miscellaneous	100
Poor	200
Total	10,075

The town is bonded for \$11,000, \$2000 of which is due July 1, 1923, the balance being due Jan. 1925. The rate of interest is 5 per cent. and 1/2 per cent. respectively. It was thought advisable to make provision in the budget for the purchase of a new pump.

It was also decided to use the water as the old one has in use should be protected in case of emergency. If more care was taken by the late payers in the matter of water rates, and the conserving of same by curtailing waste caused by neglected and otherwise, the expense of water would be greatly reduced.

To the West and the Water Committee will see to it that an inspection of all taps is made at an early date and if the by-law in this respect is found to be infringed, those at fault will be dealt with accordingly. Other towns have experienced the same difficulty and the only proper and equitable method to be applied would be the installation of meters. By so doing each ratepayer would be paying for the amount of water received.

The Assessors for the year are: M. W. White, H. V. Aiton and J. E. McColgan.

On motion Frank Seely was heard before the Council on the question of supplying the town with electric lights and doing the pumping. A committee of three, consisting of H. H. Hatfield, Ray DeWitt and Ross Hall were appointed to go into the matter with Mr. Seely and report through a special meeting if necessary. The town needs an electric system and is falling down in that respect. Other matters such as town boundaries, Keweenaw Road, as town boundaries, Keweenaw Road, poor roads to town hall were dealt with and committees were appointed.

On the whole the new Council has a very ambitious program mapped out for the ensuing year.

ICE RACES TOMORROW

Woodstock Horses Expected Tomorrow—Summary of Last Week's Races

Fully 500 people, many from nearby towns, watched the Hartland Driving Club's weekly midweek races Friday, while an even larger crowd is expected tomorrow, when horses will be here from the Woodstock Club, while the following week Centreville horses will be here.

It is expected the Hartland Club will accept the challenge of C. T. Black of Woodstock, to race Lucky Strike for \$100 a side.

The summary of races:

CLASS A (Exhibition)	
Castle W. time 23, 29 1/2, 32	
CLASS B	
Teddy Bear	2 1 2 2 1 1
Peggy Hal	1 2 1 dr
Onward Wilkes	0 3 3 1 2 2
Time, 31 1/2, 32, 32, 32, 32 1/2, 33	
Peggy Hal cut a quarter and was drawn.	
CLASS C	
Kantha	1 1 2 2 1
Antelle G. (4)	2 2 1 1 2
Time, 23 1/2, 25 1/2, 33 1/2, 32 1/2, 33 1/2	
Starter—James Plummer	
Judges—H. M. DeWitt, Robert Hamilton, Woodstock	
Timer, H. P. Purpus	

In the matter of the challenge of Clarence Seely of Port Fairfield, the Hartland Club do not feel they have a horse in training of sufficient speed to take on "Royal McKinney" the Woodstock Ice King, 2:11 1/4, but it is reported that "Arden" owned until lately by Mel Sawyer of this town, after losing a nose and nose heat and beating him the second heat, recently, at Port Fairfield, made Mr. Seely draw him.

Dr. Macintosh says that although "Alice Homeland," 2:13 1/4, was not considered in the class of Hal Patch, 2:07 1/4, he accepted Clarence Seely's offer to race on Hartland ice and pay Mr. Seely's expenses to come here for the heat of the sport. He has disposed of Alice Homeland but will race Hal Patch, 2:07 1/4, with Lena Marie, 2:10 1/4.

"Don All," 2:03 1/4, has not been blighted or fagged since taking down last fall until a week ago and the owners do not propose to race him on the ice.

It is expected that the club will accept the challenge of Clarence Seely and give his horse "Lucky Strike" a race next week.

FIRE DESTROYS OLD LAND MARK

The Dennis McGarrigan House, Owned by St. Geo. Gray at Florenceville

On Tuesday Feb. 1, the fine residence of St. Geo. Gray was burned to the ground. The fire started in the morning about half past five from a lamp explosion. Help came quickly and it was thought that the fire was easily extinguished, but at one o'clock it broke out, this time between the floors, and there was no hope of putting it out. Some of the furniture was saved, although every thing in the dining room, kitchen and pantries and attic was burned, including all stoves and greenhouses, silver, china, etc. This house formerly belonged to Dennis McGarrigan and was an old land mark. The out buildings were all saved. Mr. Gray intends holding an auction of some future date of all stuff saved.

Miss Quenneville is visiting her sister, Mrs. Tom Boyer.

Miss Armstrong who has been visiting her mother, Mrs. W. P. Hagerman, has gone to Woodstock.

On Friday evening Miss Dorothy Stinchey entertained at a party. A large crowd assembled from here and dancing and cards were indulged in until about three o'clock.

Mr. Whitaker of St. John and P. S. Marston of Woodstock were in the village on Thursday to adjust the insurance on Gray's house.

The competitors who have been working as the school house have gone home. The school is all ready for the scholars as soon as the desks are in place.

The snow storm kept the folks from attending the services in Centreville on Sunday.

W. L. McCain is still confined to the house with cold and neuritis. Mrs. H. H. McCain who has been very poorly for the last three weeks is able to be out again.

NEWMAN CLARK'S PROPERTY SOLD

Applications for Job of Hangman

Two properties, one of 148 acres and another of about 100 acres, were sold in front of the Victoria county Court House at Amherst on Friday, under foreclosure of mortgages given by Newman Clark, deceased, to the death for the murder of Frances Hall at Grand Falls almost a year ago. The properties are located near Four Falls in the Victoria county, where Clark and his wife lived until they were separated. They were bid in by his brother at the amount of the mortgage, which had been reduced to \$280.

Meanwhile the sheriff of Victoria county is receiving applications from hangmen who want the job of executioner if the sentence of death is to be carried out on March 1.

The sentence had hardly been passed," declared Sheriff Tibbitts, before I commenced to get applications for the job of executioner. The first two applications came from Montreal.

"Clark hasn't missed a meal since he was sentenced," said Sheriff Tibbitts in denial of published stories that the condemned man had started a hunger strike. "That story is all rubbish. From the time he recovered after having his feet frozen, when he escaped from the hospital at Grand Falls after the shooting, Clark has never failed to eat his three meals a day. He is just the same now as he has always been. He appears stolidly indifferent as to what is going to happen and doesn't seem to care."

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so that deposits can be expelled, thus relieving pain and stiffness. Seigel's Syrup, also known as "Extract of Roots," contains no dangerous or other strong drugs to kill or mask the pain of rheumatism or lameness, it removes the cause. 50c a bottle at druggists.

At Car Carr's

New Goods Just Received

AT CARR'S

show marked reductions in many articles in

DRY GOODS

Prints, Gingham, Chambrays, Satens, Galateas, Wool Dress Goods, Towels, Towelling, Bleached and Unbleached Cottons, Flannelettes, Pillow Cotton, Homespun Yarn, Blankets, and many other articles are down in price. Of course goods in stock have to be reduced to meet present prices. Call and see how much lower these goods are than they were a few months ago.

IN GROCERIES most articles have also declined considerably, except in Canned Goods, which are, (if anything) higher. Sugar, Molasses, Tea, Rice, Soap, Nuts, Biscuits, Flour, Fat and Corn Meal, Shorts, Middlings, Whole and Cracked Corn, are all reduced.

Call at the little store with the low prices. Past side of track BRING YOUR EGGS AND BUTTER and GET BEST PRICES GOING.

JOHN T. G. CARR

WOODSTOCK HORSES HERE TOMORROW

Interesting Items of News from the Shiretown—Stables Broken Into

Some dope fiends visited our town Thursday night and made three breaks before locating what they were after. Yaxa & Co's store was first entered and what money was procurable was taken, then J. H. Brown's store was entered and a quantity of goods and some cash taken. Stevens Bros. drug store was the next and there a quantity of dope and liquor was taken. Finally the robbers entered the other two stores by mistake, as it was the dope and liquor they were after. The officers the next morning found some of the plunder hidden in the old burned building on Water st. Later in the day a man and a woman were arrested at a local hotel and on searching their room some of the plunder and money was found in the mattress. It is supposed that there were at least three men in bunch and probably the other two will soon be rounded up.

George W. Gibson & Co. have moved into their new store built on half the site of the old Hayden-Gibson theatre. Concrete blocks were used and the building presents a very nice appearance, and the contractor, Percy Corbett, should be proud of his job. The interior is nicely finished and gives the Gibson Co. lots of store and work room.

E. O. MacDonald is closing out his store and the shop is to be occupied as a shoe shine parlor.

The Farmers have broken out in a new line of business and have bought from Samuel Conthard his blacksmith shop and are going to run a horse shoeing shop. It is also reported that they are about to buy an old-established barber shop, so they will be able to sell shoes and haircuts at a big discount.

The matinee races on Thursday afternoon proved very interesting to a large number of spectators. Four classes were run off. Irvine Heart was drawn in the 3rd heat owing to losing a calf from one of his shaves. In the last heat of Class B Pace Harry Gratton was behind at the start and had not room to get through between the other two horses and in pulling up after passing the wire got in a muck with Q. B. Q. and broke some rigging and was drawn.

The following are the results:

Class A Pace	
College Swift, J. W. Gallagher	1 1 1
Irvine Heart, W. P. Mott	2 2 dr
Time—31, 31, 31 1/2	
Class B Pace	
Merry Wren, C. A. Poole	1 1 1
Q. B. Q. P. Walker	2 2 2
Harry Gratton, Gallagher	3 dr
Time—31 1/2, 31 1/2, 32	
Class C Pace	
Sis Peter, H. M. DeWitt	1 1 1
Rhonda Adair, H. M. Martell	2 2 2
Time—31 1/2, 32, 35 1/2	
Class D Mixed	
King, J. G. A. DeWitt	2 1 1
Dora Wilkes, P. Strong	1 2 2
Time—32 1/2, 32 1/2, 33 1/2	

College Swift is getting legged up and will make any of the fast ones step before the season ends. This coming Friday three of our speed artists expect to go to Hartland and try conclusions with your local horses.

Clarence Black is out with a challenge to race Lucky Strike with any horse in Woodstock on Hartland for \$100 a side. This looks like a good chance for Luck Strike to pay for her winter's care. If so one in Hartland accepts, a local man with a trotter says he is willing to take a chance. A Hartland gentleman reported here a short time ago that there was a trainer there by the name of Edison. That sounds like a phonograph.

A little later in the season, when it is decided who has the best horse in Woodstock, Hartland and Centreville, why not have three horses meet in a match race for the best horse in the county? Probably these would be a little money in stake—enough anyway to make it interesting.

Minnie Gratton, bought by J. W. Gallagher and C. F. Rogers, has arrived in town and is a classy looking mare. She is green and acts as if she has been hunted but little Togo H. the big trotter owned by J. W. Gallagher, was priced at \$2000 American funds to an intending American buyer. The deal has not gone through and we hope it will not as every one wants to see this fine horse in action here next summer.
