Eggs Fifty Cents a Dozen. A gentleman who keeps a few hens for profit, recently carried some fresh laid eggs to a
wholesale dealer at Faneuil Hall Market, Boston, and received for the same ferty-three
cents per dozen. The dealer said to him,
"mext week I will pay you forty-five cents,
and before Christmas fifty cents a dozen for all
you will bring me like these."

What is true of Bostom is in a measure true
of every market for eggs. The next ei ht of every market for eggs. The next eight weeks will be the season of highest prices. Therefore work your hens new for all they can Therefore work your hens new for all they can do. We have no doubt but that, for want of the proper ingredients in their food, more than some half of the hens in this country are now idle, when eggs will sell for fifty cents per dozen. It is pure folly to wonder, spend time and money or experiment to find out why your hens do not lay. You better by far profit by the experience of others, and make them the symptom or the two not have the symptom or the sy ht by the experience of others, and make them lay during December and January. The following sworn statement shows that, the quickest and sarest way to de this and increase the egg product during these months from one to six hundred per cent, is by the use of Sheridan's Powder to make hens lay, once daily in the food
