NEWCASTLE N. B. JANUARY 24, 1911

NORTHUMBERLAND
COUNTY COUNCIL

(Continued from page 1)

Coun. Vanderbeck said the Board had been called together in April to pass bills, amounting to \$8000, incurred by Mr. Maltby, and had not passed them.

Coun. Doyle said that this meeting was called at the request of Dr. Fisher. He had no knowledge of the bills that were presented for approval, as he had not been consulted in regard to any of the things for which they were incurred. Dr. Fisher requested him to again take hold of Board of Health matters, as things were getting worse, and he had done so, and felt that his work would compare favorably with that of Col. Maltby.

The Board of Health bills were referred to the County Accounts Committee and the Board of Health Committee.

Adjourned till 2 o'clock.

THURSDAY AFTERNOON

It was resolved that Scott Act convictions be no more advertised at the expense of the County.

Coun. Vanderbeck reported from the committee on petitions—1st. That \$1.90 be refunded to Chas. Burns, Blackville.—Passed.

2nd. That Margaret Howe's request for land damages be not granted, as the money had been paid.—Passed.

3rd. That T. H. Whelan's request for an Index of Births and Marriages, to replace one that had been lost, for \$60 be granted.—Passed.

4th. That the street plans of Newcastle be turned over to the town.—Passed.

5th. That no action be taken on the application of the N. B. Medical Society for the assessing of sums annually to be used in establishing a home for incurable consumptives.

Coun. Connors said the Medical Society had referred the matter to Drs. Marven, Wilson and Byrne, and Dr. Townsend had been in Chatham conferring with them. Dr. Byrne was to have explained the subject to the Council but had not been able to attend. The idea was to isolate incurables in homes so that other members of their household might not contract it.—Passed.

6th. That the request for the gift of land for range lights on Sheldrake Island be not granted, but that the Government be asked to buy the island or pay for the strip it had expropriated. Passed. \$1500 was assessed on Chatham parish for roads, and \$70.50 on Blackville for expense of opening a new road.

Scott Act Inspector Baldwin was re-appointed at a salary of \$500 a year.

Some small Board of Health bills were passed.

Coun. Parker moved that, Board of Health bills having been incurred without consulting the Council's members on the Board, it be resolved to ask the Government to give the Board power to examine witnesses under oath in respect to such bills, and that the sec-treasurer be authorized to pay the accounts that may be passed by the Board. Carried.

Coun. Swim moved that the Newcastle-Blackville train service should be extended to Boiestown, and that a committee be appointed to press this on the railway management. Carried. Committee—Swim, Schofield, Parker.

Coun. Burchill reported on the Alms-house accounts—that they were well kept and correct. He moved that the following assess-

ments be levied for Alms-house purposes:

Alnwick	\$250	Glenelg	\$200
Blackville	300	Hardwicke	200
Blissfield	75	Ludlow	150
Chatham	1100	Newcastle	350
Derby	75	Northesk	100
Southesk	100	Rogersville	150
Nelson	200		

FRIDAY AFTERNOON

Coun. Schofield introduced the following resolution:—

Resolved, That this Council recommend to the Government: that a doctor, living in a central place in the county, be chairman of the Board of Health and that the two councillors and the Alms-house commissioner constitute the Board of Health in each parish, so as to have control of the expenditure, the Council to appoint two of the councillors on the Board of Health with the chairman; and that the Sec-treasurer forward a copy of this resolution to the premier of the province.

Couns. Connors, Forsythe, Anderson, Vanderbeck, Parker, Swim and Burchill opposed having a doctor on the Board.

Coun. Parker said the county had asked the Government not to appoint a doctor, and if the resolution was passed, the Government would imagine that the Council didn't know what it was doing.

Coun. Johnstone thought it was near time something was done. Smallpox in his parish was kept smothered up. Hardly a house has escaped from disease within the last eighteen months. Scarlet fever in his parish is now very serious.

Coun. Burchill moved in amendment to Coun. Schofield's motion that the words re the appointment of a doctor be struck out, and that the remainder of the motion be adopted.

Coun. Lamont said the amendment was in line with what he had advocated last year. Each parish could then deal with the disease. The councillors would be able to placard the house and thus render practical assistance to the Board.

Coun. Burchill's amendment was seconded by Coun. Connors and carried.

Coun. Swim introduced a resolution that no supplies be given to persons under quarantine except on the order of the Alms-house commissioner of the parish affected, and that no food be given by the Board of Health unless it is shown that the persons under quarantine are unable to pay for the same.

Coun. Vanderbeck said that he and Coun. Doyle had decided to pay no more bills for supplies and services. Since October there had been no smallpox.

Coun. Swim's motion was lost. On motion of Coun. Pond and O'Donnell, it was resolved to ask the provincial government to resubsidize the Boiestown flour mill and have it started.

On motion of Coun. Doyle, \$5000 was assessed on the County for Health purposes.

Coun. McNaughton reported jail clean and tidy, but with poor ventilation.

\$500 was assessed for C. T. A. purposes.

Coun. Burchill reported that the county was receiving \$261 rent from lease of lands.

On motion of Coun. Anderson, the secretary was ordered to take steps to cancel lease of Sheldrake Island, because of non payment of rent.

Coun. Johnston's motion to have all county lands surveyed was lost. The rate for labor under the road act was fixed for Nelson and Chatham at 15 cents an hour.

On motion Coun. Anderson it was decided to repair the county wharf here.

Mr. T. W. Butler said there was no provision in the Health Act to

authorize the Council to appoint its own members to the Board of Health. He referred to the matter as Premier Hazen was reported in the press as stating that County Councillors could not be appointed on Boards of Health.

Coun. Connors said there was nothing in the act to prevent the council appointing its own members.

Coun. Swim altered his motion, introduced Wednesday to provide that the bond issue of \$35,000 be for 20 years.

Coun. Connors moved in amendment that a committee be appointed with power to install hot air heating, plumbing and electric light and build a wing on north or west side, total cost not to exceed \$5000.

Coun. Anderson supported the amendment.

Coun. Clark thought it was colishness to spend \$5000 on an old building.

FRIDAY AFTERNOON

\$8000 was assessed for contingencies.

Coun. Hayes reported the 23 inmates of the Alms-house well looked after.

The Council decided to hear delegates from Chatham and Newcastle Boards of Trade.

D. P. McLachlan, M. P. P., Ald. J. L. Stewart and Mr. W. L. Weldon represented Chatham Board. They urged the repairing of the Court House and its being made sanitary, also asked for a new valuation of the County.

The Newcastle representatives were C. E. Fish, E. A. McCurdy, Ald. Butler, Rev. E. S. Murdoch and Ex-Mayor Miller. Each strongly urged the building of a new court house, as the present one was unsanitary, too small, and in no way creditable to the County.

Coun. Swim pointed out that in a new building all the offices would be under one roof, and adequate vaults could be secured.

Coun. Doyle did not see where the money was coming from.

Coun. Hayes said he had voted for a new Court House for the past seven years and last year his majority was the biggest he had ever received.

Coun. Connors' amendment was lost on following vote:
For—Couns. Anderson, Arsenau, Chalmers, Connors, Doyle, Fowle, McNaughton, Schofield, Sullivan, Ullock, Vanderbeck and Williams, 12.

Against—Allain, Burchill, Carvell, Clark, Forsythe, Harrigan, Hayes, Kingston, Johnston, Lamont, O'Donnell, Parker, Pond, Swim, Weaver and Somers, 16.

Coun. Swim's motion to build a new Court House was carried by a reverse vote.

Couns. Burchill, Connors and Swim were appointed a building committee.

On motion of Coun. Connors a new valuation was ordered.

The valuers—Hon. Donald Morrison, Newcastle; Edward Gallivan, Chatham; and T. W. Flett, Nelson—were granted \$4 a day and legitimate expenses.

On motion of Coun. Allain the council endorsed projects of railways to connect Newcastle with Tracadie and Loggieville with Richibucto.

Hon. D. Morrison and D. P. McLachlan and Coun. Allain, M. P. P.'s, were appointed a committee to act with a committee from Newcastle Board of Trade to press upon the government the need of such railway connections.

On motion Coun. Burchill, the leasing by auction of the lands held by Messrs. Phinney and Doyle was deferred to next meeting of Council.

Couns. Doyle and Vanderbeck were re-appointed members of the Board of Health.

Coun. Burchill was appointed a delegate to the next meeting of the Union of N. B. Municipalities, and granted \$25 for expenses.

Warden Benson was thanked for the efficient manner in which he had discharged the duties of his office. He appropriately replied, and Council adjourned.

Her Daughter Saved

Stricken With Acute Rheumatism
—Recovery Scarcely Expected

Mrs. Dolina J. Lawlor, writing from Oxbow, Sask., says: "I would be lacking in gratitude if I did not write you and let you know of the wonderful good your Dr. Williams' Pink Pills have done for my daughter, Bell Lawlor. Indeed I think I may safely say that they have been the means of saving her life. For many years my home has been in Bruce Mines, Ont. Sometime over a year ago my son and daughter, then in her sixteenth year, left for the west. When leaving here my daughter was in the best of health, but in the following spring she was stricken with what the doctor said was inflammatory rheumatism in its worst form. After a few weeks she was able to get up, but her hands and limbs were so swollen that she could not dress herself. She continued in this way for some time, and then a second attack, worse than the first, set in, and my son telegraphed me, as she was very low. While I was getting ready to make the trip of eighteen hundred miles I got a second message to come at once, as they feared she could not live. When I reached her I found her even worse than I had expected. She was so weak and emaciated that I would not have known her, and she could only speak in a whisper. Her hands and fingers were all twisted and her limbs swollen to twice their natural size. The doctor had then been attending her for two months, and she seemed steadily growing worse. We did not dare move her in bed for fear of her heart giving out. She was as pale as a corpse, and her lips and face always cold. We had to fan her continually, and if we ceased even for a little while she would gasp for breath, and no one who saw her thought it possible she could get better. She suffered such pain that I used to go out of the room and put my fingers in my ears to shut out her gasping and moaning. I had known before of Dr. Williams' Pink Pills, and as we could gradually see her sinking I told my son I was going to give her the Pills. He was opposed to my idea for he thought a change in the medicine might prove fatal. However, it was finally decided to give her the Pills. In a week's time she showed some improvement and felt like eating. From that time on she began to gain steadily. Gradually her hands and fingers became straight, the swelling in the limbs went down and the heart beats became regular and the color returned to her face, and soon the cure was complete. She is now as strong and healthy as any girl of her age, and to see her you would never think she had passed through an illness from which none of her friends thought she would recover. You have my sincerest thanks for what Dr. Williams' Pink Pills have done for my daughter, and you may be sure I shall always warmly recommend them."

PUBLIC GUARANTEE

That most beautiful picture, entitled "Home Again," has brought such an enormous amount of new subscriptions to The Family Herald and Weekly Star, that the publishers are finding it impossible to keep up with the filling of orders, but in the columns of that paper this week, we notice a positive guarantee from the Publishers that every subscriber to that great weekly for 1912 will receive a copy of the picture, "Home Again." Their guarantee is sufficient and subscribers need not feel anxious although the picture may be delayed for a few weeks. Those who have not yet subscribed to the Family Herald and Weekly Star should do so at once and make sure of having a copy of the picture "Home Again." We learn that the Publishers are contemplating something for next season that will make this picture even more valuable than at present. One dollar pays for a full year's subscription to the paper, and the picture.—Union Advocate and Family Herald one year for \$1.50.

For Coughs and Croup

The Kind You Have Always Bought

Beware of cheap imitations

Signature of J. C. Watson

Your money back if Purity Flour does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and cent side of it. Buy high quality flour. That means PURITY FLOUR. The first little extra cost is more than made up by the extra number of loaves of bread it makes—by the superiority of the bread and pastry in sweetness of flavor and nourishing qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

"MORE BREAD AND BETTER BREAD"

PURITY FLOUR

You can buy as little as a 7 pound cotton bag or in 14, 24, 49, and 98 pound sacks. Also in barrels and half-barrels

Purity may cost a little more than some flours but you'll find its difference. To be genuine, must bear the Purity trade mark.

The Amberola

—not only the greatest sound-reproducing instrument— not only the greatest MUSICAL instrument—but the greatest

Edison Phonograph

THE Amberola brings to your home not only all of the extreme pleasure to be derived from all of the very best of every kind of entertainment, but a further pleasure in the possession of an exquisitely designed and beautifully finished piece of furniture that will take its place in your home in harmony with your other precious possessions.

You have your choice of four finishes—Mission, Circassian Walnut, Golden Oak and Mission Oak.
The Amberola is the only "concealed" horn instrument that is an Edison-Thomas A. Edison's highest development of his own invention, the Edison Phonograph. That means that it is the instrument with exactly the right volume of sound for the home, that has the Sapphire reproducing point that does not scratch or wear the records and lasts forever—no changing needles, that it plays both Edison Amberol four-and-one-half minute Records and Edison Standard (two-minute) Records as well.
See and hear the Amberola and the many other styles of Edison Phonographs at an Edison dealer's today. Every Edison Phonograph has the definite Edison advantages. And there is an Edison at almost any price you wish to pay.
Edison Phonographs, \$16.50 to \$240.00.
Edison Standard Records, 40c.
Edison Amberol Records (play twice as long), 60c.
Edison Grand Opera Records, 85c. to \$2.50.

100 Lakeside Ave.
Orange, N. J.

Amatite ROSSING

Why the Buyer of Amatite Rossing

When a man buys ordinary ready roofing he usually neglects to paint it and after three or four years he comes back to the dealer with a protest. It is his own fault, for he neglected to buy the best. When a man buys Amatite Rossing he gets a roofing that will last for years and years. It is the best roofing in the world. It is the only roofing that will not rust. It is the only roofing that will not peel. It is the only roofing that will not crack. It is the only roofing that will not break. It is the only roofing that will not burn. It is the only roofing that will not freeze. It is the only roofing that will not rot. It is the only roofing that will not decay. It is the only roofing that will not be eaten by insects. It is the only roofing that will not be eaten by birds. It is the only roofing that will not be eaten by mice. It is the only roofing that will not be eaten by rats. It is the only roofing that will not be eaten by snakes. It is the only roofing that will not be eaten by worms. It is the only roofing that will not be eaten by beetles. It is the only roofing that will not be eaten by flies. It is the only roofing that will not be eaten by mosquitoes. It is the only roofing that will not be eaten by ants. It is the only roofing that will not be eaten by termites. It is the only roofing that will not be eaten by carpenter ants. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees. It is the only roofing that will not be eaten by wood-boring wasps. It is the only roofing that will not be eaten by wood-boring ants. It is the only roofing that will not be eaten by wood-boring termites. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees. It is the only roofing that will not be eaten by wood-boring wasps. It is the only roofing that will not be eaten by wood-boring ants. It is the only roofing that will not be eaten by wood-boring termites. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees. It is the only roofing that will not be eaten by wood-boring wasps. It is the only roofing that will not be eaten by wood-boring ants. It is the only roofing that will not be eaten by wood-boring termites. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees. It is the only roofing that will not be eaten by wood-boring wasps. It is the only roofing that will not be eaten by wood-boring ants. It is the only roofing that will not be eaten by wood-boring termites. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees. It is the only roofing that will not be eaten by wood-boring wasps. It is the only roofing that will not be eaten by wood-boring ants. It is the only roofing that will not be eaten by wood-boring termites. It is the only roofing that will not be eaten by wood-boring beetles. It is the only roofing that will not be eaten by wood-boring weevils. It is the only roofing that will not be eaten by wood-boring moths. It is the only roofing that will not be eaten by wood-boring flies. It is the only roofing that will not be eaten by wood-boring bees.
