of Roots, sold as Mother Selgel's
Caretive Syrup, and your kidney
disorder will promptly dis-

CANADA TO BE IMPORTANT FUR MARKET

Canada is now exporting to other
countries according to Dominion
Government figures, \$14,000,000
worth of furs and skins in the course
of a year, and a number are brought
back into the country purchased by
Canadian dealers at foreign sales and
resold to Canadians. The value of
furs and skins exported during the
fiscal year 1918-1919 was \$13,737,521.
Of these \$9,743,464 worth went to
the United States, \$3,763,955 to Great
Britain, and \$2,230,102 to other coun-
tries. Some extent of the values to
which these exports have risen can
be obtained from the fact that the
value of the export of furs and skins
in 1917 was but \$5,837,383. During
the month of March 1919, the value
of these exports was \$2,000,704 as
compared with \$1,420,168 in the cor-
responding month in 1918. It has
been estimated that eighty per cent.
of the silver foxes of the world come
from Canada.

For nearly four centuries Canada
has been one of the largest and
most productive fields of the fur
trade, and it is impossible to esti-
mate the number or the value of the
costly pelts taken from the traps of
the continent in this period. Yet,
New York have been the selling
centres to which Canadian furs have
travelled and St. Louis had the
world's premier fur mart. The
industry passed out of Can-

adrian hands. Traders bought from
the trappers and then the raw
materials went to the large foreign
markets.
There has gradually dawned a
realization of the money lost in this
way, however, and in future Can-
ada will market her own furs and
Montreal become one of the most
important fur markets of the globe.
For years London, St. Louis and
New York have been the selling
centres to which Canadian furs have
travelled and St. Louis had the
world's premier fur mart. The
industry passed out of Can-

PRESENTATION TO

MISS DUNNETT
One of the most pleasing features
of the several programs given by the
different class rooms of Harkin's
Academy during the Christmas
Closing exercises on Wednesday (11)
last week, was the presentation of a
beautiful number of pearls to Miss
Margaret Dunnett, the efficient tea-
cher of Grade V. by her pupils. Miss
Dunnett was taken by surprise and
in a most feeling manner expressed
her deep thanks to her pupils for their
thoughtfulness and kindness in remem-
bering her on this particular oc-
casion.

The address was read by Miss
Mary Crocker and the presentation
made by Miss Marion Matheson.
An excellent program of
songs, drills, recitations and
devoines was given by the
pupils and each number was heartily
received by a large number of Miss
Dunnett's and the pupils relatives
and friends. Miss Dunnett has been
cramped leave of absence for next
term, owing to ill-health, and expects
to spend the winter with her sister
in the State of Washington.
