Cable News.

Special to Evening Telegram.

LONDON, Feb. 17.

Matters are going from bad to worse with the Turks. Enver Bey's expedition to land a large force on the north coast of the Sea of Marmora has ended ludicrously. Enver himself narrowly escaping with his life in an open boat. His disheartened men are crowded, wet and hungry, in the open streets of Gallipoli, in the worst kind of weather, all the houses being filled with wounded. It is reported that he will ship his men again and take them across the Dardanelles, owing to a report that the Greeks have landed near Bezika Bay, intending to take the forts on the Asiatic side of the Dardanelles in the rear. The correspondent of the Daily News says there are almost certain to be accidents if this move is attempted, for the boats are bad and would be overcrowded. A great tempest is blowing. Enver Bey was an idealist and not a practical sailor. His men started filled with hope, but without food they soon got dispirited. The leaders did not take ordinary precautions for a water supply, and on the eve of starting tried to grab two water boats belonging to a local Scottish shipping firm, but failed. When half Enver's men had landed, the other half were in the throes of landing. Whilst a struggle was going on to get guns, stores and horses ashore, the Bulgarians made their presence known in a most abrupt and unpleasant manner. The result was that most of the Turks who got ashore were drowned, killed or taken prisoners.

Special to Evening Telegram.

WASHINGTON, Feb. 17.

President Taft's reply to President Madero's appeal for non-intervention is understood to be a practical reaffirmation of the States' attitude, previously expressed, coupled with a strong warning that the States reserve the right to land troops to protect Americans and other foreigners should anarchy result or neither party be in a position to extend protection. The battleship Georgia is already at Vera Cruz, the Virginia is at Tampico, the South Dakota at Acapulco, the Colorado at Mazatlan. Admiral Fletcher's flagship Vermont is due at Vera Cruz to-day. The Nebraska is also due there. This makes six United States men-of-war in Mexican ports, bearing 6,000 jacks, officers and marines. What is regarded with most concern is the maintenance of communication with Mexico City, or any attempt to censor despatches to Washington. Any attempt to isolate the United States Embassy or Foreigners would result in the landing of American troops.

Special to Evening Telegram.

NEW YORK, Feb. 17.

Three hundred and fifty clergy, representing more than forty denominations, met at a luncheon to-day in honor of Ambassador Bryce. In a speech Mr. Bryce congratulated the guests in their increasing willingness to forget religious differences when opportunity to co-operate for the public good offered. In New York, more than any other city in the world, one felt how much work there was to be done by religious and philanthropic organizations.

WOMAN SICK FOR YEARS

Wants Other Women to Know How She was Finally Restored to Health.

Hammond, Ont.—"I am passing through the Change of Life and for two years had hot flushes very bad, headaches, soreness in the back of head, was constipated, and had weak, nervous feelings. The doctor who attended me for a number of years did not help me, but I have been entirely relieved of the above symptoms by Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and give you permission to publish my testimonial."—Mrs. LOUIS BEAUCAGE, Sr., Hammond, Ont., Canada.

New Brunswick, Canada.—"I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me."—Mrs. DEVERE BARBOUR, Harvey Bank, New Brunswick, Canada.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham Laboratory at Lynn, Mass., seem to prove this fact. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Waban's First Carnival.

A new epoch in the sporting and social history of Bell Island has been marked this winter in the opening of a large rink by the Wabana Rink Co., and the introduction of hockey and carnivals in addition to the usual general skating. That this new venture is rapidly becoming popular is proved by the constant large attendance, and on Friday evening, Feb. 14th, the largest gathering for the season attended to witness the first skating carnival in the annals of the Iron Isle. Nearly one hundred appeared in various attires, while a similar number spectated from various parts of the arena. The appearance of the masqueraders as they moved placidly over the glassy surface was very pretty, the colors blending harmoniously, and King Carnival was represented by all in a manner that would do credit to far more pretentious places than Wabana. Many and varied were the characters represented: the pantaloone joined hands with the niggerwench; the ferocious Turk stalked with the residents of his harem; the Bulgarian dropped hostilities and was seen arm in arm with the native of the land of the Crescent.

The Minstrel From Sunny Italy appeared with his organ and his monkey; the stalwart Highlander appeared with a Western Canoe Lassie; Buster Brown gambolled with Melba Jane from the hayfields. William Henry Drummond's "L'habitant" was seen to advantage with his rifle and his new shoes. "Wearry Willie" was the winner of the gentlemen's trophy, to whom he presented their respective prizes. General skating was announced till 10.30 when the affair terminated being voted by all a brilliant success. We understand another carnival takes place before the close of the season.—Com.

Complaint About Mail Service.

Editor Evening Telegram. Dear Sir,—It is about time now that a note was struck in connection with the mail service we are getting on this shore; the word service is a misnomer which applied to it and doubt such conditions would be tolerated in any other civilized community. Just imagine it taking a carrier two days each trip under favourable weather conditions to deliver and collect the mails from four Harbours, with a total mileage of twenty-seven miles and connected by roads that are second to none in the country, and during the winter each fall of snow of any quantity means a week or more without the sign of a mail; truly we are an easy going people and you could hardly blame Morris for telling us he is making good. Come now, Mr. Cashin, wake up, and see if there are not things as important in connection with your district as fox farms and see that the party you gave for mail cost for mail conveying to four years ago at a considerable increase keeps afloat that is capable of delivering our mail in 12 hours instead of 28, and that in season it is delivered tri and bi-weekly, instead of whenever it suits this individual to take it along. I think if the S. P. C. A. would give their attention once and awhile to the conveyance that leaves St. John's with the Southern Shore mail they would find material enough to bring the protection of their society to bear and also help us out in a better mail delivery. I would like to call the Post Master's attention also to the condition the mails are sometimes in; papers are unreadable, caused by the liquid contents of broken freight packages, and by water, through want of proper covering on wet days. I trust now our Honourable Minister of Finance will give this our mail service his attention, and not allow the contractor to deliver us the mails when and how it pleases him; this, at least, we expect from you, and we intend to keep our eyes open to see that it is performed. Thanking you, Mr. Editor, for your valuable space taken. I remain, yours truly, W. J. VOTER, Southern Shore, Feb. 15th, 1913.

Obituary.

MRS. JEFFERY. The sad news of the death of his mother, at Waterton, Woolstone, near Southampton, England, has been received by the Rev. C. E. A. Jeffery, the esteemed Pastor of Pouch Cove. Deceased was an estimable lady and reached the ripe old age of ninety-six years. She is one of the few who had lived in the reign of six Kings, being born two years after the battle of Waterloo when George the third was on the throne. Mrs. Jeffery leaves three sons and four daughters and many descendants, amongst the latter being Mr. C. E. A. Jeffery, teacher at Bishop Field College. To the Rev. Mr. Jeffery sympathy will be widespread, doubly so because of the fact that he came to Newfoundland from England thirty-five years ago and during that period his valuable services were availed of so eagerly and constantly that he had not the opportunity of visiting his mother and relatives in his native land.

MRS. NOSEWORTHY. Word was received yesterday from Brigis conveying the sad intelligence that Mrs. Sarah Noseworthy had passed away there suddenly on Sunday last. Deceased was the widow of the late Capt. Noseworthy, who predeceased her seven years ago. On Saturday morning last Mrs. Noseworthy being in good spirits left the city for Brigis on a visit to her daughter, who was recently married. She retired Saturday night without a murmur but on being called Sunday morning to go to Church remarked she was too tired and between the hours of ten and eleven o'clock she was seized with an attack of heart failure and died. Deceased was a good woman in every sense of the word; a devoted Methodist and a true Christian. The remains arrived from Brigis by last night's train and will be interred beside her husband in the General Protestant Cemetery to-morrow afternoon when the funeral will take place from Hamilton Avenue. Special Evening Telegram.

WASHINGTON, Feb. 17. Mexico City is virtually cut off from the outside world. The censorship has been established. There is no direct news. Only one official despatch has come from Ambassador Wilson, who said that fighting has been resumed, and the armistice broken. President Taft and officials are waiting in suspense. WASHINGTON, Feb. 17. Senator Root's amendment to the Panama Canal Bill was rejected to-day, by the Senate Committee by 7 to 3. This decision will probably prevent action in the Senate this session.

Presentation.

A very interesting event took place last night in the Lecture Room of St. Michael's Church when the Communicants Guild made a Presentation to the Rev. Jacob Brinton who was the warden and founder of this Society and now resigns his office, on taking up the position of Senior Curate at the Cathedral. The Rev. Canon White presided and was supported by the Rev. A. C. Stamp and the Church Wardens. The presentation consisted of a series of resolutions expressing the Guild's regret at the "severance of the tie that bind" and their appreciation of the good work done by their Pastor during his five years in charge of St. Michael's, and was accompanied by a large framed picture of the Sanctuary and Altar of the Church. This picture was executed at Mr. Holloway's studio and was much admired by all present. The Rev. gentleman was visibly affected by the kind words and actions of his people which came as an entire surprise to him and which he found it difficult to thank them for. Speeches were made during the evening by the clergy and several of the laity and a very enthusiastic gathering was finally closed by the Blessing being given by the Rector of the Parish.

Nickel's Fine Show.

The Bill given at the Nickel Theatre last evening, was as good as ever and in spite of the inclement weather there was a large attendance. It opened with a splendid Pathe week, depicting a bicycle race in France, a big demonstration in Milan against the war to dispel which the cavalry has to be called out; the artillery practice when the working of the big guns is minutely seen, was specially commented on; the destruction of the National printing establishment at Rio, with a loss of six million dollars in the next picture. Beside this excellent Pathe weekly there are three other reels of great charm and interest. The programme will be repeated this evening, while to-morrow there will be an entire change.

Laxative for Old People.—Cascarets.

What glasses are to weak eyes, Cascarets are to weak bowels—a 10-cent box will truly amaze you.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

"W. B." CORSETS

Are Ahead of All Other Makes.

"W.B." Corset Manufacturers are always fashioning new styles to suit the latest decree of the Costumiers. "W.B." Corsets are made in various fittings to comfortably suit all styles of figures.
