## No Embargo on Fish Exports

(To Secretary of State. Sent 5.30 p.m. 13th August, 1914.)

Am desired by the Board of Trade to telegraph as follows:—

Information received that codfish in casks shipped from here via of Liverpool on through Bill of Lading to Spain has been stopped at Liverpool by Proclamation prohibiting export of food supplies. Does it mean that exportation of Newfoundland codfish to Spain, Portugal, Italy, Brazil and other neutral places will be prohibited, or does it mean that export food supplies via Great Britain prohibited? If former case Colony will have no means of paying for food supplies from Canada and the United States or articles manufactured by Great Britain. There is a large shipment awaiting Digby for Spain via Liverpool. Of great importance in interests of trade that transshipment be allowed at once. Hitherto Newfoundland codfish has not been consumed in Great Britain to any extent, and as it is perishable article, could not be held for any length of time.

DAVIDSON.  
(Telegram from Secretary of State to the Governor of Newfoundland, received 4 p.m. 21st Aug. 1914.)

With reference to your telegram of August 17th, prohibition of exportation of fish from this country is now withdrawn.

No objection to exportation of Newfoundland fish to neutral countries.

HARCOURT.

## At the City Hall.

The Chairman and full Board were present at last night's session of the Civic Commission.

J. P. Blackwood, solicitor on behalf of Cochrane Street Church trustees asked for payment of the award recently made re Flavin Street property, and McLoughlin's land. If not paid forthwith interest at the rate of 6 per cent will be charged.

Hon. M. P. Gibbs on behalf of Wm. Wright, asked to be heard at a special meeting in reference to the erection of a house on the Fitzpatrick property. A special meeting will be held on Tuesday night next, at which Mr. Gibbs may be present.

The Furness Whisky Co. wrote asking for refund of taxes to the owners of the steamer Fairhaven, which put into port as a result of conditions created by the war. The matter was discussed at length, and it was decided that the solicitor report on the powers of the Council in the matter.

The Knitting Mills Co. asked permission to install water service to cope with fire in case of emergency. Engineer will report.

James J. Kenny asked that the Impounder's conduct be investigated. The Impounder reported on the complaint made against him, a copy of which report will be sent to Mr. Kenny with the request that he substantiate the charges made against the official.

James Cleary's application for employment was referred to the Water and Sewerage Committee.

The report of the Sanitary Supervisor, Water Inspector and Impounder were read and adopted.

The West End Road Inspector recommended repairs to Cuddihy, MacFarlane and Flower Streets.

The matter was referred to the Road Committee.

The sewer will be extended to Miss Southcott's property on Allendale Rd. the guaranteed amount of \$48.00 having been paid.

Permission to repair house on George Street was granted Thomas Cornell, and plans of house for John Coady, Freshwater Road, were approved.

The Solicitor reported on the claim of Miss A. Kelly for damage to her apparel, caused by the street sprinkling workers. According to the report the damage was caused by accident, and Miss Kelly will need to prove the amount of her claim.

The Engineer also reported that the crusher is ready for work, and it was decided that operations begin on Gower Street East.

Matters in connection with additional water service and sewerage were deferred for future consideration.

After the usual routine business, the meeting adjourned at 9.50 p.m.

## Worthy of the Partnership.

(From the Daily Telegraph.)

The whole spectacle presented by the British race to-day is one to bring tears of pride to the eye of every patriot and to challenge the admiration of the world. We mean to be worthy of our partnership with France, whose all men have assumed with an undoubted spirit a burden heavier than our own. Let both nations go on as they have begun and the salvation of Western Europe is assured. For our own race throughout the world, let it be worthy of the confidence of King George, as expressed in his message to the Dominions, that "in his time of trial the Empire will stand united, calm, resolute, trusting in God."

## The Six Mile Race.

The challenge race between H. Hill and J. Kavanagh at St. Bon's College grounds last night was witnessed by a large number of spectators. The contest was an interesting one, and was won by Kavanagh in 35 minutes, 35 seconds, with Hill coming in about fifteen yards behind his competitor.

Kavanagh's time at the Mount Cashel race was 33 mins. 55 2-3 secs., but considering the condition of the track the time made last night was very good.  
In the Mount Cashel race Hill came third, and being handicapped by the loss of a shoe challenged Kavanagh to the trial, which came off last night. From the start Hill made a good pace and held the lead for about four miles with Kavanagh close at his heels. Then for a time it was a neck to neck exhibition, until Kavanagh, when nearing the goal made a splendid spurt and before Hill could recover himself, the former had a substantial lead. The finishing saw Kavanagh breasting the tape about fifteen yards ahead of Hill as now mentioned.  
Kavanagh has now established his time at the Mount Cashel race, and he has won the medal put up by Hill.

## Fishery Reports.

Aug. 15th. From M. Hogan (Frappeau to Peter's River).—No traps are out but 35 dories and skiffs with 7 boats are fishing. The total catch is 13,300 qts. and for last week 300. No bankers or schooners from the grounds have arrived. Prospects are not good. There is no squid and herring are very scarce. Dogfish are still numerous and troublesome. Codfish is reported plentiful on the different ledges but nothing can be done owing to the scarcity of bait.

Aug. 15. From M. Jenkins (Rocky Harbor to Trout River).—Prospects are fair and there is sufficient herring for local use. The prevalence of dogfish prevents good catches of cod being made as the fishermen are unable to use hand lines or trawls. The catch is 2,400 qts. and for last week 600. All the fish caught this week was with jiggers.

## Magic "Nerviline" Cures Toothache, Earache.

IT RELIEVES EVERY EXTERNAL PAIN.

## Cures Colds, Coughs, Sore Throat Tight Chest and Hoarseness.

It's when sickness come at night, when you are far from the druggist or the doctor, that's when you need Nerviline most. Experienced mothers are never without it. One of the children may have toothache. Without Nerviline—a sleepless night for the entire household. With Nerviline the pain is relieved quickly. It may be earache, perhaps a stiff neck, or one of the kiddies coughing with a bad chest cold. Nothing can give quicker results than vigorous rubbing with this old-time family remedy.

Nerviline is too useful, too valuable to be without. For lumbago, lame back, sciatica or neuralgia there is no liniment with half of Nerviline's power to penetrate and ease the pain.

As a family safeguard, as something to ward off sickness and to cure the minor ills that will occur in every family, to cure pain anywhere, you can find nothing to compare with old-time Nerviline, which for forty years has been the most widely used family remedy in the Dominion. The most economical size is the large 50c. family size bottle, small trial size 25c. All dealers sell Nerviline.

## The Kaiser's War Train

### ARMORED PALACE ON WHEELS.

London, Aug. 17.—The German Emperor's war train is described by a refugee just escaped from Germany. The train is intended for the use of the Emperor, and his war staff and consists of dining, council and sleeping saloon cars, added to which are well fitted boxes for His Majesty's chargers and his motor car.

The train carries expert telegraphers and is preceded and followed by armored trains.

In the equipment is a small, simple tent, which is to be pitched on the field whenever the Emperor deems it expedient to share the hard simple life of his troops.
