WARNING!

IN THE INTEREST OF THE PUBLIC SAFETY.

The Rifle Range on the South Side Hill will be in constant use, from daylight till dark, for musketry practice, until our Regiment leaves for England.

All persons are therefore prohibited from approaching the Rifle Range within 200 yards from either side, or within 1,000 yards of the targets to the eastward.

Any unauthorized person so doing will be liable to arrest, besides incurring serious danger from rifle bullets.

A number of red flags will be used to indicate the Danger Zone. This prohibition does not extend to any part of the Hills west of the 800 yards Firing Point.

JOHN SULLIVAN,
Inspector General Constabulary,

TRAPNELL The Eyesight Specialist

Examines the eyes without DRUGS, DROPS or DANGER. He not only finds the trouble, but with his perfect optical machinery he can grind the correct lenses to suit the most complicated cases, and do it quickly.

There was a time when all compound lenses had to be sent out of the country for, involving a delay of three or four weeks, but that day has passed; an hour or two is sufficient to produce any lens that may be called for.

Prescriptions filled or broken lenses replaced if you have the pieces.
