Uses of Trade-Marks

The general public seem to take it for granted that trade-marks and patents are one and the same thing. Certainly they are both dealt with in the Patent Office, for the sake of convenience, and it seems that this fact has conveyed the above impression. A trade-mark in a registration of they'll up on rats—but they are a word or design attached to goods after birds. The birds are death to of a certain trader making it clear worms and bugs which desolate the to the public that they are his manucrops, and yet they're killed with facture, and that nobody but him cau use that same trade-mark.

Its use is almost indispensable in friend, the bird in wet elm tree, then the commercial world, and this can be says, "Alas, there is no end to pests realized better when one knows what ous to departure to join their regitat ruin me!" His righteous heart its functions are in respect to the

Sole Agent for Newfoundland

By S. S. Carthaginian:

WINDSOR SALT.

T. A. MACNAB & Co.

Selling Agents for Newfoundland. Cabot Bldg., St. John's. Telephone 444. dec16,w,f,m,tf

Within the next few weeks you are going to buy a new Spring Suit—that's certain. Perhaps to-day, perhaps to-morrow, perhaps in a month-but you're going to buy it.

We think you ought to know why it's wise to "Do it now." The best reason is that our stocks are complete—you're bound to get more style satisfaction out of a broad choice than a narrow one—you get the broad choice now—you may not get it later.

This is why we invite your inspection of the stylish patterns now on hand.

Chaplin,
