PRESENT TRAIN SERVICE.

Special to Evening Telegram. **OLD PERLICAN, To-day.** Kindly publish the following in your esteemed paper. Is Croble beaten in Bay de Verde? District cut in half at Northern Bay and all points east of there cut off from train service without a moment's notice. Croble orders train to Grate's Cove but Roadmaster says she shall not go. Roadmaster wins. Public can find no explanation of delay of train at Northern Bay and the conclusion is that Roadmaster, and others that may be co-operating with him. The public are not disposed to endure present conditions any longer. There is absolutely no reason that train should turn at Northern Bay unless it be to suit convenience of Reid employees. Business losses have been sustained and others are threatened. If delay continues business men threaten to sue Reid Nfld. Co. for losses in train does not come through immediately. Freight accumulating all the time at Carbonear and Northern Bay. Passengers put to great inconvenience and enormous expense, and mails seriously delayed. The undersigned are prepared to asseverate that there is nothing to prevent train running out to her proper terminus, nor has there been since she went through to Carbonear.

New College.

The new Spencer College, formerly the British Hall, was formally opened at 3.30 this morning. The Directors of the C. of E. College being present. These were: His Lordship Bishop White, Rev. Canon Bolt, Rev. Dr. Jones, Dr. Blackall, Messrs. Geo. Dunfield and A. J. Harvey. They were highly pleased, needless to state, with everything they saw.

C. M. B. C.

At yesterday's meeting of the Class Rev. Mr. Brinton addressed the meeting on Faith. He dwelt on the pilgrimage of the sinners to God, the self-appropriation of God, when found, and the self-surrender to God. It was a very interesting lecture and instructive to all who attended. At the end of the meeting it was said that the lecture on Church History to-night in the Synod building would be "Leading Events in the Reformation."

Unions Meet.

We understand that there is to be a meeting of the unions to-night to discuss the matter of the new city directory being prepared. There is an impression around the town that this directory is not being prepared as it should be, and that instead of having members of the W.F.A. do the necessary canvassing, returned soldiers at present idle should be given the first opportunity. It is also considered that the book should be printed in this country instead of in Canada, and let the Newfoundland printers benefit therefrom.

Now all is dark within our dwelling, Lonely is our home to-day, For the one whose smile did cheer us Has forever passed away. Wife and Children.

"Weep for the Early lost: How many flowers were mingled in the crowd Thus, with the lovely, to the grave gone down Even when life promised most. How many hopes have withered—they that bow To Heaven's dread will, feel all its mysteries now."

For there is hushed on earth A voice of gladness—there is veiled a face, Whose parting left a dark and silent place. By the once-joyous hearth. A smile hath passed, which filled his home with light. A soul, whose beauty made that smile so bright. (Inserted by his brother.)
