Hr. Grace Notes.

It is with pleasure we note the advancement of any of our Newfoundland boys or girls who have to leave the homeland to seek a livelihood. The latest is that of Nurse Winnifred Carroll, who has lately passed very successfully the Massachusetts State examination for nurses, held at Boston. Miss Carroll formerly belonged to Bristol's Hope, and is the daughter of Mr. and Mrs. James Carroll, of that place. Her many friends extend their hearty congratulations to Miss Carroll, and express the hope that she will be as successful in the future as she has been in the past.

Mrs. S. Gosse (nee Miss Lillian Adams), died at Spaniard's Bay on Wednesday last at the age of 27 years. Mrs. Gosse was the youngest daughter of the late Mr. George Adams of this town. She leaves to mourn their loss a mother, 1 sister, Kate, living in St. John's, 2 brothers, John at St. John's and George, in Hr. Grace. The remains were conveyed from Spaniard's Bay Thursday morning, by her husband and friends, to her former home, Harvey Street. Funeral took place Friday evening, when interment was at the Methodist Cemetery. Sympathy is felt for the bereaved ones in the loss of a loving daughter, sister and devoted wife.

Miss Winnifred Pike, daughter of Mr. William and the late Mrs. Martha Pike, died at Bristol's Hope on Monday last at the early age of 18 years. Miss Pike was well known and liked here, her demise was received with all-round regret by those who knew her. She leaves a father and one sister Floesie, both living at Harbor Grace. Funeral took place on Thursday, when the remains were laid to rest in the Methodist cemetery. Much sympathy is felt for the sorrowing relatives.

Mr. John Whalen died at Riverhead on Wednesday night last at the age of 73 years. Mr. Whalen formerly belonged to Bryan's Cove, but lived for some time past at Riverhead. He leaves a widow, one son and three daughters. Funeral took place on Friday, interment being at the R. C. cemetery.

The death at Riverhead occurred the same night of Miss Margaret Walsh, daughter of the late Mr. James Walsh. She leaves two brothers, Thos. and Richard of Riverhead, and one sister, Mrs. Bridget Whalen living at Spaniard's Bay. Interment took place Saturday morning at the R. C. cemetery.

Mr. Robt. Davis left here by Monday morning's train for Kelligrews to connect with the Bell Island mail boat for that place to resume work there, having come hither on Saturday by Stewart's motor boat.

Mr. E. Simmons' sch. Dorothy, Jas. Pike, master, arrived here Friday with a cargo of goods for her owner.

The s.s. Othar went on dock Thursday.

Mr. W. H. Parmlter, accompanied by his two sons, Harold and William, went to St. John's by last Monday morning's train.

Mr. and Mrs. R. S. Munn went to St. John's by Friday morning's train.

Mr. G. Stewart's motor craft, the G. L. Stewart, arrived here from Bell Island on Thursday with a few passengers, and left again Sunday.

The sch. Inez G., owned by Mr. T. Currie, of Burn, arrived here on Thursday to go on dock.

Mr. Josiah Yetman, of the South Side, has been appointed manager of the Marine Railway Dock Company here, the former manager, Mr. E. Davis, having resigned that position and accepted a place with Messrs. Saunders, Howell & Co., Carbonara.

If those responsible deem it unnecessary to replace the fire bell in the centre of the town by the unlikelyhood of an outbreak of fire, it will do to replace it for the great celebration shortly to take place here.

Odd and Interesting.

Most people hear better with the right than with the left ear.

Wait-a-While is the name of a railway station in New South Wales. The Russians were the first nation to have horse artillery in their army.

Bamboo writing pens are still favored in India, where they have been in use for over 1,000 years.

A passenger train on the Union Pacific which ran into a herd of cattle near Evanston, Wyo., killed 81 animals and crippled 68--total estimated value \$10,000.

The city of Charlotte, Mich., has added several hundred dollars to the municipal bank roll by tapping the maple trees in the Public Park and selling the syrup.

Every year the second-hand clothing dealers of London send thousands of pairs of cast-off stockings to Central Asia, where they are used as gloves and arm coverings.

The stealing of automobiles is another favorite diversion of the lawless element during March in Los Angeles. The police report 91 automobiles stolen, of which 30 were Fords. The makers of patent devices to secure the autos are doing a thriving business and hundreds are being sold.

The assertion that the consumption of sugar in the United States has increased enormously on account of prohibition is contradicted by the statistics of the American Sugar Bulletin, given in a table, showing the consumption of sugar per capita in the United States for the last 10 years, from which it appears that, omitting the years 1916, 1917 and 1918, when consumption decreased on account of the war, the per capita consumption has averaged 83 pounds for the 10-year period, and the 1919 per capita consumption was only four ounces greater for the year than that for 1913--when they had no prohibition.

the most amazing displays of clothing ever seen. Dying at sixty-three, the Princess left a prodigious collection of every kind of garment. From the time she was seventeen she hoarded clothing. She had 300 tea gowns alone. She had tens of dozens of every article of underwear, never worn, never unpinned, or unfolded, with the tissue paper just as the work girls had packed them. The wardrobe was sold recently by auction, when Paris dealers bid a gainst each other for her lingerie, \$1,000 to 1,200 for each lot of six pairs of knickers. Parisiennes were eager, too, to sleep in the Princess sheets, and one bundle of five was knocked down for \$500.
