FLIGHT STILL POSTPONED.

REKJAVIK, Aug. 18. Bad weather again prevented the U.S. Army aviators from hopping off on the next leg of their world flight to Greenland. They had intended to attempt the resumption of the flight at 3 o'clock. This morning they made a short trial flight but it is unlikely that they will attempt to hop off today, as an early start is needed because of the few hours of daylight.

LOCATELLI TO CALL AT QUEBEC.

QUEBEC, Aug. 18. Lieut. Locatelli, Italian aviator, who is flying across the Atlantic, will call at Quebec in continuation of his flight to New York, according to advices received here by the Italian Consul. The aviator at last reports was at Rekiavik, Iceland, and will thence fly to Greenland, to Cartwright on the Labrador Coast, and thence up the Gulf of St. Lawrence to Quebec.

BOY ATTACKED BY EAGLE.

CHATHAM, Ont., Aug. 18. To be attacked by a big baldheaded eagle, picked up and carried into the air five feet, then dropped when his clothing gave way, was the experience of Fred Cunningham, aged fourteen, weighing 97 pounds, in a golf course near here. The bird was later killed by a citizen. It measured eight feet from tip to tip of wings. Young Cunningham was severely scratched and clawed while fighting the bird which finally became entangled in a wire fence.

THE MANDALAY RIOTS.

LONDON, Aug. 18. The total casualties in rioting Saturday at Mandalay, Upper Burma, were 3 policemen and two Buddhist priests killed, and 19 persons, including 14 policemen, injured with knife cuts, says an Exchange Telegraph despatch from Mandalay this morning. Fifty-five other persons were treated at Hospital for minor hurts. The city now is quiet the despatch says. The rioting occurred when the police attempted to clear the tram lines during the progress of a procession through the main streets in connection with a political demonstration led by a Buddhist priest named Okama, known as a staunch advocate of home rule.

OTHER WHITE INDIANS.

TORONTO, Ont., Aug. 18. Another tribe of White Indians is living on a spur of the Andes Mountain, near the border of Colombia and Venezuela, some 250 miles east of Darien, where Richard O. Marsh discovered his white Indians, according to Ralph Keemele, General Manager of the Wallaceburg, Chatham and Lake Erie Railway, who spent a considerable portion of 1915 exploring South America in an effort to get coal. Mr. Keemele made a personal examination of these Indians which had been captured when small children by natives who happened to be hunting near the district where the whites are supposed to be living. The children have been brought up as slaves in the home of a wealthy Venezuelan.

Hudson Bay Steamer Lost.

SEATTLE, Wash., Aug. 18. The motor ship Lady Kindersley, of the Hudson Bay Company, trading in the Arctic, has been lost in Behring Sea, a message received here today from Cordova, Alaska, indicated. No lives were lost it was said.

ONE BODY RECOVERED.

MONTREAL, Aug. 18. One body, that of a woman, so far unidentified, but thought to be one of the six persons who were drowned when a row boat in which they were crossing from Montreal to Boucherville capsized yesterday morning in the St. Lawrence River, was recovered about four miles below the scene of the fatal accident, and is now in the Morgue. An inquest is being held today. The party consisted of five men, and four women. Two of the men and one of the women were rescued by a camper living near.

MATTHEWS IN TORONTO.

TORONTO, Aug. 18. Charles Matthews, Jr., former Provincial Treasurer of Ontario, was remanded in custody for eight days by Magistrate Edmund Jones, when he appeared in the police court to answer the charge of accepting secret commissions while in office. The charge was laid against the former Provincial Treasurer on instructions of Hon. W. F. Nickle, Attorney General. Bail was refused.

CANADA'S FISHERY RETURNS.

OTTAWA, Aug. 18. Fish valued at \$12,500,545 was marketed from Canada's fisheries and canneries in 1923, an official government return announced. This is an increase over 1922 of \$705,335. Britain

produced nearly half or \$59,795,714, which is an increase in that Province of two million over 1922 and of seven millions over 1921. Fisheries production by Provinces next to British Columbia is valued as follows: Nova Scotia, \$3,448,335; New Brunswick, \$4,548,535; Ontario, \$3,159,427; Quebec, \$2,100,412; Prince Edward Island, \$1,754,980; Manitoba, \$1,020,595; Alberta, \$438,787; Saskatchewan, \$366,642, and the Yukon, \$11,375.

LONDON PRESS CRITICISM.

LONDON, Aug. 18. Results of the London Conference are criticized favorably by most of the London morning papers as the beginning of the process of restoring order in Europe. As the Westminster Gazette puts it, "an ugly corner has been turned with perhaps sufficient impetus and a sufficient margin of safety to carry the European nations through the difficult years of readjustment." With the exception of the Labor Party organ, the Herald, the papers withheld from Ramsey MacDonald personal credit for the successful outcome, but he is generally acknowledged that his position and that of his party have been greatly strengthened. There is a tone of great optimism for the future expressed, partly because of the interest shown by the United States in the London meeting. The only disquieting note is sounded by the Daily Mail which under the heading "no more surrender" expressed skepticism as to the advisability of the Allies pledging a loan to Germany. It asserts that the Germans who are said to have hoards of money outside Germany should be called upon to provide the funds for the loan.

HERRIOT GETS AN OVATION.

PARIS, Aug. 18. Premier Herriot came back from London today like a conquering hero. At the Gare St. Lazare he was cheered by a crowd of many thousands as no Premier has been cheered for years. The train which bore the head of the Government back home after his long and arduous work at the International Conference pulled into the station at 6.10 o'clock this evening, but it took him fifteen minutes to get through to the motor car which was waiting for him.

PROSPECTS FAVORABLE TO RATIFICATION.

LONDON, Aug. 18. The programme for launching the Dawes reparation plan, initiated by the delegates to the International Conference which closed here Saturday, now goes before the French Parliament, and German Reichstag for ratification. The prospects are favorable for its adoption by both bodies, according to despatches from the two capitals. The Nationalists in Germany, as was expected, are leading the opposition to the programme, but it is declared they will scarcely go so far as to adopt a parliamentary attitude which would result in the defeat of the Government, the dissolution of the Reichstag and new elections, in which they could not hope to better their position.

FRENCH WILL RATIFY.

PARIS, Aug. 18. Advice is that the French Parliament has practically decided to sustain the foreign policy of Premier Herriot for the time being. There is likely to be extensive deliberation with pointed interpellations, but no determined drive against Mr. Herriot's part in the London Conference is expected. It is hoped that ratifications will be forthcoming within the next

McLAREN'S GRIEF.

PRINCE RUPERT, B.C., Aug. 18. When Major Stuart McLaren, the British world flight commander, realized that his plane had been hopelessly damaged after alighting in the surf of Sitkinski Island, off Siberia, and that his attempt to circle the world had been frustrated, he sat on the beach and wept. It was the end of his hopes. His companions on the flight were also bitterly disappointed. This was stated here by Major McLaren in telling in detail the story of the flight, the outstanding incidents of which are already known. Major McLaren paid high tribute to the sportsmanlike conduct of the Americans in aiding him to continue his journey after his crash in Burma, when they rushed a spare plane from Japan and helped to put them together. This action he regarded as a fine illustration of true sportsmanship. Major McLaren thinks it unlikely that he will again attempt to encircle the globe by airplane, believing that such adventure must be backed by greater resources than a private firm provides.

FOG DELAYS SQUADRON.

QUEBEC, Aug. 18. The British special service squadron encircling the world, headed by H.M.S. Hood, is held up by fog today off Big Island, in the St. Lawrence River, 110 miles below Quebec, and the squadron which was due to arrive at Quebec early this afternoon is now scheduled to arrive at 1.30 p.m. tomorrow.

WEDDING BELLS
KENNEDY-WOODFORD.
A quiet but very pretty wedding was solemnized at Holyrood on Aug. 18 by the Rev. W. P. Finn, when Lillian, youngest daughter of Mr. M. J. and Mrs. Kennedy was united in the Bonds of Holy Matrimony to Thomas Woodford, operator at Woodford's Station.
The bride who was handsomely attired in a gown of blue canton crepe, with fawn hat, carrying a bouquet of white carnations, sweet peas and maiden hair fern, was attended by her cousin Genevieve Kennedy who looked equally well in a dress of brown satin with hat to match carrying a bouquet of pink carnations, sweet peas and maiden hair fern. The groom was ably supported by Mr. Michael Wade, operator at Avondale.
To the strains of the wedding march, which was played by the organist, Miss Nellie Flynn, the bridegroom, Miss Nellie Flynn, the bride of her uncle, Capt. Walter Kennedy, R.N.L., who in the absence of the bride's father performed the duties of father-giver. After the ceremony the bridal party motored to the home of the bride's parents where a sumptuous repast was partaken of and the usual toasts honored after which the happy couple entrained for Canada and the United States where the honeymoon will be spent. The presents received were both numerous and costly testifying to the general popularity of the young couple. The groom's present to the bride was a handsome fur coat and to the bride's maid and best man respectively a silver mesh purse and a fountain pen. The Telegram joins with their many friends in wishing Mr. and Mrs. Woodford many years of wedded bliss and happiness.—COR.
