WEDNESDAY EVENING, APRIL 17, 1872

TOWN AND COUNTY NEWS.

The Great Western Railway Company have decided heretofore to pay the employes in their workshops by the hour.

Would it surprise those who go hunting in the mornings to learn that they are liable to a fine of \$20 if they shoot robins and the smaller class of birds.

Mr. T. J. Day has sent us Good Words, Sunday Magazine and London Journal for April. Copies for sale at Day's Bookstore.

We are glad to learn that the Hon. Mr. Gow has so far recovered from his late attack of illness as to be again attending to his duties in Toronto.

ENGLISH MAGAZINES.—Mr. John Anderson has sent us London Society, Young Ladies Journal, Good Words and Sunday Magazine for April. Copies for sale at Anderson's.

MORRISTON HORSE SHOW.—The annual Show held at Morris and will take place on Wednesday, the 21st inst., when prizes will be awarded for heavy draught and general purpose horses, and roadsters.

We regret to record the death of Mrs. Sayce, widow of the unfortunate man who was scalded to death in Bell's Melodeon Manufactory last winter. She died on Sunday morning, leaving five orphan children.

SOCIETY.—The young people of the Congregational Church will hold a social in the basement of the Church on Thursday evening next. After tea there will be readings, recitations and singing. A pleasant time is anticipated, and a large attendance is expected. Proceeds to be applied to the cushioning of the seats.

Rockwood Horse Show.—The annual Show will be held on the Agricultural Grounds, Rockwood, on Friday, the 19th inst. Two prizes will be offered for the best heavy draught, two for the best general purpose, and two for the best roadster, also three prizes for the best bulls any breed. Entries to be made the morning of the show to Mr. S. Duffield.

DICKIE VS. BRIBERY.—In this case, in the Court of Chancery last week, our report of the decision was not strictly speaking correct. The bill was not really dismissed, but the plaintiff was ordered to pay defendant's costs up to hearing, and it was referred to the Master of the Court to settle the proper form of mortgage. Each party to pay his own subsequent costs.

MELDEONS FOR MANITOBA.—Messrs. Wm. Bell & Co. to-day shipped three melodeons and one organ to their agent Mr. McVicar, at Fort Garry. This is the first shipment of instruments to the Messrs. Bell have made to Manitoba, and the business in that line promises to be both large and profitable. The demand for these instruments speaks well for the excellence of our Canadian manufactures.

WELLINGTON SPRING ASSIZES.—The Spring Assizes for this County open at Guelph, on Monday first, 22nd inst., Mr. Justice Gwynne presiding. Mr. Peterson, County Attorney, will act as Crown Prosecutor. The criminal business is not heavy, but in the case of the Master of the Court, a case of abduction. We understand the civil docket will be heavy.

COUNTY JUDGE'S CRIMINAL COURT.—On Friday last, the Hon. Mr. Justice Gwynne presiding, were arraigned before His Honor Judge Macdonald, upon the charge of having stolen a quantity of potatoes and otherwise injured the property of Thomas Brown, of Erin Township, near Ballinafad. The accused were committed to the common jail for the term of three months each.

RECENT RAILWAY ACCIDENT AT CLIFFORD.—We are glad to learn that the baggage man, Moir, who was so severely injured when coupling cars at Clifford Station that his life was almost despaired of, has, under the unremitting attention and medical skill of Dr. Anderson of that village, been enabled to be removed to Ferguson, and we hope in due course to hear of his complete restoration to health and strength.

MARRIAGE IN HIGH LIFE.—A despatch from London announces the marriage of the Marquis of Bute, to the daughter of Lord Howard, which will be celebrated on day at a Roman Catholic Oratory, at Brompton. The wedding ceremonies were witnessed by a great crowd of noble personages. Among the many presents received by the bride was one from His Holiness the Pope.

THE JOYS OF MARRIED LIFE.—On Monday a poor unfortunate took to himself a wife, and the knowledge of the proceeding having come to the ears of the juveniles of the neighborhood of Mr. Goldie's mills, they prepared to celebrate the occasion in the time-honored manner. Old tin kettles and pans, horns, etc., were brought into requisition, and with the assistance of a number of strong lugs, the public were entertained to some of the choicest pieces peculiar to such gatherings. The "happy bridegroom" at length allowed that noise by presenting them with a little squire, and the party adjourned to refresh their weary throats and lugs, amidst the joy of the unwilling listeners.

THE ABERDEEN SCHOOL.—A correspondent has been kind enough to send us an account of the examination of the above school, which took place about a fortnight ago. He was not a bit more than we had established a rule some time ago not to insert any school examinations, which we were obliged to do on account of receiving at a very serious nature might have been attended with injurious effects. While the act of pulling out something from below a book case which stood upon a stand, the case upset, and she was soon surprised to find her head in the inside and the foot resting upon her shoulders. It was removed by Mr. Bishop but not without danger as the pain where her head had entered was all in sharp splinters round her neck.

The job of building the Presbyterian Church was let to D. McDonald for \$1,045. A new brick kiln has been started on the farm of Mr. Hugh McDonald, s.d. con., by Mr. G. Selwood. I understand he has leased the right to make bricks on the above named place for some time, and as he is a good workman I have no doubt but he will do a large business.

The Geneva Arbitration.

Death of an Actor.

Morse Memorial Meetings.

London, April 17.—The proceedings of the arbitration in Geneva with a view to the settlement of the Alabama claims is at a complete stand still, and will remain so until Mr. Johnson replies to the English protest has been received from Washington. The nature and wording of the protest forwarded by Her Majesty's ministers to the Court of Arbitrators inspires little hope of future negotiations on the subject.

Denver, April 16.—McKeen Buchanan, the actor, died here to-day.

New York, April 17.—Morse memorial meetings were held last night all over the country, and were well attended.

Credit Valley Railway.

(Correspondence of the MERCURY.)

This scheme does not seem to meet with much favor (if indeed any) from the yeomen of Erin, judging from the meetings held in rural localities throughout the Township. Whether those views are consistent with the spirit of progress or not is a question with which your Correspondent declines to meddle. I dare say the good sense which characterizes the people of Erin hath led them to weigh the question of Railway facilities fully; certainly this particular scheme hath been weighed in the balance and found wanting. Below I send you a report of a meeting held as under:

"At a meeting held in the School House of Section No. 8 Township of Erin, Mr. Jas. Attkins was called to the chair. (Mr. John Sibbald acting as secretary.) Addresses were delivered by Mr. L. Currie, Mr. Johnson, Mr. Geo. Martin, Mr. E. Tolton, and Mr. H. Pearen, and the following resolution was carried unanimously. Moved by Mr. E. Tolton, seconded by Mr. H. Pearen: That this meeting is of opinion that the Credit Valley Railway would not be of general benefit to the Township of Erin."

Acted: April 16th, 1872.

POLICE COURT.

Before T. W. Saunders, Esq.

April 17.

Mary McKernan was charged with stealing one overcoat, one box of soap and one box of candy, the property of John McVicar, on Woolwich street. Mrs. O'Keefe's old stand, on the 15th. The case was dismissed.

John McVicar was charged with selling liquor without license. Fined \$20 and costs.

Harriston Correspondence.

There are few incidents worth noting just now, except the progress made in the erection of new buildings. On Monday last the water of the Mattland River reached its highest point and passed on without serious damage or accident. Several parties were in danger whilst endeavouring to clear away the rubbish under their houses, and to allow the water a clear passage, and Mr. John Stotson, wagon maker, had a very narrow escape from drowning. He was engaged in a sail in a boat, which, at a point near the Messrs. Preston's store, he saw the water rising, and he jumped into the stream with the intention of swimming down the current underneath the building, which is on posts directly above the river, but was suddenly raised to the surface, striking against the sill of the door, and against which he braced his shoulders, his feet being on a piece of ice still firmly fixed in the bottom of the water, and was able to maintain this position until he got hold of a rope which was thrown to him, and by which he was drawn safely to land. The water in the bush, and a good thaw would perhaps raise it as high as this has been.

On Saturday Duncan Gillespie, of Amint, got one of his arms severely cut and hand at a raising. A piece of square timber which he was assisting to moist slipped down, jamming with one of its own sharp edges one of his wrists against the sharp edge of another. No bones were broken, but the injury is a bad one.

Yesterday morning James Bishop, farmer, got a rusty nail run into one of his feet two inches farther than he wanted it to go, and is dead lame.

The weather is altogether too cold for sugar making, and there will be little done in that way this season. Some dribbles of molasses have been run off. Hay is now selling as high as \$27 a ton.

Harriston, April 16.

Douglas Correspondence.

Spring seems backward. For the last few days the ground has been so solid as could have been expected if it were the middle of December.

Frs.—Last Saturday night some restive spirits, I suppose, for a frolic went to Mr. C. Cense's sugar-camp where he had left some of the previous days gatherings of soap and deliberately boiled down about half of what he had gathered. I have little doubt but they supposed they had a good time; but in the eyes of thinking men such acts, which show a relic of ancient barbarism, appear little short of theft, and deserve the severest censure.

ACCIDENT.—Last Friday Mrs. John Bishop, sen. met with an accident which although not of a very serious nature might have been attended with injurious effects. While the act of pulling out something from below a book case which stood upon a stand, the case upset, and she was soon surprised to find her head in the inside and the foot resting upon her shoulders. It was removed by Mr. Bishop but not without danger as the pain where her head had entered was all in sharp splinters round her neck.

The job of building the Presbyterian Church was let to D. McDonald for \$1,045. A new brick kiln has been started on the farm of Mr. Hugh McDonald, s.d. con., by Mr. G. Selwood. I understand he has leased the right to make bricks on the above named place for some time, and as he is a good workman I have no doubt but he will do a large business.

Board of Trade.

The annual meeting of the Guelph Board of Trade took place on Tuesday evening, in the Town Hall, the President, Mr. Geo. Murton, in the chair. After reading of minutes, the Secretary read his annual report as follows:

The Council of the Guelph Board of Trade in submitting their annual report would express their satisfaction at the large increase of our manufacturing establishments, having now in full operation Sewing Machine, Woolen and other Factories, besides several Foundries and mechanical works in process of construction, also large Furniture and Malleable Iron shops. Over 100 buildings were erected last year and yet the demand is as active as ever, and we believe an equal number will be erected this coming season.

A meeting of our agricultural friends was held last Spring, and they in connection with our Town Council decided to erect an Exhibition Building, and with that object in view secured a suitable site and erected buildings thereon. The show was a decided success, being well attended, and we have doubt that in time Guelph will succeed in taking its turn in obtaining the Provincial Fair. From its central position, fertile soil and energy of our farmers this part of the country is becoming a most important agricultural district.

The Market Report is herewith submitted, as per annexed statement, also Market Fees:

The wholesale and retail establishments and manufacturers of the town, continue to present increased attractions, and with the railway facilities large numbers arrive daily to purchase, as they can come and return same day.

We also append statement of shipments by Grand Trunk Railway and Great Western Railway.

We would also say that of the large quantity of wheat purchased on the line north of us fully two thirds have found its way into our millers' hands, thus showing that our milling capacity is being commensured to its full share of the surplus of the north.

It is with pleasure we have to notice that our present Dominion Parliament have taken up the question of enlarging our Canals, which our Council, with others, recommended, and which we hope to see carried out to its fullest extent so that they may be the highway from Lake Superior to the Sea Board.

Your Committee in presenting the foregoing report, would hope that as in the past, so in the future Guelph will still continue to prosper and enlarge its trade as it has done heretofore.

All of which is respectfully submitted,
G. MURTON, President.

On motion the report was adopted.

The market report for the year ending 1st April, 1872, was then read, the following being the aggregate of the figures: Fall Wheat, 2,434,411, \$1,222,690.98; Firkins Bar, 3676, weight, 367,600 lbs., \$58,816; Cattle, number, 2,213, \$110,650; Horses, 64, \$6,400. Total amount of market fees, \$3,088.60.

The President read the Financial Statement, showing the following figures: Receipts, \$222.90; expenditure, \$63.50; balance on hand, \$159.40.

The following gentlemen were then elected officers for the current year:— Mr. Robt. Melvin, President; Mr. David Allan, vice-President; Mr. G. Robbins, Secretary; Council:— Messrs. Goldie, Knowles, J. McCrea, D. McCrea, Brill, Stewart, Peterson, Rayne, nd, Norton, Massie, Hoag and Davidson.

The Chairman read the following petition:

To the President and Council of the Guelph Board of Trade:

The undersigned merchant, manufacturer and citizen of the Town of Guelph, would respectfully represent to your honorable body, the desirability of having in the Town of Guelph, an official assignee in Insolvency, possessing a commercial education, and training, calculated to thoroughly qualify him for the duties of this important position. The undersigned would respectfully recommend Mr. William J. Paterson as a person in every respect qualified for such an appointment, and one who from his excellent commercial education, thorough experience, capacity and steady conduct, would undoubtedly discharge the duties of an official assignee to your entire satisfaction. The undersigned would therefore respectfully request your honorable body to appoint Mr. Paterson to the above mentioned position.

James Massie, Massie, Paterson & Co., A Robertson & Sons, J. A. Wood, T. G. Gwydy, John M. Bond & Co., Jackson & Hallett, J. Hogg, F. J. Chadwick, G. W. Sandilands, Philip B. Brodie, John Pipe, J. B. On motion of Mr. Peterson, seconded by Mr. Melvin, the prayer of the petition was granted, on Mr. Paterson subscribing the necessary qualifications.

Moved by Mr. Goldie, seconded by Mr. Allan, that the sum of \$20 be granted to Mr. Robbins, Secretary-Treasurer, as an acknowledgment of the Board's appreciation of his services.

PRICE ONE PENNY

The sum of \$5 was voted to the caretaker of the Market House, for services in connection with the Board.

Mr. Peterson moved, in a few flattering remarks, seconded by Mr. Allan, that the thanks of the meeting be tendered to the retiring President, Mr. Murton, for the very efficient manner in which he has performed his duties during the two years of his presidency.—Carried.

The meeting then adjourned.

Arthur Correspondence.

Arthur is worse off for mail communication now than when it had to depend on the stage. The narrow Gauge has narrowed down to two mails a day, one east and one west. The Toronto mail arrives too late for distribution that night, and it takes three days to get an answer from Guelph or even from Drayton. This state of things is very unsatisfactory, especially to the inhabitants of our newly incorporated villages, who are looking forward to brighter days in the distance, when the remodeling of the Counties shall take place, and which, confiding in the merits of the place they are patiently awaiting the finger of fate, when it shall be established as the seat of the new county.

The building of the railway has not been of that benefit to the community which was anticipated, owing to the failure of so many contractors, who were unable to meet their engagements. Business men, mechanics, landlords, boarding house keepers and day laborers have all been victimized more or less, and they have lost a good deal of time in running here and there after the money they were fortunate to get. Notwithstanding this the Village has grown considerably within the last two years. Among other improvements the people have determined to build a new school house this summer. It is to be of brick 30 by 50 feet, and two storeys high. Messrs. Hay & Banks, of the Village, have the contract for building the stone foundation, and Messrs. Trost & Reid have the brick work and plastering. If our friends in the County Council would attend to our Registry Office, and put up a building for the Village, we would be content, and calmly await our destiny.

Arthur, April 12, 1872.

The Nassagaweya Council.

The Municipal Council of Nassagaweya met as a Court of Revision at Amherst, 18th day of April, 1872. Members all present, the Reeve in the chair. The Assessment Roll was duly examined and the following reductions were made as follows, viz: Jno. Hutchison, \$200; George Bay, \$100; Thomas Smith, \$100; and George Agnew, \$200. On motion the Court of Revision adjourned, and the Council organized, the Reeve in the chair. The minutes of last meeting were read and confirmed. Mr. Elliott moved, seconded by Mr. Easterman, that the sum of \$50 be granted to Alex. McDonald to enable him to provide clothing for Arch'd. and Duncan McLean and for repairing their dwelling house, poor and destitute persons. Said amount to be paid when said Alex. McDonald has signed the necessary papers, binding himself to support the said parties in future, without any further assistance from the Township funds. Carried. Mr. Elliott moved, seconded by Mr. Ramsay, that whereas it appears, that Ephraim Chapman received from William Walker certain monies, being the proceeds of a sale of timber on the road allowance between the 4th and 5th Concessions, the said money to be expended in improving the road, and as it appears that he has not applied said money to its original purpose, as accounted for the same to the Treasurer. Resolved, that the Reeve notify the said Ephraim Chapman, that unless he pays over the said money to the Treasurer forthwith, that legal steps will be taken to enforce payment of the same. Carried. On motion the Council adjourned till the second Monday in May next, for the final closing of the Court of Revision and for the transaction of other Township business. JOHN EASTERBOOK.

ARREST OF THIRTEEN PRINTERS.

On Tuesday thirteen of the most prominent members of the Toronto Typographical Society were arrested on the charge of conspiracy to deter men from going to work. They were at once remanded until Thursday, and admitted to bail.

THEIR HOTEL.—We understand that Mr. Jas. A. Thorpe will open the Hotel, formerly known as the Coulson House, on the 20th. The internal arrangements of the house have been entirely remodelled. It is also have been refitted and furnished with new furniture of the best description. Mr. Thorpe intends to keep it as a first-class house, and it will soon be as popular as ever it was in the old times.

THE NISSOUR MURDER.—Phoebe Campbell, since her condemnation, has been devoting herself to religious duties, and on Sunday morning last she was singing psalms in her cell. No one is allowed to see her unless in the presence of the County Crown Attorney, with the single exception of her counsel. An attendant is with her day and night, in order to frustrate any attempt the prisoner might make to commit suicide.

BENELAY VS. TORONTO.—Barclays got into Alderman Turner's house on Sherbrooke street, near Carlton, last night, and went through the entire house. They entered his bed room and carried off his pants and waistcoat. From the pockets of the former they abstracted between fifty and sixty dollars (a cheque collection) and left the pants on the door step.
