MONDAY EVENING, OCT. 7, 1872

Have we a Board of Health.

We have a dim recollection that last spring a Board of Health was appointed by the Town Council, which was supposed to devise and enforce sanitary regulations as they might deem necessary for the preservation of health. This Board seems to have gone out of existence altogether, for it has showed no sign of vitality for months past. There are several places in this town in a most disgraceful state, and have been allowed to remain that way all summer. As long as the health of the Town was good no remark was made, but now that typhoid fever is so prevalent, we think that something ought to be done in getting these back lanes, cess pools and other places of impurity thoroughly cleaned. The back lane that runs from Quebec to Macdonnell street in rear of Wyndham Street is in a very filthy state, and the combination of smells that emanates from some of the cellars and back yards about Day's block would lead one to suppose that everything possible was being done to encourage typhoid and all other kinds of fevers. We trust that the Board of Health will at once wake up to its duty, and see to the immediate purification of all such places of uncleanness.

The *Waterloo Chronicle* is urging on the people of that county the desirability of constructing gravel roads, pointing by way of encouragement to the ratepayers the benefits such roads have conferred on the County of Wellington.

The first bit of real comfort for the Guelphites comes from Georgia. The Democratic Liberal ticket there has not only won, which was expected, but it has been won by an immense majority, which was not expected. Greeley would have been satisfied with a majority of 5,000 but the returns indicate that it will amount to not less than 50,000.

The Port Dover and Stratford Railway project has had new life infused into it lately. The Stratford *Beacon* says that \$15,000 of stock has been taken up in that town, and believes that within thirty days the whole \$100,000 required would be available, the charter go into operation, and the road be virtually a fact accomplished.
