W. W. FIEZGERALD. Annual Meeting of the Dominion Riding

The Grand Trunk Rood.
To the Editor of the ADVERTISER:

RIDGETOWN, Jan. 9.—The annual meeting of the West Elgin Pencinion Reform Association was held in the new Yown Hall yesterday. The weather and the roads were had, but there was good representation of delegates present from all parts of the county. Among those present were Dr. Cascaden, ex-M.P.P., J. A. Dart, Mayor of Ridgetown; S. E. Morris, of Rodney; D. Lang, Peter Stalker, Arch, McColl, of Aldborough; A. J. McDonald, A. R. Macdonald, John Lee, W. S. Gosnell, T. S. Tope, of Orford; P. McDiarmid, John P. McKinlay, C. Darling, of Howard; S. Crouch, Charles Macdonald, N. Mills, James Grant, L. Carpenter, Geo. McDonald, David Watterworth, Arthur McKinlay, E. McKay, P. Campbell and others, of Ridgetown.

President Macdonald occupied the chair. To the Editor of the ADVERTIBER:

I saw an article by the General Passenger Agent of the New York Central and Hudson River Railway recently, giving a glowing account of their four-track railway and its vast resources and scenery of the country it passes through, as well as its fine equipage.

I think a word in behalf of our railways in Canada might be said, and our people have given millions towards their construction. Now, where do we find a better-equipped railroad on this continent than the G. T. R.? Its rolling stock is of a superior class, improvements going on daily. Its permanent way I find the best I travel over, and I have passed over all railways, I think, in this country. The double track from Montreai to Toronto will soon be completed and the track doubled to Hamilton, and its westward-bound freight by way of Stratford, eastern by way of London and the Toronto branch, will give the country over 600 miles of double track, which will enable them to dispatch passengers and freight at a much quicker rate. The traffic is immense, and the increase of receipts must be very gratifying. This vast railway system passes through the richest agricultural districts, cities and towns in Canada, and is heading for the great Northwest. Too much cannot be said in behalf of this railway. It has had to fight against many difficulties, but perseverance has brought success, and I have no doubt there are better prospects in store. The time is fast opproaching when there will be busiresident Macdonald occupied the chair. The election of officers resuited as follows: President, D. Lang, of Aldborough: vice president, Charles Macdonald, barrister, of Ridgetown; secretary-treasurer, S. B. Morris, of Rodney. Short, pithy adresses were then delivered by N. Ford and Mr. Brierly, of St. Thomas; John Lee, of Highgate; Charles Macdonald, of Ridgetown; Peter Stolker, C. Darling, Arch. McColl and S. B. Morris.

The meeting by resolution expressed con-Arch, McColl and S. B. Morris.

The meeting by resolution expressed confidence in the leaders of the Reform party, and the reports all indicated that the cause of the Liberal party was in the ascendency all through the riding. Bismarck was selected as the next place of meeting.

Mr. Casey, the member for the county, was unable to be present, owing to the illness of his wife, who has the prevailing influenza. The proceedings throughout were characterized by harmony and good feeling. are better prospects in store. The time is fast opproaching when there will be business for all our railways. The C. P. R. has done wonders since its commencement for the general good of the country. It is also a well-equipped road.

The Water Commissioners Sit on Suburbs -Three Months to Build Their Own Waterworks.

OTTAWA, Jan. 9.—William McMullen was blown to pieces yesterday afternoon by cynamite. The unfortunate man was engaged in blasting operations and was carrying dynamite from the magazine, where a fellow-workman named Farrell was thawing the cartridges. When about ten feet from the magazine there was an explosion, followed by a cloud of dust. When the dust had cleared away McMullen was discovered to have been blown to pieces. It is supposed he let one of the catridges drop.

The magazine was blown to atoms by the explosion, stove and all, but Farrell, who was sitting by the stove with his hands full of cartridges, escaped unburt. McMullen's limbs were scattered in all directions, and his heart was found 100 feet away. The Water Commissioners met last night -Mayor Taylor, Commissioners met hast night Essery, Secretary Ellwood, Inspector Platt and the City Treasurer present.
