#### GREAT WOMEN OF HISTORY HYPATIA.

By Thomas B. Gregory.

all accounts, one of the most wonderful cities that history knows anything about. Into its streets from the yellow sand hills of the desert long trains of camels and countless boats brought the abundant harvests of the Nile. A ship canal Lake Mareotis. The harbor was a forest of masts. Seaward, looking over the blue Mediterranean, was the great lighthouse, north wind there was a mole three-quarters of a mile long, with drawbridges that angles. One was three miles and the freeing men from superstition and leading other one mile long. In the square where they intersected stood the mausoleum in which rested the body of Alexander. The exchanges, halls of justice. The visitor

passed countless temples, theatres, churches, synagogues. Conspicuous above all was the mighty Serapion, approached city in the world.

gifted and noble Hypatia. Hypatia was the daughter of the Alex-

andrian philosopher and mathematician, in perfect keeping with her life. She and whose high powers were inherited to the full by his daughter.

iph, pure as an-angel, Hypatia was at time an intellectual giantess,

world; and, better still, she possessed to they parting it. She was eloquence itself. To with oyster shells and casting the remademy in which she lectured men nants into the fire. and women flocked from the ends of the Thus perished Hypatia. Fortunately no empty seats. Standing room was at truth speaker, but truth itself is immor-

The Alexandria of A. D. 400 was, from | able to get within the reach of her marvellous voice.

This extraordinary woman ould be termed in this day a "rationalist." Eclectic in spirit, she took what seemed to her to be the truth from whatver source it might come, and received it on the simple score of its own merit. connected the harbor of Eunostus with Her motto was "Not authority for truth, but truth for authority." What seemed reasonable to her she gladly accepted; what seemed unreasonable she bodly rethe Pharos, one of the wonders of the jected. A free lance-a sort of holy priestworld. To protect the shipping from the ess of the truth universal-she lovingly and fearlessly talked to the thousands who were only to anxious to listen to were a marvel of engineering skill. Two her, demanding as her reward only the satisfaction of knowing that she was them up to the truth that makes for freedom progress and civilization. Brighter than the gleam of the great

torch that flamed out over the wide blue sea from the summit of the famous created there in that old Alexandria by Theon's daughter! It was wonderful! on the one side by a slope for carriages And the memory of it still lingers with us and will linger forever. The torch of dred marble steps. With its 500,000 population, its magnificent edifices, its world-itself fell and was broken up into junk; the Pharos long ago went out; the Pharos wide commerce, its art, science and phil- but the light that Hypatia kindled so long osophy, Alexandria was easily the first ago in Alexander's city can perish only with the extinction of humanity itself. And the greatest thing in this greatest The truth that at the cost of her life city was a woman-the beautiful, the Theon's daughter proclaimed is an eternal possession

Hypatia's death, terrible as it was, was loved truth, was heart and soul selfdedicated to truth, and for truth she died. One day as the beautiful girl was on thousands who were anxiously waiting hilosophy, thoroughly posted in for the sound of her magical voice, she well up in history and versed in was set upon by a pack of savages. all the varied wisdom of her day and the midst of the fearful yelling of the bare-legged fiends she was dragged from The wonderful young woman combined her chariot and stripped, after which she with her profound knowledge the ardent was clubbed to death. After heaping every to import that knowledge to the possible indignity upon the naked body dismembered it, and finished the a remarkable degree the faculty of im- work by scraping the flesh from the bones

In order to get in it was necessary for the world, however, the truth for to come very early-sometimes the day which she died did not die with her. It In Hypatia's academy there were is possible to kill the truth seeker and the There were a hundred wait- | tal and sooner or later triumphs over all
