TOM MOORE TO ADDRESS LABOR

Trades Congress President Speaks At Open Meeting Friday Night.

Forty Delegates to Carpenters' Convention Tour City and District.

More than forty carpenters and joiners from every section of Ontario are still in session at the Labor Temple. Gathering Friday at 9 a. m. the delegates were addressed by Arthur Martell, vice-president of the Dominion Trades Congress.

At 10:30 a.m. another adjournment was called, while the visitors were treated to an automobile drive about the city and district, accompanied by representative local labor leaders.

Friday afternoon the convention entered into business in earnest, all resolutions then being ready for consideration.

In the evening Tom Moore, president of the Dominion Trades Congress; Arthur Martell and John Flett will be the speakers at a general meeting at the temple, that has been declared open to all.

Most important of the several resolutions now under consideration on the floor of the convention, is one asking that the Ontario Legislature "adhere to such legislation as was passed by that body in 1900, compelling all contractors undertaking government work to insert the 'fair wage' clause in their contracts."

Denounces Radicals.

Featuring the afternoon session Thursday was a spirited address by John Flett, Hamilton, Dominion organizer for American Federation of Labor, who, while outlining the continuous growth of the international union movement, denounced in bitter terms such "radical" organizations as the Industrial Workers of the World, the old Knights of Labor and the One Big Union. He held that the trades unions had to date emerged triumphant, despite the persistent activities of these various bodies.

85 Locals in Ontario.

Reports of committees and locals were received during the day, revealing the fact that the provincial organization is now in a much better condition than was noted after any previous period of depression. At present there are 85 locals throughout Ontario, with a total membership of about 7,500.

Two fraternal delegates are also in attendance, Edward O'Dell, representing the Boot and Shoe Workers, and H. Pickard of Quebec, members of the Provincial Labor Council in that province.

Among other delegates to arrive Friday was James Marsh, of Niagara Falls, provincial organizer for the International Carpenters.

WEEK-END RATES ARE RESTRICTED

The week-end special rates, that will become effective on the Grand Trunk Railway July 15, do not hold good for places more than 35 miles from the city. Word to this effect was received by E. R. Ruse, G. T. R. ticket agent in London, Friday morning.

Mr. Ruse stated that special provision had been made for lake ports near the city, such as Sarnia and Goderich, and that these places would be included on the reduced fare schedule for week-ends.

Smith Deplores Lack Of Reverence To Flag

SATURDAY is July 1, a general public holiday throughout Canada. It is Dominion Day in fact, which prompts Trustee Edwin Smith, chairman of the board of education to essay the remark that everyone should observe the day in true patriotic manner.

Contrasting the general attitude of the average citizen of this country with those over the border, the chairman deplores the fact that in his opinion, sufficient reverence is not shown the flag here. "You can't go five feet in the States on July 4 without seeing the Stars and Stripes," he says.

THE tree of knowledge is grafted upon the tree of life; and that fruit which brought the fear of death into the world, budding on immortal stock, becomes the fruit of the promise of immortality.—Sir Humphrey Davy.

BLAMES WHITE MAN IN THEFT

Munsey Reservation Indian Remanded For Hearing At Fall Session.

Cecil Cady Claims He Purchased Auto Tires On Market Square.

London is not such a big place after all, but when you are looking for a man here and the only description you have of him is that he is middle-aged, white and wore a blue suit last December, you will probably find it necessary to consult Sherlock Holmes and Dr. Watson.

Cecil Cady, Munsey reservation Indian, told Squire Chittick in county police court Thursday afternoon that automobile tires found in his possession by county police were purchased by him early last winter from a strange white on the market square.

William Dunn of Wellington road, Westminster Township, was equally emphatic in his claim, however, that the disputed tires were securely affixed to his Ford car last January, and his mother-in-law, Mrs. Fisher of Munsey, was positive that they were still there the following March.

As A. R. Douglas, acting crown attorney, insisted that the evidence was sufficient to warrant committal for trial on a charge of theft, Squire Chittick directed that Cady be remanded for hearing at the next court of competent jurisdiction, probably in September. Bail was set at $1,000, the same being furnished by the prisoner's mother, a property owner in the Munsey district.

Cady will also face the next judge's criminal court on a second charge of resisting legal arrest, for which bail of $1,000 was provided Tuesday last.

He testified Thursday that early last December he drove into town, and while in the company of Maitland French, another Munsey Indian, was accosted on the market square by a white man in a Ford car who volunteered to dispose of the two tires for a reasonable sum, say $25. The deal was quickly consummated, he related, and he has never seen the salesman since. The latter was attired, he explained, in a blue suit and was middle-aged.

Maitland French corroborated the evidence of the defendant, while William Dunn, formerly a resident of Munsey, but now of Westminster, declared that he had left the car at a Mrs. Logan's Dec. 1, and the latter warned him in May that if he did not come and take it away the engine would probably be gone. He identified the tires in the court room as his property.

County Constables Alex. Shaver and William Fifield told of their trip to Munsey in connection with the theft of butchered cattle, and their discovery of the tires on the prisoner's car.

A. R. Douglas, acting crown attorney, prosecuted, while A. G. Chisholm, K.C., defended Cady.

MUSIC GRADUATES PROVIDE RECITAL

High Class Program Is Rendered At Brilliant Event in St. Andrew's Hall.

The brilliant recital given Thursday evening in St. Andrew's Hall by the licentiates and fellows of the London Conservatory of Music is but one of the delightful treats promised by this organization in the years to come. The London Conservatory is one of the chief music examining bodies in the province, and will periodically come before the public of London with something exceedingly worth while.

Jean Bartram, L.L.C.M., of Parkhill, winner of one of the medals for licentiates, who attained a total of 90 marks, was one of the artists of the evening. This clever pupil of Sydney Martin's was heard in Heller's "La Truite," played with understanding and sympathy. Another licentiates medalist, Ray Eden, L.L.C.M., of London, a pupil of Miss Irene Burns, was heard in a brilliant rendition of Mendelssohn's Concerto in G Minor (andante and allegro movements). This medalist also achieved the magnificent record of 90 marks.

Two talented pupils of Thomas Martin were also found among the artists of the evening, Evelyn Jarvis of London, opening the recital with a musical rendition of the Liszt Rhapsodie, No. 6, and Celia Little of St. Thomas, giving talented interpretations of Chopin's "Nocturne in C Minor," and the McDowell "Etude de Concert."

Two other brilliant numbers of the evening were vocal numbers given by Irene Walls, L.L.C.M., of Denfield, "Life" and "Love, I Have Won You" (Landon Ronald). Miss Walls is a pupil of F. L. Willgoose, as is Gertrude Clement, L.L.C.M., of London, who delighted the audience with artistic renditions of the Goring-Thomas song, "A Summer Night," and "Love's a Merchant" (Carew).

A still further treat Thursday night was Winifred Reeves' interpretation of Liszt's "Cantique d'Amour." Miss Reeves is a pupil of the Sisters of St. Joseph's.

The closing part of the program was marked by the distribution of diplomas to successful candidates of this year, the presentations being made by Rev. John Garbutt, as follows: Pianoforte, Jean Bartram, L.L.C.M., Parkhill; Ray Eden, L.L.C.M., London; Evelyn Jarvis, London, Celia Little, St. Thomas, Dora McConnell, Port Burwell, Lottie Ravin, Clear Creek, and Winnifred Reeves, London, L.L.C.M.; singing, Gertrude Clement, L.L.C.M., London; Madeleine Fitzgerald, L.L.C.M., London; Irene Walls, L.L.C.M., Denfield; teachers' normal, Myrtle B. Fenton, A.T.L.C.M., London, and Nettie Jones, A.T.L.C.M., London. Mr. Garbutt spoke briefly on the value of music in a community.

The examining board of the London Conservatory of Music includes: W. Caven Barron, London; T. W. Hanney, Neepawa; Dr. C. L. M. Harris, Port Huron; Frederick G. Killmaster, Regina; Sydney Martin, London; Thomas Martin, London; Charles Wheeler, London, and F. L. Willgoose, London.

Bouquet of flowers were showered on the artists of the evening from the hands of two dainty white-clad maidens. F. W. Willgoose acted as chairman.

SAILORS' UNION TO TAKE STRIKE BALLOT MONDAY

Officials Predict a Walkout Vote For 15,000 Men.

Buffalo, N. Y., June 30.—With the longshoremen on strike in three of the largest freight houses in this port, and a strike vote being taken by the marine firemen, oilers, watertenders and coal passers, it was announced today that the sailors' union would begin to ballot on Monday to authorize a walkout. A vote favoring a strike of from 12,000 to 15,000 men was predicted by union officials.

The issue among the men on the navigation end is said to be not so much wages as working conditions. It is said that on freight boats men are deprived of their rest in port due to the system of moving from dock to dock while vessels are discharging their cargoes. The sailors demand a straight eight-hour working day.

Three weeks will be required to poll the sailors, their votes being taken here and at other lake ports when vessels make harbors where balloting has been authorized.

SEEK MAGISTRATE'S POST.

OTTAWA, June 28.—Three prominent local lawyers, J. L. McDougall, Richard Sims and J. O. Carse are being mentioned as the future police magistrates for this city. The death of former Deputy Magistrate Kidd creates a vacancy, and Magistrate Askwith has announced his intention of resigning shortly.

PLANS AMENDMENT TO LIGHT BYLAW

Alderman Drake Suggests Reflectors for Bicycles in Place of Lamps.

According to the London Motor Club, considerable misunderstanding has arisen over the new city bylaw requiring all vehicles to carry lights fore and aft, when traversing the city streets after nightfall and before dawn.

The bylaw states: "No person shall ride, drive, or propel any vehicle, whatever the motive power may be, or any particular kind or class of vehicle, upon any public street within the limits of the city of London, after dusk and before dawn, without carrying thereon side-lights visible from in front of and from behind such vehicle."

The penalty for violation of the bylaw is a fine not exceeding $50, exclusive of costs, in default of which a jail sentence of six months or less may be imposed.

To date no convictions have been registered under the new law. Chief Birrell, in making a statement concerning the bylaw, said that he considered it unfair to country people. On this point the motor club differs with the chief, considering that its intent is for the protection of vehicles other than motor cars.

Ald. Drake has prepared an amendment to the bylaw. The amendment changes the bylaw to allow bicycles to use reflectors in lieu of lighted lamps. Strict enforcement, it is pointed out, would give a ludicrous aspect to the law. Kiddy-cars, tricycles, baby buggies, go-carts and horseback riders would be obligated to carry lights that could be seen from the front and the back.

CLAIM LONDON CITIZENS MEET TAXES WILLINGLY

City Officials Admit Residents Give Little Trouble To Collectors.

Citizens of London pay their taxes quite readily, according to Assessment Commissioner Grant, and City Treasurer James Bell, who read with interest the account of two women at Fredericton, who declared they would rather go to jail than pay income tax.

"They all pay their taxes in London," said Mr. Grant. "We have no trouble whatever. The citizens who protest take their cases to the court of revision and have them adjusted. There is nothing like the trouble at Fredericton here."

"Everybody pays up in London," said City Treasurer Bell, who is responsible for the collection of taxes here. "We have not had to sell property for non-payment of taxes here since 1910."

HOLD SERVICES IN MEMORIAL PARK

Memorial services will be held in the Memorial Park, Poplar Hill, Lobo Township, next Sunday.

The series of union services for the summer will begin on the second Sunday of the month in the Memorial Park, to be conducted by the different denominations, the first by the Baptists.

A union choir is in training to take part at all these services. Should the weather forbid holding in the open air the Baptist or the Disciple Church, or both, which are near by, will be used.

Impressive Services Will Mark July 1 In City

LONDON'S Dominion Day celebration held in Victoria Park under the auspices of the Men's and Women's Canadian Clubs will be deeply impressive, although of short duration.

The royal salute of 21 guns will be fired at 11 o'clock, marking the official opening of the celebration. The ensuing program will be made up of patriotic addresses and community singing. Leaflets to be used in the latter are to be provided by the Women's Canadian Club.

In the absence of the president of the Men's Canadian Club, Hume Cronyn, Col. Ibbotson Leonard will preside at the ceremonies. Addresses are to be given by Mrs. F. W. Hughes, president of the Women's Canadian Club; Mayor Cameron Wilson, Frank White, M. P., American Consul G. Russel Taggart, and Rev. John Garbutt.

Both program and military demonstration will be completed by 12:15, and the remainder of the day declared a holiday.

ROTARY HOLDS FROLIC AT PORT

Members of London Club Stage Enjoyable Outing at Lakeside.

Baby Show and Baseball Match Features of Sport Program.

All members of the London Rotary Club are now satisfied that henceforth the Rotary year will not be considered complete without the Port Stanley picnic. Any doubt which might have been felt by members concerning the ultimate success of the picnicking enterprise was completely dispelled by the wholehearted manner in which Rotarians, with their wives and families, numbering about 185, followed the day's motto, "Let's stick together," in the outing held at Port Stanley Thursday.

Now Safely Established.

Jared Vining, president of the Rotary Club, voiced the sentiments of the entire gathering when, in an address following a sumptuous supper served in the Japanese tearoom on Invererie Heights, declared that an annual picnic at Port Stanley was now safely established as a Rotary custom, and that henceforth any discussion would not be on the advisibility of holding a picnic, but how to obtain still further improvement and enjoyment.

The award of special prizes was made at supper, with Jared Vining presiding. The prize for the mother with youngest Rotarian baby went to the mother of Mary Egan, aged 4 months and 2 weeks, and the prize for the mother with the oldest baby to Mrs. Chester Rowntree.

The special prize, a splendid Red Bird bicycle, given by George Wenige and drawn for by Mrs. Jared Vining, was carried off by Dr. Detwiler. The nature of the prize was kept a secret until the time of its awarding, and then much merriment was caused by the stipulation that the winner should ride home on it. Rotarian songs under the leadership of Rotarian Shannon, and in which all voices joined, lent zest and enjoyment to the supper gathering.

Was Baseball Game.

The most thrilling feature of the afternoon's program was the baseball game, in which two teams, both overflowing with vim and vigor, the one captained by Chester Rowntree and the other by Frank Harley, engaged in riotous combat. With a score of six to four, after a long and gruelling battle, watched with eager intentness by Rotarian fans, the victory went to the Rowntree team. The lineup was as follows: Winners—Rowntree, E. Holmes, Wheeler, Gibson, McFarlane, W. S. Fox, Ken Green and W. Yendall. Opposition—Harley, W. Green, W. Purdom, Geo. Wesley, McConkey, Deacon, Whitwam, Aylesworth and C. Stevens.

Jared Vining and Mrs. Ed. Waller, the latter picturesquely armed with a rollingpin, acted as umpires.

FINAL INCOME TAX PAYMENTS MADE

According to income tax officials, no one in Western Ontario or the London district, receives an income approaching the neighborhood of $1,000,000.

While there are several millionaires in this district, few pay taxes on incomes over $100,000, the officials state.

This information was brought out when the authorities were questioned concerning the report that two men in Canada paid income taxes on incomes of over a million dollars. Neither one of them are in this district, the officials state.

Friday was the last day for the payment of the quarterly installment on the federal tax. There was little confusion, as most of the amounts came in before due.

Bass and Trout To Lure Pond Mill Anglers

POND MILLS will offer new attractions to fishermen in the future. A consignment of black bass from Hohawk Hatchery, numbering probably 100,000, was placed there Friday, as well as a can of rainbow trout.

The Western Ontario Fish and Game Protective Association announce that splendid improvements have been made at Pond Mills. The dock has been widened, and dock lights installed, as well as an improved system of locking boats.

Fishermen announce that during the last week, the fishing has been fair, with bass biting well.

TRUSTEES FIRM ON SALE OF LAND

Sign Deeds for Transfer of Grand Avenue Property.

Determined that any person who enters into an agreement with the board of education must consider that the same is something more than "a mere scrap of paper," officials of that department Friday morning affixed their signatures to deeds for the transferral of two of the three Grand avenue building lots sold a few weeks ago by public auction.

Although the prospective purchasers, both London women, after signing the necessary documents and making a certain payment, supposedly to bind the agreement, then signified their unwillingness to accept the land, T. G. Meredith, city solicitor, advised the school trustees that they must and could be held to their bargain.

Whether the purchasers will elect not to consider the city solicitor's judgment as final will be known when they are formally presented with the deed bearing the signatures of Trustee Edwin Smith, chairman of the board, and W. A. Tanner, secretary.

ENTRANCE EXAMINATION RESULTS TO BE DELAYED

Department Will Withhold Announcement Until Full Report Is Ready.

No results of the local entrance examinations will be announced to the public before July 18, according to Geoffrey Wheable, supervisor of principals, who explained Friday that it is now one of the regulations of the provincial department that all data of that nature must remain a secret, inasmuch as the public is concerned until all the results are ready.

All interested persons seeking information may apply to the respective principals, however, who may divulge within reason whatever information they may have. All papers must be in the hands of the minister of education by July 8, after being marked here.

G. T. R. INSTALLS PHONE SYSTEM

Railroad To Connect Head Offices in Montreal Direct With Chicago.

Method To Be Used Establishes Precedent in Canada.

Establishing a precedent in Canadian railroad history the Grand Trunk Railway have begun construction on a private telephone line that when completed will allow officials in Montreal to converse with the Grand Trunk offices in Chicago.

Some time ago telephones were installed in each division of the G. T. R. in Ontario, but this did not permit division officials talk directly with the offices in other divisions. And realizing the enormous value of the telephone in train dispatching and its time-saving advantages, the heads of the Grand Trunk Railway determined that in order to run the system in Ontario and in the United States efficiently, Montreal should be able to talk directly with Chicago, and vice-versa.

The line from Montreal to Ottawa has already been completed, local officials state, and before the end of the year the line will reach to Toronto. By the end of 1923 the circuit will be completed, and the dream of years will be a reality.

A few weeks ago a switchboard connecting all the Grand Trunk offices in the city was installed in the chief dispatcher's office, and with the completion of the new line will be placed in the international circuit.
