## Knights of Columbus Honor State Deputy At Banquet

Clergy and Laymen Felicitate Colonel Dr. Claude Brown, Re-  
cently Appointed To Highest Provincial Post In Order.

An event of manifold interest and  
unique in the history of the local  
Knights of Columbus, Court 1419,  
was the banquet tendered to Col. Dr.  
Claude Brown, prominent K. of C.,  
and well-known Londoner, last night  
in the Catholic Auditorium, when  
some 300 knights gathered to pay  
their respect and loyalty to one who  
has brought upon himself, and the  
becoming state grand deputy of the  
Knights of Columbus for the province  
of Ontario. On entering the audi-  
torium Dr. Brown was given a rous-  
ing reception, after which all present  
sat down to a sumptuous dinner pre-  
pared for the occasion.

Charles Finney, chairman and  
grand knight of the local council, gave  
a brief speech in which he stated  
that the honor conferred upon Dr.  
Brown at the recent meeting in Ot-  
tawa was the highest that any mem-  
ber could obtain in Ontario and was  
worthy of the support and confidence  
of every knight in the province from  
the lowest to the highest. On rising  
to tender the congratulations of  
Bishop Fallon and the clergy of this  
diocese the Right Rev. Monsignor  
O'Connor, vicar-general, was loudly  
applauded, and in glowing terms paid  
tribute to Dr. Brown, the first knight

of Ontario, on behalf of the clergy  
and brother knights of the province.

**Praises New Deputy.**  
He said, "I feel it my duty as the  
representative of the bishop to re-  
alize with Dr. Brown and the knights  
and clergy in the signal honor that  
has been bestowed on a man of such  
good faith and fine character. He is  
the proper stamp of man to bear the  
title of Knight of Columbus, a man  
who exercises his faith with a sin-  
cerity and love for the Holy Catholic  
Church which guides him in his  
destiny in this world."

Guy R. Roach, grand knight of the  
Toronto Council, and noted speaker,  
in eloquent terms praised Dr. Brown  
and stated that in coming to this oc-  
casion he carried with him the united  
and heartfelt wishes of the Toronto  
members who had pledged themselves  
to work in co-operation with the  
newly-appointed state deputy. He  
commented upon the good feeling ex-  
isting between the London and  
Toronto councils and the 37 other  
councils, and the confidence and trust  
of the 20,000 knights which Dr. Brown  
has held from the instant he was  
elected.

**Relates History.**  
"The order," he said, "was founded  
40 years ago in New Haven and upon  
the principles of the strongest re-  
ligious force in the world—that of the  
Catholic Church. It has expanded to  
such proportions that it is now a  
world-wide organization stretching  
from east to west and embracing a million  
members, all of whom battle for  
clean, honest citizenship and devotion

to God and country." He also stated  
that in 1914 thousands of knights  
volunteered in the Great War and  
fought side by side with Prot-  
estants and would be willing today  
to lay down their lives in the defence  
of their country.

One question of vital importance  
which Mr. Roach discussed was the  
work of boy welfare that the knights  
are about to embark upon. "The boy  
is the greatest problem facing the  
world today," he stated, "and it is  
the desire of all knights to see that  
every boy, regardless of creed, nation-  
ality or surroundings is given an  
equal chance in education, and to  
prove that he is worthy of such a  
chance."

**Asks Co-Operation.**  
Summing up his address the  
speaker urged all the knights to give  
Dr. Brown their heartiest co-opera-  
tion and help him to carry out the  
responsible position placed on his  
shoulders.

Dr. Brown's career as a soldier was  
brilliant, and that he was fully  
qualified to command the 20,000  
knights of Ontario as their general.

Last of all was Dr. Brown, and as  
he rose there were continuous rounds  
of applause. In a modest way he  
thanked the knights and clergy for  
their presence, and in words that  
showed he was deeply moved, said  
he hoped that when the time came  
for him to retire he would still hold  
the loyalty and confidence entrusted  
to his care.

**FRACTURES HER WRIST.**  
Special to The Advertiser.

Ingersoll June 26.—Mrs. Hema-  
worth, who resides on William street,  
was seriously injured yesterday, soon  
after voting. While crossing the rail-  
way tracks she stumbled and fell on  
a rail, sustaining a fractured wrist.

**MAJOR SUGGESTS  
CENTRAL STATION  
FOR ALL BUS LINES**

Board of Works Appoints  
Committee To Secure  
Suitable Site.

BUY AIR COMPRESSOR

That there should be a central  
terminal for all the bus and truck  
transport lines running into Lon-  
don was the suggestion of Mr.  
Wenigo at last night's meeting of  
the board of works.

"The general public," he stated, "is  
without definite knowledge of where  
these buses start from or what is  
their time table, and if the city had  
some central rooms from which all  
the buses and motor transports  
would be compelled to start, it would  
be to the mutual advantage of both  
operator and passenger."

The idea appealed strongly to the  
board, and it appointed Aldermen  
Hayden and May as a committee to  
find a suitable site for the proposed  
station and to report back to the board.

The board also decided to build a  
sidewalk on the north side of  
Beaconsfield avenue from the existing  
walk to the Wharfedale road.

Every year the city has a large  
amount of heavy work, such as break-  
ing up cement curbing and stiff, clay  
soil, and in view of the time taken  
in this work, and because it was  
such a slow process, the city en-  
gineer asked the board to consider  
the purchase of a portable air com-  
pressor. He stated that a 90-foot  
machine would be adequate for all the  
work of the city, and that being  
charged to the department and to the  
cost of the machine done by it, would  
soon pay for itself.

**Order Machine.**  
The machine recommended will cost  
\$1,287, and the board, agreeing that  
it would constitute a saving in the  
city's work, ordered the machine to  
be assembled by the makers so that  
it would be ready for use as soon as  
possible. The machine will also do  
bridge cleaning, and paint work,  
with a spray brush. The matter will  
be brought before the next meeting  
of the city council Tuesday for ratifi-  
cation of the purchase. The council  
will be asked to also pass a bylaw  
formally opening the street beside the  
breakwater known as Drake avenue.

A communication was read from  
Manager Buchanan of the Public  
Utilities Commission stating that the  
commission considered that Victoria  
Park was already sufficiently well  
protected by the existing bylaw and  
that in any case they had no funds  
to permit of erecting gates at the  
entrances to the park. The board  
agreed to supply the necessary funds  
and will ask the commission to sup-  
ply plans of the gates and their cost.  
In regard to Peter McGinnis, an

old servant of the city who has been  
employed for some time and who  
appeared last night before the board  
asking for work, the members agreed  
to find some congenial work for him  
and he will call on the committee  
this afternoon to find what fate has  
in store for him.

**Claimed Firetrap.**  
The matter of the Matthews' junk  
and lumber yard, described as a fire-  
trap, and a danger to the neighbor-  
hood, so that the people living there  
could not obtain fire insurance, was  
laid over for further consideration  
and for more facts. The yard is  
thought to be in an unsuitable posi-  
tion in many ways, and the board is  
considering some way of surmounting  
these. The question of laying sani-  
tary sewers on certain streets was  
referred to the city engineer. The  
streets are: Vauxhall, Holman  
Hume and Waverley Place. The board  
of education will be asked by the  
board of works to supply further in-  
formation in connection with the  
closing of McKenzie avenue, near the  
Tecumseh school. The education  
trustees want to purchase a lot on  
the other side of the street so that  
they can have room to build an east  
end collegiate if necessary some time  
in the future.

**PORT STANLEY**  
Erie Rest, Port Stanley, June 27.—  
Mr. and Mrs. Mysner of Kitchener  
and Mr. and Mrs. McCutcheon of  
London were the guests of Mr. and  
Mrs. J. A. Nash.

Mr. and Mrs. Greenleafs and family  
and Mrs. Clarke are settled for the  
summer in their cottage "Westward  
Ho".

Mr. and Mrs. Wm. Whitehall of St.

Thomas have left their summer home  
at Erie Rest for a motor trip through  
Michigan, expecting to return in a  
week or two.

Mrs. Laughlin, after a week's stay  
in London, has now returned to her  
cottage at Erie Rest, where she will  
spend the holiday.

## LIVELY EVENTS MARK PROGRAM OF ROTARY PICNIC

Special Train Conveys Mem-  
bers To Annual Frolic  
At Port Stanley.

**AWARD MANY PRIZES**

Port Stanley, with all its possi-  
bilities for enjoyment, realized its re-  
sponsibility toward the municipal  
slogan, "This is 1923," and behaved  
in a most excellent manner yesterday  
afternoon, when the London Rotary  
Club arrived there for its annual  
picnic.

Leaving London at 1:15 by special  
train, the picnicers numbered more  
than 100 members, with their fam-  
ilies and friends, and all entered with  
great zest into the lively program of  
sports prepared for Invererie Heights.  
There were no water sports on the  
beach afterwards, as Lake Erie, be-  
traying the customary fickleness of  
the shallow, was icy-cold, in con-  
trast to the pleasant warmth be-  
fore the night's storm.

Supper, with the concluding award-  
ing of prizes, was carried out in the  
London & Port Stanley cafeteria, with  
the president, Dean Sherwood Fox,  
presiding. The cafeteria orchestra  
rendered excellent music during the  
hour.

**Events Well Arranged.**

All arrangements were made in a  
most capable manner under the con-  
vener'ship of Ed. Waller with the  
following committees: Sports, C. E.  
Jarmain, E. V. Buchanan; Refresh-  
ments, Emerson Nichols; prizes, Mrs.  
Roy Cunningham, Mrs. Wendell  
Holmes and Mrs. W. Jarmain.

These were the events in the sports  
program: Balloon race for boys and  
girls—Betty Gibson, Jean Lawson.  
Boys and girls race—Billy Ferguson,  
Jean Cunningham and Lou Cunningham.  
Race for boys under eight—  
Charles Gibson, Tom Lawson, Tom  
Faust. Race for girls under eight—  
Margaret May, Ruth May and Cath-  
erine Fox. Race for boys under ten—  
Jack Purdom, Charles Gibson, Ray  
Lawson. Race for girls under ten—  
Eleanor Harley, Elizabeth Greene, Bet-  
ty Holmes. Race for boys under  
thirteen—Jack Holmes, George Tam-  
bling, Pearson Greene. Race for girls  
under thirteen—Jean Tambling, Mar-  
gery Dolan, Louise Skev. Ladies'  
shoe race—Mrs. Egelton, Mrs. Part-  
ridge, Mrs. W. E. Greene. Biscuits  
and whistle race—George Tambling,  
jun., Emerson Nichols, George Cop-  
land. Mother and daughter race—  
Mrs. Holmes, Mrs. Tambling and  
Mrs. W. E. Greene.

**MAJOR SUGGESTS  
CENTRAL STATION  
FOR ALL BUS LINES**

Board of Works Appoints  
Committee To Secure  
Suitable Site.

BUY AIR COMPRESSOR

That there should be a central  
terminal for all the bus and truck  
transport lines running into Lon-  
don was the suggestion of Mr.  
Wenigo at last night's meeting of  
the board of works.

"The general public," he stated, "is  
without definite knowledge of where  
these buses start from or what is  
their time table, and if the city had  
some central rooms from which all  
the buses and motor transports  
would be compelled to start, it would  
be to the mutual advantage of both  
operator and passenger."

The idea appealed strongly to the  
board, and it appointed Aldermen  
Hayden and May as a committee to  
find a suitable site for the proposed  
station and to report back to the board.

The board also decided to build a  
sidewalk on the north side of  
Beaconsfield avenue from the existing  
walk to the Wharfedale road.

Every year the city has a large  
amount of heavy work, such as break-  
ing up cement curbing and stiff, clay  
soil, and in view of the time taken  
in this work, and because it was  
such a slow process, the city en-  
gineer asked the board to consider  
the purchase of a portable air com-  
pressor. He stated that a 90-foot  
machine would be adequate for all the  
work of the city, and that being  
charged to the department and to the  
cost of the machine done by it, would

**STANDING RECENT REPORTS TO THE CON-  
TRARY.**

"We are proceeding under the pen-  
salty clause of bylaw 316," the city  
engineer relates, "and our action is  
perfectly legitimate. The method of  
collection of the street railway's  
share of the cost is more a matter of  
detail."

**Call for CARTER'S  
CICO**  
The Liquid Paste  
ALWAYS READY
