Amatite
ROOFING
Needs No Painting

MOST ready roofings require special painting and coating, and unless this is done regularly, you are sure to have leaks and trouble right along.

If you use Amatite, nothing of the sort is required. You will have real roof protection without painting of any kind.

Amatite is made to stay waterproof and give protection year after year, without any thought or care on your part.

First—Because it is waterproofed with Coal Tar Pitch.

Second—Because it has a real Mineral Surface.

Amatite, owing to these features, is the most economical roofing made. Its first cost is low, and you are saved all future expense for repairs or paint because it will need neither.

If you haven't seen Amatite, write for a sample today. From it you will very quickly understand why it doesn't require painting; why it does not leak; and why it saves you money.

LOCAL AND GENERAL NEWS.

FINE AND COOL.
The weather continues fine and cool. Not much progress has yet been made with gardening or farming.

ST. ANDREW'S SERVICES.
There will be services in St. Andrew's Church at both services on Sunday Rev. C. A. Hardy will occupy the pulpit.

COLONIAL STOCK COMPANY.
Tickets will be on sale for the Colonial Stock Company on Saturday at the usual places. On Monday night this company is playing this week in Bathurst and will arrive here Sunday morning.

NO PAPER TUESDAY.
The Graphic will not be issued on Tuesday as it is a public holiday. It has not been the custom of the Graphic to miss an issue because of a public holiday, but on account of Friday being a holiday and consequently putting us behind in our work, we have made an exception in this case so that our entire staff can enjoy the holiday. On Friday we will issue a larger paper than usual to make up for the omission.

MILD SMALLPOX.
Three cases of smallpox of a very mild nature were discovered in town Wednesday. Two of the patients had been in the city for some time but were about to be about. It was not until the servant was taken ill that a doctor was called and the nature of the disease discovered. Prompt measures were taken and all three patients removed to the isolation hospital.

SOME GOOD SAMPLES.
For some time Mr. John Nelson has been investigating the mining property of the Thompsons, which is by Campbellton parties. On Tuesday evening he returned from the mine, bringing with him a number of very fine specimens of ore bearing quartz. These contained lead, silver and gold and have been forwarded to Ottawa for assay. The owners of this property have every confidence in the mine and more work would have been done before this but for the fact that it is a very difficult matter to transport supplies to the mine and bring out the ore.

THE DEVIL AND THE COMET.
Wednesday morning the Graphic's printer's devil heard with fear and trembling, members of the staff discussing the probability of a collision between the earth and the comet. According to their conversation this dire calamity was to transpire at 11:30. All the morning he was restless and at eleven o'clock he was noticed to put on his hat and coat and slip out back door. After a half hour's absence the foreman became anxious and proceeded to look him up. His Satan's Majesty had proceeded to the river, where he was seated on the wharf, calmly awaiting the end of time, with a little effort he was prevailed upon to return to work.

Why Insurance?
Have you ever considered "Painting" from the standpoint of an insurance policy?
The premium represented by the cost of painting is in proportion to the importance of the security afforded, no higher than other insurance; in fact it is considerably smaller, and soon becomes a minus quantity.
Why Fire Insurance—Tornado Insurance—Lightning-rods? They only protect when that which you wish to avert, happens.
Martin-Senour Paint 100% Pure
affords the utmost protection, insures your property, beginning with its application. It wards off the sun dogs of Old Sol, the rips of Old Jack Frost—the ravages of Old Father Time.
Prevents dry rot—checks deterioration. No safer, surer or more reliable insurance could be offered.
If your dealer cannot supply you, notify us and we will gladly direct you to where our paints are to be had.
