COMPLIMENTS FOR CANADA.
London, Nov. 2.—Much that was complimentary of Canada's hospitality was said at the luncheon today by the Empire Press Union to Lord Burnham, president of the Imperial Press Conference which toured Canada recently.
Lord Burnham also said that Canada wanted British news in Canadian papers from the British viewpoint and that the British wanted almost as much Canadian news in the British press from the Canadian viewpoint.

ALWAYS SAYS
GRACE AT MEALS

London Restaurant Has Unique Eating House, Heart of City.

In a small restaurant in Bird-in-Hand court, Cheapside, in the heart of London city, where a fish ordinary is served as it was served in 1793, grace is always said before the meal commences.

A courtly old man of 86 receives the customer at the door and punctually at 1 o'clock he "takes the chair." When everyone is seated this white bearded old man, Henry Shelton, rises from his seat, raps on the table and says quietly, "Ladies and gentlemen, grace please." Then those in silence bow his head reverently and add: "For what we are about to receive may the Lord make us truly thankful."

When everyone is served (he carves the three courses of fish himself) he looks down gravely from his high-backed oaken chair and if one has the honor of knowing him he will raise his glass and drink with you.

At the conclusion of the meal he raps the table again; and says: "Ladies and gentlemen grace please. For what we have received may the Lord make us truly thankful."

Every day for 24 years he presided over this meal table and it is claimed that this is the only restaurant in London where grace is said before and after meals.

BASKET SOCIAL AND TEA.
The Ladies Aid of Tide Head will hold a Basket Social and Tea in the Hall on Tuesday evening, November 9th, in aid of the Soldiers' Memorial Hospital.

STILL GROUCH.
The editor of the Tribune still has his grouch. We would recommend that he take two weeks off and go somewhere where he would be "near to nature" and alone and leave his favored beverage at home, taking not even two per cent beer. If he could find congenial companions for the trip we are sure he would return with more kindly thoughts for his fellow citizens.

BIG REDUCION IN
LUMBER CUT

Will Only be About Fifty Per Cent. of Last Year's.

The quantity of lumber cut in New Brunswick during the coming winter will be less than fifty per cent of this year's amount. The principal reason for this is the fact that the lumbermen who have been in Fredericton the past few days.

On the North Shore, it is said reductions are even greater than elsewhere and the curtailment will result in the cut not amounting to but little more than one third in some cases of this year's output according to lumbermen who have been in Fredericton the past few days.

After the banquet the company returned to the lodge room where speeches and stories were the order until an early hour Tuesday morning. The visitors all expressed themselves as delighted with their entertainment.
