While engaged in filling a silo on the farm of Albert Goodie near Wyoming, on Saturday, the cutting box flew to pieces, sending portions of broken blades in every direction. No one was injured.

An example of brevity is the will of Donald McAlpine, formerly an undertaker at Glencoe, who takes just 18 words to give an estate of \$9,645 to his wife, Mrs. Mary McAlpine. The will is as follows: "I give, devise and bequeath all my said real and personal estate to my wife, Mary McAlpine absolutely."

While working on his car in the Sarnia Garage on Thursday night, Mr. J. E. Armstrong, M.P., had the misfortune to fall down a cement pit in the floor, severely twisting the cords in his left leg. His injuries were attended to by Dr. Logie and after several days spent in recuperating he again is able to attend to his duties.—Petrolia Topic.

Archie Taylor, aged 55, a bachelor farmer, died very suddenly at his home at Aberarder early on Sunday morning from the effect of a stroke. He had been plowing all day on the previous day, Saturday, and retired apparently in his usual health. About 4 o'clock on Sunday morning his sister heard him moaning, but when she reached him he was dead.

A young daughter of Mr. and Mrs. John Hampton, of Sarnia, was quite badly injured by the explosion of a railroad torpedo on the tracks of the street railway. The child with her parents was standing in front of the Bertram store, waiting for a car up town. Just as they stepped out to board the car the torpedo exploded, hurling the child to the ground. She received a deep gash on the side of her head and her ear was torn, besides other injuries. She was picked up and carried into the store.

Newspaper Laws

1.—A postmaster is required to give notice by letter. Returning the newspaper does not answer the law, when a subscriber does not take his newspaper out of the office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2.—If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3.—Any person who takes a paper out of the post office, whether directed to his name or not, or whether he has subscribed or not, is responsible for the payment.

4.—If a subscriber orders his paper stopped and the publisher continues to send, the subscriber is bound to pay for it if he takes it out of the post office. This proceeds upon the ground that a man must pay for what he uses.

War Summary

Oct. 6.—"On our left wing the struggle is in full swing," an announcement in the official bulletin, issued by the French Field Marshal, epitomizes the situation in the field of battle in northern France, for it is at this point that the real struggle for supremacy is being fought out.

Field Marshal French's men have evidently been in close action again for in the region of Soissons, on which rests the western end of the British line, some of the German trenches have been captured.

The Belgians claim to have resisted the German attacks on the fortresses around Antwerp, although Berlin officially reports the destruction of several of the forts, as well as satisfactory progress on the main front.

In the battle of Augustowo, in Russian Poland, victory is claimed for the Russian arms, the official communication from Petrograd declaring that the German defeat is complete.

Ottawa, Oct. 6.—With 33,000 troops on the Atlantic, Canada will at once commence raising another expeditionary army of 22,000 men. Sir Robert Borden, Premier of Canada, made this announcement tonight.

The Russians are now spreading out over the plains of Hungary after crossing the Carpathians. The invasion of the Province of Transylvania is of importance chiefly in the influence it may have upon the three million Roumanians there, who have felt Austria's rule galling.

The official statement from Paris yesterday announced that large forces of the German cavalry and infantry are making a movement to the north of the Tourcoing-Armentieres line, which means that a considerable force has passed between Lille and the English Channel, about 38 miles away, and is advancing southwestward along the Lys River. This force is the German reply to the outflanking of their line near Douai.

The Russian victories at Augustowo and Drusseniki have not only resulted in forcing the Germans back to their own border again but has enabled the Russians to begin their second invasion of East Prussia.

Ottawa, Oct. 6.—The Canadian minister of militia, Col. Sam Hughes, left tonight for New York from where he will sail on Wednesday for Europe to receive the Canadian force and hand them over to the British war office and to General Alderson, who has been appointed to command them.

London, Oct. 7.—Submarine E-9 of the British navy, under command of Lieutenant-Commander Max. K. Horton, yesterday made another raid into German waters off the mouth of the River Ems, and succeeded in sinking a German torpedo boat destroyer. It was this same submarine, under the same commander, which made a similar dash and sank the German cruiser Hela, off Heligoland, on September 3. As on the former occasion the former occasion the E-9 has safely returned to her home port.

The official press bureau, at 8 o'clock this evening, issued the following statement: "North of the Oise and at Lens there is hard fighting. Elsewhere a slight advance or retreat varies. Throughout the line the reports are generally satisfactory. The French army is fighting with the greatest dash and bravery. The Germans attacking Antwerp have pushed forward their positions against considerable resistance by the garrison."

Paris, Oct. 7, 11.25 p.m.—The official communication issued by the French war department to-night says:—"Except on the two right wings, where the German attacks have been repulsed, there has been nearly complete calm along the front. "On our left wing the German cavalry has been held in check; to the north of Lille it has been driven back. "Between Chaulnes and Roye the ground previously ceded has been regained. "On the center we have made

an advance on certain points. "There is nothing to report on our right wing."
