a cotton famine, which meant enforced dleness for many a mill employee. At one time Market Street, the main hester, wasknown congested street in Eurhas lost this disit has been widened considerably, along with a number of for Boston on the 29th of May; other streets which needed to be more spacious. The houses are usually of brick, which is made close at hand, the public buildings are of has been said of this city stone. ink and its skies that its river runs Cox. The smoke-blackened edirain soot. fices would almost induce one to give credence to the latter imputation. As for the former, through the chan- Spinney. nel of the Irwell and fts tributaries flows water of a blackness that is almost uncanny. Outside of the city, the Irwell, which is the chief river, disof natural beauties, plays a number the factories and warebut within houses and the refuse from dye works her aunt, Mrs Frank Stout. have effectively marred its loveliness. The Irk, its smallest tributary, is so overarched by streets and buildings that it is very hard to trace its course a mere dirty ditch. In olden days the manor. Here the burresses were compelled to bring their n question might be enriched by the toll paid. Near by was the lord's oven, where the people were forced to have heir bread baked, also that his coffers might be swelled. Yet, in spite of all that has been said to its disadvantage, Manchester is not such a bad-locking place for such an mergetic city which has so much to do sides looking after its appearance father

There is an especially fine town hall which is probably the largest municipal building in the world. It covers 3,000 square yards and contains 250 Everet', expects to start in a few days for the 15th inst. From the top of its lofty tower can be obtained a splendid view of the wide stretch of breezy moor-

lands round about, bounded in the

distance by the hills of Derbyshire.

than you can get with other paint:

Longer Protection, because B-H "English" is primarily an endurance paint and will successfully withstand the effects of weather longer than others;

Greater Economy, because you will not have to repaint nearly as soon as with other paints; and

Greater Satisfaction, because B-H Paints retain their beauty and weather resistance for years.

The Reason, for this is that all B-H "English" Paints that can be made on a white base contain

70% Brandram's B. B. Genuine White Lead 30% Pure White Zinc. A combination that produces paints unexcelled in

covering capacity, beauty, brilliancy and durability. This formula is positively guaranteed by the makers."

CROWE & MUNDE BRIDGETOWN, N. S.

The new Columbia General Catalog is just off the press. It is a veritable encyclopedia for owners of standard dise talking machineswhether Columbia or Victor.

Listed in its 428 pages are thousands of examples of every form and type of music from the ever-enduring music of the opera to the popular song hits of the day. Portraits of the world's greatest musical artists are interspersed throughout the catalog, together with interesting biographical sketches.

We want you to own a copy of this valuable catalog. Simply fill out this coupon and a copy will be sent FREE by return mail.
